## Poverty Views From The Left:

*Poverty; Views from the Left* Jeremy Larner, Irving Howe, 1968      *Poverty* Jeremy Larner, Irving Howe, 1968      **The "Underclass" Debate** Michael B. Katz, 2018-06-05 Do ominous reports of an emerging underclass reveal an unprecedented crisis in American society Or are social commentators simply rediscovering the tragedy of recurring urban poverty as they seem to do every few decades Although social scientists and members of the public make frequent assumptions about these questions they have little information about the crucial differences between past and present By providing a badly needed historical context these essays reframe today s underclass debate Realizing that labels of social pathology echo fruitless distinctions between the deserving and undeserving poor the contributors focus not on individual and family behavior but on a complex set of processes that have been at work over a long period degrading the inner cities and inevitably the nation as a whole How do individuals among the urban poor manage to survive How have they created a dissident infrapolitics How have social relations within the urban ghettos changed What has been the effect of industrial restructuring on poverty Besides exploring these questions the contributors discuss the influence of African traditions on the family patterns of African Americans the origins of institutions that serve the urban poor the reasons for the crisis in urban education the achievements and limits of the War on Poverty and the role of income transfers earnings and the contributions of family members in overcoming poverty The message of the essays is clear Americans will flourish or fail together      **Poverty** Irving Howe, Jeremy Larner, 1962      *Losing Ground (10th Anniversary Edition)* Charles Murray, 2008-08-04 This classic book serves as a starting point for any serious discussion of welfare reform Losing Ground argues that the ambitious social programs of the 1960s and 1970s actually made matters worse for its supposed beneficiaries the poor and minorities Charles Murray startled readers by recommending that we abolish welfare reform but his position launched a debate culminating in President Clinton s proposal to end welfare as we know it      *The American Working Class* Irving Louis Horowitz, John Carl Leggett, Martin Oppenheimer, 1979-01-01 The study of continuities and discontinuities in American working class life represents a central concern in the literature on stratification and equality This book based on a 1975 Ford Foundation conference and updated to take into account the most recent developments offers a sobering appraisal of the American working class revealing the continuing gap between organized and unorganized workers despite the huge increase in the work force the emergence of subclass structures between factory workers at one end and workers engaged in marginal occupations at the other and the durability of pluralistic multiclass politics within this large and amorphous working class The volume is unique for several reasons it focuses directly on the role of women in the labor force ethnic and racial divisions within the working class and the place of organized labor in international affairs *The American Working Class Today* offers a penetrating and wide ranging examination by leading social and political researchers of a range of problems from how data are collected and manipulated to what the future holds for American workers Contents and Contributors THE THEORY OF

AN AMERICAN WORKING CLASS John H M Laslett S M Miller Martha Bush Irving Louis Horowitz CLEAVAGES AND CHANGES WITHIN THE WORKING CLASS Edna Bonacich Gabriel Kolko Edna E Raphael Robert Bibb Martin Oppenheimer Frank Riessman John C Leggett THE WORKING CLASS IN AN INTERNATIONAL CONTEXT Henry Berger William H Form Helen Icken Safa Elizabeth Jelin

**Race and the Making of American Liberalism** Carol A. Horton, 2005-09-08 Race and the Making of American Liberalism traces the roots of the contemporary crisis of progressive liberalism deep into the nation s racial past Horton argues that the contemporary conservative claim that the American liberal tradition has been rooted in a color blind conception of individual rights is inaccurate and misleading In contrast American liberalism has alternatively served both to support and oppose racial hierarchy as well as socioeconomic inequality more broadly Racial politics in the United States have repeatedly made it exceedingly difficult to establish powerful constituencies that understand socioeconomic equity as vital to American democracy and aspire to limit gross disparities of wealth power and status Revitalizing such equalitarian conceptions of American liberalism Horton suggests will require developing new forms of racial and class identity that support rather than sabotage this fundamental political commitment

