*Power, Gender and Christian Mysticism* Grace Jantzen,1995-11-16 In the western Christian tradition the mystic was seen as having direct access to God and therefore great authority In this study Dr Jantzen discusses how men of power defined and controlled who should count as a mystic and thus who would have power women were pointedly excluded This makes her book of special interest to those in gender studies and medieval history Its main argument however is philosophical Because the mystical has gone through many social constructions the modern philosophical assumption that mysticism is essentially about intense subjective experiences is misguided This view is historically inaccurate and perpetuates the same gendered struggle for authority which characterises the history of western christendom This book is the first on the subject to take issues of gender seriously and to use these as a point of entry for a deconstructive approach to Christian mysticism

denigration of women splitting masculinity and femininity between the sexes in a way which depletes both In *Men Women Passion and Power* Marie Maguire argues that it is only when psychoanalysis integrates the male and female in its theorizing that the possibility of a more balanced and fluid psychological relation between the sexes will emerge Making detailed use of case material she introduces the reader to the contemporary debates about sexuality and explores them with sensitivity from a feminist viewpoint Looking at such topics as false memories of sexual abuse perverse sexuality homosexuality pornography and bulimia she shows how current thinking is trammelled by sexist homophobic and culturally biased assumptions about gender identity and sexual orientation She concludes that only when a feminist perspective has been truly integrated into theory will the psychoanalytic project realize its full radical potential This edition first published in 2004 Routledge is an imprint of Taylor Francis an informa company
