First Series These pages are a fascinating indication of the sources on which Emerson drew steadily in his writing and thinking and reflect clearly although indirectly his own characteristic philosophy *Journals and Miscellaneous Notebooks of Ralph Waldo Emerson, Volume IV: 1832-1834* Ralph Waldo. Emerson, 1964 Ralph Waldo Emerson's decision to quit the ministry arrived at painfully during the summer and fall of 1832 was accompanied by illness so severe that he was forced to give up any immediate thought of a new career Instead in December he embarked on a tour of Europe that was to take him to Italy France Scotland and England Within a year after his return in the fall in 1833 his health largely restored he went to live in the town of Concord his home from then on The record of Emerson's ten months in Europe which makes up a large part of this book is unusually detailed and personal actually a diary recording what Emerson saw and did as well as what he thought He describes cities scenes and buildings that he found striking in one way or another and he gives impressions of the people he met During his travels he made the acquaintance of Landor of Lafayette and of Carlyle Wordsworth and Coleridge all of whom stimulated him In Paris he was so much stirred by a visit to the Jardin des Plantes that he determined to become a naturalist On his return to America still without a profession he reverted in his journals to the more impersonal form they had taken in his days as a minister focusing on his inner experiences rather than on external events Notes start dotting the pages once again this time not so much for future sermons although for years he did a certain amount of occasional preaching as for the addresses of the public lecturer he would soon become Through the thirty four months covered by this volume the journals continue to be the advancing record of Emerson's mind demonstrating a growing maturity and firmness of style by compression and aphorism **Ralph Waldo Emerson: Selected Journals Vol. 2 1841-1877 (LOA #202)** Ralph Waldo Emerson, 2010-04-01 When Emerson died in 1882 he was the most famous public intellectual in America Yet his most remarkable literary creation his journals remained unpublished Begun when he was a precocious Harvard junior of 16 and continued without significant lapse for almost 60 years Emerson's journals were his life's work They were the starting point for virtually everything in his celebrated essays lectures and poems a Savings Bank in which his occasional insights began to cohere and yield interest a commonplace book in which he gathered the choicest anecdotes ideas and phrases from his voracious and wide ranging reading and a fascinating diary in the ordinary sense of the term It would be a hundred years after his death before these intimate records would appear in print in their entirety and they are still at over three million words among the least known and least available of Emerson's writings The journals reveal what Emerson called the infinitude of the private man by turns whimsical incisive passionate curious and candid in astonishing new ways With *Selected Journals 1841-1877* and its companion volume *Selected Journals 1820-1842* The Library of America presents the most ample and comprehensive nonspecialist edition of Emerson's great work ever published one that retains the original order in which he composed his thoughts and preserves the dramatic range of his unique style in long uninterrupted passages but without the daunting critical apparatus of the 16 volume scholarly edition Each volume includes a 16 page

portfolio of images of Emerson and his contemporaries a note on the selections extensive notes biographical sketches a chronology and an index This volume opens with an Emerson at the height of his powers soon to write his celebrated essays Experience and Self Reliance and in the midst of a vibrant intellectual circle It follows his anguished reactions to the nation s intensifying political turmoil his anger at the Fugitive Slave Law of 1850 his antislavery activism and his day to day experience of the Civil War including a wartime trip to Washington D C where he met President Lincoln