Investigated Reporting Chad Raphael, 2005-09-15 Investigated Reporting is Chad Raphael s ambitious exploration of the relationship between journalism and regulation during American television s first sustained period of muckraking between 1960 and 1975 Offering new and important insights into the economic political and industrial forces that shaped documentaries such as Harvest of Shame Hunger in America and Banks and the Poor Raphael puts investigative television documentary into its institutional regulatory and cultural context Those who see investigative reporting as a watchdog on government will be surprised to find that these controversial reports relied heavily on official sources for inspiration information and regulatory protection from muckraking s critics Based on superb historical research using primary sources including recently opened papers from the Nixon White House Raphael exposes the complex play of

influence through which investigative documentaries were both shaped and attacked by government officials and highlights the troubling legacy for contemporary regulation of television news Chad Raphael is an associate professor of communication at Santa Clara University A volume in The History of Communication series edited by Robert W McChesney and John C Nerone

**Contemporary Community** Jacqueline Scherer, 2013-07-04 Tavistock Press was established as a co operative venture between the Tavistock Institute and Routledge Kegan Paul RKP in the 1950s to produce a series of major contributions across the social sciences This volume is part of a 2001 reissue of a selection of those important works which have since gone out of print or are difficult to locate Published by Routledge 112 volumes in total are being brought together under the name The International Behavioural and Social Sciences Library Classics from the Tavistock

*Harvard Guide to American History* Frank Freidel, Frank Burt Freidel, Richard K. Showman, 1974 Editions for 1954 and 1967 by O Handlin and others

**New Left Revisited** John Campbell McMillian, Paul Buhle, 2008 Starting with the premise that it is possible to say something significantly new about the 1960s and the New Left the contributors to this volume trace the social roots the various paths and the legacies of the movement that set out to change America As members of a younger generation of scholars none of them apart from Paul Buhle has first hand knowledge of the era Their perspective as non participants enables them to offer fresh interpretations of the regional and ideological differences that have been obscured in the standard histories and memoirs of the period Reflecting the diversity of goals the clashes of opinions and the tumult of the time these essays will engage seasoned scholars as well as students of the 60s

**Advocacy Journalists** Edd Applegate, 2009-05-11 In all likelihood advocacy journalism is the oldest form of reportage It appears frequently whenever journalists desire to advocate their beliefs or ideas about major political or social problems In *Advocacy Journalists A Biographical Dictionary of Writers and Editors* Edd Applegate identifies the most notable figures in this field Each entry contains biographical information about a writer or editor who either wrote advocacy journalism or edited one or more publications that featured such material Entries consist of discussions of the journalists lives professional careers major works and in some cases commentary on those works Among those profiled here are such notables as Ambrose Bierce William F Buckley Jr Eldridge Cleaver Daniel Defoe Germaine Greer Pete Hamill Karl Marx H L Mencken George Orwell Thomas Paine Wilfrid Sheed Gloria Steinem and Jonathan Swift Unlike other books that focus on the form of advocacy journalism itself or how and why it developed this book focuses on the lives of journalists and editors and their contributions to advocacy journalism For scholars teachers and students of journalism along with general readers who wish to discover more about advocacy journalism this volume is an important and accessible resource

**What's Left Now?** Andrew Hindmoor, 2018 An unexpected story of how Britain has and has not changed how things might not be as bad as we routinely think they are and how we really do need to pause before saying sweeping things about neoliberalism

**E.P. Thompson and the Making of the New Left** E. P. P. Thompson, 2014-07-18 E P Thompson is a towering figure in the field of labor history

best known for his monumental and path breaking work *The Making of the English Working Class* But as this collection shows Thompson was much more than a historian he was a dedicated educator of workers a brilliant polemicist a skilled political theorist and a tireless agitator for peace against nuclear weapons and for a rebirth of the socialist project The essays in this book many of which are either out of print or difficult to obtain were written between 1955 and 1963 during one of the most fertile periods of Thompson's intellectual and political life when he wrote his two great works *The Making of the English Working Class* and *William Morris Romantic to Revolutionary* They reveal Thompson's insistence on the vitality of a humanistic and democratic socialism along with the value of utopian thinking in radical politics Throughout Thompson struggles to open a space independent of official Communist Parties and reformist Social Democratic Parties opposing them with a vision of socialism built from the bottom up Editor Cal Winslow who studied with Thompson provides context for the essays in a detailed introduction and reminds us why this eloquent and inspiring voice remains so relevant to us today

