Poverty And The Critical Security Agenda:

Poverty and the Critical Security Agenda Pauline Eadie, 2017-11-30 Poverty and the Critical Security Agenda argues that poverty should be a central concern of security studies and critiques existing methodological approaches to poverty and well being Using the Philippines as a case study this book is critical of approaches to poverty that portray the poor as passive objects as opposed to dynamic actors With this in mind the relationship between poverty and democracy as a means to facilitating human security is central Poverty acts as a major behavioural force in international relations not least for the state and therefore merits increased visibility within the research agenda This text is highly relevant for courses on international relations methodology and critical theory development studies security studies and international political economy

Critical Security Studies Columba Peoples, Nick Vaughan-Williams, 2020-11-29 This textbook introduces students to the sub field of critical security studies through a detailed yet accessible survey of emerging theories and practices This third edition contains two new chapters on Ontological security and In Security and the everyday and has been fully revised and updated Written in an accessible and clear manner Critical Security Studies offers a comprehensive and up to date introduction to critical security studies locates critical security studies within the broader context of social and political theory evaluates fundamental theoretical positions in critical security studies against a backdrop of new security challenges The book is divided into two main parts Part I Approaches surveys the newly extended and contested theoretical terrain of critical security studies constructivist theories Critical Theory feminist and gender approaches postcolonial perspectives poststructuralism and International Political Sociology Ontological security and securitisation theory Part II Issues examines how these various theoretical approaches have been put to work in critical considerations of environmental and planetary security health human security and development information technology and warfare migration and border security in security and the everyday and terror risk and resilience The historical and geographical scope of the book is deliberately broad and each of the chapters in Part II concretely illustrates one or more of the approaches discussed in Part I with clear internal referencing allowing the text to act as a holistic learning tool for students This book is essential reading for upper level students of critical security studies and an important resource for students of international global security political theory and international relations

Critical Perspectives on Human Security David Chandler, Nik Hynek, 2010-09-13 This new book presents critical approaches towards Human Security which has become one of the key areas for policy and academic debate within Security Studies and IR The Human Security paradigm has had considerable significance for academics policy makers and practitioners Under the rubric of Human Security security policy practices seem to have transformed their goals and approaches re prioritising economic and social welfare issues that were marginal to the state based geo political rivalries of the Cold War era Human Security has reflected and reinforced the reconceptualisation of international security both broadening and deepening it and in so doing it has helped extend and

shape the space within which security concerns inform international policy practices However in its wider use Human Security has become an amorphous and unclear political concept seen by some as progressive and radical and by others as tainted by association with the imposition of neo liberal practices and values on non Western spaces or as legitimizing attacks on Iraq and Afghanistan This book is concerned with critical perspectives towards Human Security highlighting some of the tensions which can emerge between critical perspectives which discursively radicalise Human Security within frameworks of emancipatory possibility and those which attempt to deconstruct Human Security within the framework of an externally imposed attempt to regulate and order the globe on behalf of hegemonic power The chapters gathered in this edited collection represent a range of critical approaches which bring together alternative understandings of human security This book will be of great interest to students of human security studies and critical security studies war and conflict studies and international relations

Critical Approaches to Security Laura J. Shepherd, 2013 Focusing on critical approaches to security this new textbook offers readers both an overview of the key theoretical perspectives and a variety of methodological techniques With a careful explication of core concepts in each chapter and an introduction that traces the development of critical approaches to security this textbook will encourage all those who engage with it to develop a curiosity about the study and practices of security politics Challenging the assumptions of conventional theories and approaches unsettling that which was previously taken for granted these are among the ways in which such a curiosity works Through its attention to the fact that and the ways in which security matters in global politics this work will both pioneer new ways of studying security and acknowledge the noteworthy scholarship without which it could not have been thought This textbook will be essential reading to advanced undergraduate and postgraduate students of critical security studies and highly recommended to students of traditional security studies International Relations and Politics

Critical Security Studies: Concepts and Cases Keith Krause, 2005 *Critical Theories in International Relations* Tayyar Ari, 2023-04-04 This edited book focuses primarily on contemporary debates and the critical and postmodern theories to be considered a significant contribution to the field This book shows that critical international relations theories which are incomprehensible and challenging are easy and understandable The book analyzes the Frankfurt School constructivism post colonialism feminism critical geopolitics political economy Copenhagen School Aberystwyth School Paris School and Ontological security Critical Theories in International Relations argues that neither identity nor security can be considered a fixed and objective issue can change according to time and space and depend on historical and sociological factors Nothing is given for critical approaches and they are produced and reproduced in ever changing conditions that lead to new truths and meanings These are the results of reflexive and non linear interactions In this context it is made pedagogically understandable to the readers within this framework

GLOBAL SECURITY AND INTERNATIONAL POLITICAL ECONOMY - Volume I P. Bilgin, P. D. Williams, M. Sekiguchi, J. K. Galbraith, S. T. Inayatullah, J. Wiener, R. A. Schrire, I. L. Murphy, 2010-09-19 Global Security and

State, Security, and Cyberwar Thangjam K. Singh, Sanjay K. Jha, 2025-08-08 This book examines the complex interactions amongst states and security apparatuses in the contemporary global order and the prospect of peace with the emergence of cyberwarfare Analysing why states consider cyberspace as a matter of security and strategic concerns it looks forward to a possible foundation of cyberpeace in the international system It examines the idea of cyber territory population governance and sovereignty along with that of nation states referring to great middle and small powers The book explores the strategic and security aspects of cyberspace along with the rational behaviours of states in the domain It explains the militarisation and weaponisation of cyber technologies for strategic purpose and traces the progression of cyber war and its impact on global stability The last section of the book examines the possibility of building peace in the cyber domain with the endeavours of the international community to safeguard cyber sovereignty and promote stability in the digital sphere It also discusses India's position on digital security cyberwarfare and the pursuit of cyberpeace The book offers valuable insights for students researchers practitioners stakeholders working in and on military and strategic affairs peace and conflict studies and global politics as well as interested general readers

