Britain that we can actually build a future worth fighting for Updated with a new Preface Pretty cool Alastair Campbell Refreshingly optimistic The Times A dose of Torstenomics is the only thing that can give us hope Amol Rajan Spiced with wit masterful fact packed Polly Toynbee Minimum Wage Policy in Great Britain and the United States Jerold L. Waltman,2008 Describes and analyses the operation of current minimum wage policies and politics in the United Kingdom and the USA Traces the origins history and development of minimum wages in the two countries Argues that what most influences the minimum wage in both countries is the degree to which it is integrated in the political vision of how the state should assist the poor *Poverty, Inequality and the Crisis of Social Policy* Katherine McFate,1991 **The Measure of Poverty: A review of the definition and measurement of poverty, pt. 1. Summary review paper, pt. 2. Annotated bibliography** ,1976 *The Great Famine in Ireland and Britain's Financial Crisis* Charles Read,2022 Rich in archival detail and offering a ground breaking analysis this book presents a radically new interpretation of British politics and policy failings during the Great Famine The Irish famine of the 1840s is the biggest humanitarian crisis in the United Kingdom s history Within six years of the arrival of the potato blight in Ireland in 1845 more than a quarter of its residents had unexpectedly died or emigrated Its population has not yet fully recovered since Historians have struggled to explain why the British government decided to shut down its centrally organised relief efforts in 1847 long before the famine ended Some have blamed the laissez faire attitudes of the time for an inadequate response by the British government others have alleged purposeful neglect and genocide In contrast *The Great Famine in Ireland and Britain s Financial Crisis* uncovers a hidden narrative of the crisis which links policy failure in Ireland to financial and political instability in Great Britain More important than a laissez faire ideology in hindering relief efforts for Ireland were the British government s lack of a Parliamentary majority from 1846 the financial crises of 1847 and a battle of ideas over monetary policy between proponents and opponents of financial orthodoxy The high death toll in Ireland resulted from the British government s plans for intervention going awry rather than being prematurely cancelled because of laissez faire This book is essential reading for scholars students and anyone interested in Anglo Irish relations the history of financial crises and famines and why humanitarian relief efforts can go wrong even with good intentions **Research Handbook on Measuring Poverty and Deprivation** Jacques Silber,2023-03-02 Encompassing chapters that address both unidimensional and multidimensional poverty this timely Research Handbook explores all aspects of poverty and deprivation measurement not only detailing broad issues but also scrutinising specific domains and aspects of poverty such as health energy and housing Its succinct and highly focussed chapters written by a diverse range of authors employ a combination of theoretical and empirical methodologies to offer well rounded explorations of complex topics **Global Labour in Distress, Volume II** Pedro Goulart,Raul Ramos,Gianluca Ferrittu,2023-01-01 This book the second of two volumes explores the transformations to the labour market observed since the official end of the Cold War in 1991 This period is defined by the retreat of the state and a move towards more market

based economies followed by a State comeback with the Great Recession These bumpy decades for labour and changing labour policies are analysed thematically The second volume focuses on labour earnings and inequality underemployment in decent work and labour market policies This book aims to examine how labour institutions both in developed and developing countries have responded to the challenges faced over the last 30 years It will be relevant to students and researchers interested in labour economics political economy and development economics **Inequalities in Health** David