**American Left** Rhodri Jeffreys-Jones, 2013-10-25 No detailed description available for *The American Left*

**Fan Culture in European Football and the Influence of Left Wing Ideology** Peter Kennedy, David Kennedy, 2017-02-03 This book explores the tradition of left wing political thinking in the culture of fans of professional football in Europe It sets out to chronicle and celebrate the fraternal communal and radical tradition of football seen to best effect in demands for democratic fan ownership and control of clubs in fan campaigns against racist and fascist mobilisation of football supporters and in a firm commitment to anti corporatism Drawing on the rich and varied traditions of fan cultures across Europe the book examines how football as a cultural form carries with it the possibility of promoting the voices of the disenfranchised and the marginalised and so the basis for nurturing solidarity against oppression alienation and exploitation current in modern capitalist society This book was published as a special issue of *Soccer and Society*

**God's Good Economy** Andrew Hartropp, 2019-08-15 The earth is the Lord's Ps 24:1 God states that He is the rightful owner of the earth and everything in it God wants people to enjoy material things but God must be the centre of our lives Christ's radical call to his followers includes the call to let him drive our economic and business life This means letting God's justice rule all our economic relationships treating people rightly a constant seeking of justice for especially the poor and needy working so that all participate in God's blessings including material blessings In Part 1 Andrew Hartropp looks at how Christ's followers are to do justice in our economic relationships as individuals as households in the workplace and as church communities Then moving outward in concentric circles Part 2 shows how Jesus's disciples can do justice in and through secular institutions including companies and firms banks and other financial institutions then government institutions and then in the international global context The epilogue is on the glorious vision of God's everlasting kingdom which both drives us and also keeps our efforts now in proper perspective

**Reinventing the Left in the Global South** Richard Sandbrook, 2014-08-07 This book offers a fresh appraisal of the nature and significance of the democratic Left in the Global South The moral and

intellectual leadership of the Left is shifting south from its European birthplace. It is in the Global South most notably in Latin America that one finds newly self-confident progressive movements. This new democratic Left includes parties and social movements that not only are avoiding the familiar pitfalls that ensnared socialists and social democrats in the twentieth century but also are coping with the realities of the twenty-first century especially neoliberal globalization. In analyzing and illustrating three innovative strategies moderate social democracy radical social democratic transition to socialism and Left populism this study nudges the debate about the Left out of the well-worn grooves into which it has fallen in recent decades.

**Equality and the British Left** Ben Jackson, 2013-07-19 The demand for equality has been at the heart of the politics of the Left in the twentieth century but what did theorists and politicians on the British Left mean when they said they were committed to equality? How did they argue for a more egalitarian society? Which policies did they think could best advance their egalitarian ideals? *Equality and the British Left* provides the first comprehensive answers to these questions. It charts debates about equality from the progressive liberalism and socialism of the early twentieth century to the arrival of the New Left and revisionist social democracy in the 1950s. Along the way it examines and reassesses the egalitarian political thought of many significant figures in the history of the British Left including L. T. Hobhouse, R. H. Tawney and Anthony Crosland. Newly available in paperback for the first time, this book demonstrates that the British Left has historically been distinguished from its ideological competitors on the Centre and the Right by a commitment to a demanding form of economic egalitarianism. It shows that this egalitarianism has come to be neglected or caricatured by politicians and scholars alike and is more surprising and sophisticated than is often imagined. *Equality and the British Left* offers a compelling new perspective on British political thought that will appeal to scholars and students of British history and political theory and to anyone interested in contemporary debates about progressive politics.
