Raising Our Athletic Daughters:

Raising Our Athletic Daughters Jean Zimmerman, 1999-10-19 Now in paperback the first book to document how participating in sports changes young girls' lives during the difficult years of adolescence. From high profile women's professional leagues to high school level champions, girl athletes are achieving record breakthroughs. Witness for example the first spectacular season of the WNBA or the celebrated victories of women's teams at the 1996 Olympics. The female athlete is a new media darling especially beloved of today's teenage girls who are almost as likely to have pictures of Rebecca Lobo, Mia Hamm, or Gabrielle Reece on their walls as posters of Leonardo DiCaprio. So it seems paradoxical that many books and studies attest to a truly sobering picture of girls' lives. With her book *Reviving Ophelia*, Mary Pipher was only the latest in a string of theorists to describe the dramatic ways in which girls lose self-esteem during the critical years of adolescence, contributing to eating disorders, drug problems, and chronic depression in many young women. In *Raising Our Athletic Daughters*, journalists Zimmerman and Reavill set out to talk with girls and their parents about how sports can transform girls' lives. Here are firsthand stories from the inner cities and rural playing fields across the nation, offering compelling evidence that participation in athletics makes an extraordinary difference in the lives of young girls, from reducing pregnancy rates and substance abuse to increasing college attendance. *Raising Our Athletic Daughters* is a clarion call for all those eager to help their children succeed and level the playing field at last.

Raising Our Athletic Daughters Jean Zimmerman, Gil Reavill, 1998 If *Ophelia* had been on the swim team, write Jean Zimmerman and Gil Reavill in this eye-opening report on the state of female athletics, she might not have needed reviving. *Raising Our Athletic Daughters* represents the first comprehensive look at the impact of sports in girls' lives as well as a guide for parents eager to see their daughters succeed. This book arrives at a time when women in sports are achieving record breakthroughs. Witness the twenty-fifth anniversary of Title IX civil rights legislation, the 1996 Summer Olympic Games, and 1998 Winter Olympic Games, where female athletes captured our hearts with their guts and glory, and the first spectacular seasons of the WNBA. The popularity of Rebecca Lobo, Mia Hamm, Gabrielle Reece, and Jackie Joyner Kersee has given rise to a new media darling, the female athlete. It seems almost paradoxical that just as we are witnessing an explosion of female athletics, books and studies attest to a very different picture of girls' lives, charting the loss of confidence and self-esteem with the onset of puberty. With her book *Reviving Ophelia*, Mary Pipher was only the latest in a string of theorists to describe the dramatic ways in which girls lose out. Journalists Zimmerman and Reavill set out to talk with girls and their parents, exploring how sports can counteract this disturbing trend and transform girls' lives. Here are first-hand stories from the inner cities and rural playing fields across our country, offering compelling evidence that participation in athletics makes an extraordinary difference in the lives of young girls, from reducing pregnancy rates and substance abuse to increasing college attendance. Indeed, sports may be the most powerful resource that parents can tap in order to raise strong girls. A clarion call for all those eager to help their children succeed and level the

"Glimpse of Women in sport" Capt. Dr. (Mrs.) Satpal Kaur, 2015-11-21 A critical analysis of women's participation in

sports has not received the proper attention which it deserves from most of the Indian scholars. Men have played their dominant role in society as well as in sports which smacks of masculine superiority whereas women have been sidelined to play a minor role. They were considered delicate, submissive and emotional. For these clinging vine creatures to compete in sports was unthinkable because they occupy a secondary status in Indian society. Moreover, society does not attach value to bringing women into the sports field. The evidence of what the status of women was in the earliest history is found in the sacred Hindu texts, the Vedas, namely Rig Veda, Yajur Veda, Atharva Veda and Sam Veda. Each one of these texts is quite voluminous, the Rig Veda being the largest and the oldest. It is important to note that the hymns contained in these texts were composed by various eminent sages and during different time periods.
