Gianfranco Miletto, Giuseppe Veltri

Ramban Commentary On The Torah 5 Volume Set:

Ramban Nachmanides,2003-01-01 Rabbi Moshe ben Nachman the 13th century Jewish leader and scholar known as Ramban earned himself a place alongside Rashi as one of Judaism's primary Torah commentators His commentary which encompasses a vast panorama of Jewish learning language halachah Jewish law philosophy Kabbalah Jewish mysticism and history offers a penetrating analysis of the Torah that will both enlighten and inspire Rabbi Dr Chavel's elegant English translation is based on the original Hebrew manuscripts Insightful notes offer clarification of Ramban's commentary and provide his sources **Found in Translation** Asher Reich,Museum of the Bible Books,2017-10-03 Found in Translation takes a close look at the original meanings and contexts of Hebrew words to offer profound inspirational reflections that encourage a deeper understanding of Scripture Many Hebrew words have multiple meanings and most Bible translators often select one meaning usually an English word that best reflects that reference Written in short inspirational style this book explores all the meanings of fifty two Hebrew words for an enriched deeper and uniquely personal understanding of Scripture *Ramban : Commentary on the Torah* Moshe ben Nahman,2004 **Judah Moscato Sermons** Gianfranco Miletto,Giuseppe Veltri,2010-12-07 Judah ben Joseph Moscato c 1533 1590 was one of the most distinguished rabbis authors and preachers of the Italian Jewish Renaissance The book Sefer Nefu ot Yehudah belongs to the very centre of his important homiletic and philosophical oeuvre Composed in Mantua and published in Venice in 1589 the collection of 52 sermons addresses the subject of the Jewish festivals focussing on philosophy mysticism sciences and rites This and subsequent volumes will provide a critical edition of the original Hebrew text accompanied by an English translation ספר נפוחות יהודה ספר נפוחות יהודה Nahmanides,Yehudah Bulman,Yosef Kamenetzky,2010 **Sefer BeMidbar as Sefer HaMiddot** Reuven Travis,2018-09-07 While it is true the Bible does relate important episodes in the history of the Jewish people it is thought of as being much more than a history book This is why many question the Bible's rationale for including a book such as Numbers one that seems to be little more than a history book In comparison Genesis as a history book makes sense It tells of the creation of the heavens and earth and the foundational stories of the Jewish people Even Exodus which relates the departure of the Jewish people from Egypt has many legal sections This thus begs the question what exactly is the Book of Numbers and what role does it play in the overall narrative of the Bible Presenting Numbers as the book of character development is the major guiding principle of the pedagogical approach set forth in this book for teaching Numbers This approach can also be used for teaching Genesis However the characters in Genesis are portrayed as either very good or evil Not so in Numbers whose main personalities can and should be viewed in hues of grey making it a very appropriate vehicle for teaching character development to high school students Commentary on the Torah Nahmanides,1974 **Books in Print** ,1982 **Living With the Other** Avi Sagi,2019-01-13 The book grapples with one of the most difficult questions confronting the contemporary world the problem of the other which includes ethical political and metaphysical aspects A

widespread approach in the history of the discourse on the other systematically formulated by Emmanuel Levinas and his followers has invested this term with an almost mythical quality the other is everybody else but never a specific person an abstraction of historical human existence This book offers an alternative view turning the other into a real being through a carefully described process involving two dimensions referred to as the ethic of loyalty to the visible and the ethic of inner retreat Tracing the course of this process in life and in literature the book presents a broad and lucid picture intriguing to philosophers and also accessible to readers concerned with questions touching on the meaning of life ethics and politics and particularly relevant to the burning issues surrounding attitudes to immigrants as others and to the relationship with God the ultimate other

Order as Meaning Isaac Gottlieb, 2023-12-31 Jewish Bible commentary in the Middle Ages took on two aspects the Sephardic and the Ashkenazic The first Spanish interpretation developed in a Muslim surrounding which appreciated secular studies the sciences and Arabic literature much of which it had translated from Greek These studies made their mark on Bible exegesis which sought the simple straightforward sense peshat of a verse and its grammatical meaning The Ashkenazic school however situated in France and Germany was firmly anchored in the rabbinic study hall and its exegesis was a continuation of the methods of Midrash and Aggadah as practiced in Mishnah and Talmud In the beginning of the twelfth century Ashkenazic commentary in northern France took on a new face Contact with the outside world including Christian scholarship and partial knowledge of general studies brought the Ashkenazi Jewish commentators to the realization that the Bible besides being a religious text was also literature As literature many features including the order of biblical pericopes or units attracted attention The classic commentators Rashi in France Ibn Ezra in Toledo and Ramban Nahmanides in northern Spain all dealt with biblical order Order as Meaning cites many cases of sequential arrangement and juxtaposition taken from the rabbinic period as well as from the above three commentators explaining what there was to learn from such a study

The Publishers' Trade List Annual ,1985 Nefesh HaTzimtzum, Volume 2 Avinoam Fraenkel, 2020-12-29 Nefesh

HaTzimtzum provides the single most comprehensive and accessible presentation of the teachings and worldview of the Vilna Gaon's primary student Rabbi Chaim Volozhin. It is focused on Rabbi Chaim's magnum opus Nefesh HaChaim, a work that has lain in almost total obscurity for nearly two centuries due to its deep Kabbalistic subject matter. Nefesh HaTzimtzum opens up the real depth of the ideas presented in Nefesh HaChaim together with all of Rabbi Chaim's related writings, making them accessible to the public for the first time in any language. In addition to the complete English translation of Nefesh HaChaim, Nefesh HaTzimtzum includes the full Hebrew text of Nefesh HaChaim and many other writings by Rabbi Chaim with correspondingly hyperlinked English and Hebrew texts along with in-depth explanations, an informative historical overview, an easily consumable innovative presentation layout, and a full index. After centuries of confusion, extensive clarification is provided of the central Kabbalistic concept of Tzimtzum or the secret of how an infinite God occupies a finite world. Most importantly, it unequivocally demonstrates that the key Kabbalists, including the Vilna Gaon, Rabbi Chaim Volozhin, and the Baal HaTanya, all unanimously agreed on the underlying principles of the concept of Tzimtzum and that, contrary to widespread historical misunderstanding, there was no fundamental dispute about the philosophical principles of Judaism between the Hasidim and the Mitnagdim. Based on this, Nefesh HaTzimtzum shows that both Nefesh HaChaim and Sefer HaTanya present the same methodology for serving God, which is rooted in their identical understanding of the concept of Tzimtzum. Nefesh HaTzimtzum is published in two volumes which are sold separately. This companion volume presents a number of important concepts, including the concept of Tzimtzum, which together enable the true depth of Nefesh HaChaim to be understood. It also adds valuable insight by providing the translation of all of Rabbi Chaim Volozhin's published writings which are related to Nefesh HaChaim. Additional related writings are also included together with detailed outlines and a full index for both volumes.