Handbook of Critical International Relations Steven C. Roach, 2020-02-28 Comprising a plurality of perspectives this timely Handbook is an essential resource for understanding past and current challenges to democracy justice social and gender equality identity and freedom It shows how critical international relations IR theory functions as a broad based and diverse critique of society

Understanding International Politics Megan Dee, 2024-03-07 How did today's international systems emerge and how are they shaped by war unequal development and international cooperation How do individuals firms international organisations and nation states operate within these systems How can st

Critical Perspectives on National Security Strategies in Nigeria Anthony O. Chukwu, Caroline Obiageli, Nafisatu Dahiru Muhammad, 2023-05-10 This book explores the varied ways in which Nigeria needs to undergird her national security and sustainable strategies with critical thinking perspectives and principles

With insecurity in one way or another present in most if not all of Nigeria this volume brings together military professionals and civilian scholars to present their shared understanding in order to answer an age old question Whither Nigeria s national security and strategy The book is relevant to political leaders policy makers and scholars with diverse interests around sustainable strategies within security services Ultimately it will foster debate and constructively addresses various issues ranging from social political cultural historical economic military and intellectual strategies

Evaluation of the Zimbabwe Livelihoods and Food Security Programme Food and Agriculture Organization of the United Nations,2022-06-24 This report presents the results of the evaluation of the Zimbabwe Livelihoods and Food Security Programme LFSP GCP ZIM 025 UK implemented by the Food and Agriculture Organization of the United Nations FAO between 2013 and 2021 The programme sought to contribute to poverty reduction by actively addressing the specific constraints that smallholder farmers particularly women faced in raising the productivity of their farms and participating in markets

Security Lee Jarvis,Jack Holland,2014-12-12 This major new text provides an accessible yet intellectually rigorous introduction to contemporary Security Studies It focuses on eight fundamental debates relating to international security integrating a wide range of empirical issues and theoretical approaches within its critical interrogation of these An accessible yet intellectually rigorous overview of contemporary Security Studies serving as the perfect introduction to the latest research on security discourses threats and technologies

A Critical Humanitarian Intervention Approach K. Butler,2011-05-25 A Critical Humanitarian Intervention Approach explores ways of reconceptualising security in terms of Ken Booth s Theory of World Security This approach focusing on human development more broadly can improve upon the theoretical and practical limitations of solidarist theories on the subject of humanitarian intervention

National Security, Good Governance & Democracy in Africa Dr. Dan Mou,2016-01-29 This book demonstrates that national security and good governance are opposite sides of the same coin As good governance improves national security also improves in that challenges to national security become lesser and lesser in such a society It concludes that for most of Africa this is not happening fast enough Thus creating fertile grounds for their citizens especially the youths to resort to self help measures some of which include violence and militancy These have further complicated the issues of national security good governance and democracy in Africa Praise for the Book This book is a must read Dr Dan Mou a world class trained political scientist who has served at various ministries and parastatals in Nigeria before retirement has made stunning revelations Lead Times Africa Magazine Dr Dan Mou a varsity don and seasoned civil servant who spent over two decades working in Nigerias Presidency provides deep insights in this book into the intractable security situation in Nigeria and Africa He also x rays economic policies among other issues Daily Trust Having successfully designed and masterminded many workable national schemes in the past in Nigeria like the memoranda that led to the establishment of the Economic and Financial Crimes Commission EFCC Ministry of Niger Delta Affairs Amnesty Programme for the Niger Delta Region to mention just a few Dr

Dan Mou in this book has proposed permanent solutions it is no fallacy to say that no one else could have done it better Dr O W Bashorun Provost College of Education Lagos Nigeria

Theory of World Security Ken Booth,2007-12-20 What is real What can we know How might we act This book sets out to answer these fundamental philosophical questions in a radical and original theory of security for our times Arguing that the concept of security in world politics has long been imprisoned by conservative thinking Ken Booth explores security as a precious instrumental value which gives individuals and groups the opportunity to pursue the invention of humanity rather than live determined and diminished lives Booth suggests that human society globally is facing a set of converging historical crises He looks to critical social theory and radical international theory to develop a comprehensive framework for understanding the historical challenges facing global business as usual and for planning to reconstruct a more cosmopolitan future Theory of World Security is a challenge both to well established ways of thinking about security and alternative approaches within critical security studies

Ethics, Diversity, and World Politics John Williams,2015-04-09 Ethics Diversity and World Politics argues for the importance of the diversity of human ethical systems in world politics defending the vitality of a pluralist position in debates about how to ethically assess and respond to political challenges Rooted in the English School tradition of international relations theory the book offers the first fundamental reformulation of the traditional pluralism that fails to offer a persuasive defence of the normative desirability of ethical diversity in human affairs resulting in a pluralist ethic that is statist conservative and unable to engage effectively with contemporary world politics The book develops an alternative account of revived pluralism rooted in a defence of the normative desirability of ethical diversity that draws upon political philosophy political theory and sociology to establish a far more rigorous methodological basis for a pluralist position whilst also enabling assessment of the limits of defensible diversity
