JAMES, 1903 [Literary Celebrity, Gender, and Victorian Authorship, 1850-1914](#) Alexis Easley, 2011-04-29 This study examines literary celebrity in Britain from 1850 to 1914 Through lively analysis of rare cultural materials Easley demonstrates the crucial role of the celebrity author in the formation of British national identity As Victorians toured the homes and haunts of famous writers they developed a sense of shared national heritage At the same time by reading sensational accounts of writers lives they were able to reconsider conventional gender roles and domestic arrangements As women were featured in interviews and profiles they were increasingly associated with the ephemerality of the popular press and were often excluded from emerging narratives of British literary history which defined great literature as having a timeless appeal Nevertheless women writers were able to capitalize on celebrity media as a way of furthering their own careers and retelling history on their own terms Press attention had a more positive effect on men s literary careers since they were expected to assume public identities however in some cases media exposure had the effect of sensationalizing their lives bodies and careers With the development of proto feminist criticism and historiography the life stories of male writers were increasingly used to expose unhealthy domestic relationships and imagine ideal forms of British masculinity The first section of *Literary Celebrity* explores the practice of literary tourism in Victorian Britain focusing specifically on the homes and haunts of Charles Dickens Christina Rossetti George Eliot Elizabeth Barrett Browning and

Harriet Martineau This investigation incorporates analysis of fascinating cultural texts including maps periodicals and tourist guidebooks Easley links the practice of literary tourism to a variety of cultural developments including nationalism urbanization spiritualism the women s movement and the expansion of popular print culture The second section provides fresh insight into the ways that celebrity culture informed the development of Victorian historiography Easley demonstrates how women were able to re tell history from a proto feminist perspective by writing contemporary history participating in architectural reform movements and becoming active in literary society Edinburgh Companion to Charles Dickens and the Arts Claire Wood, Juliet John, 2024-05-31 The Edinburgh Companion to Charles Dickens and the Arts explores Dickens s rich and complex relationships with a myriad of art forms and the far reaching resonance of his works across the arts overall This volume reassesses Dickens s prescient philosophy of art both through a historical and a present day lens and in the context of debates about the cultural value of the arts Across thirty three original essays it outlines the ways in which Dickens broke down oppositions between high and low art money and the aesthetic the extraordinary and the ordinary and art for its own sake and the social good In doing so it considers how Dickens prefigured the arts of the future including rap music television fanfiction and global cinema *The Fortnightly* ,1903 **The Blue Guides England** ,1920 *England* Findlay Muirhead,1924 **The Annual American Catalog, 1900-1909** ,1902 *Catalogue of the Public Lending Library* Victoria. Davis,2024-10-11 For generations most of the canonical works that detail the lives of poor people have been created by rich or middle class writers like Charles Dickens John Steinbeck or James Agee This has resulted in overwhelming depictions of poor people as living abject violent lives in filthy and degrading conditions In *Poor Things* Lennard J Davis labels this genre poornography distorted narratives of poverty written by and for the middle and upper classes Davis shows how poornography creates harmful and dangerous stereotypes that build barriers to social justice and change To remedy this Davis argues poor people should write realistic depictions of themselves but because of representational inequality they cannot Given the obstacles to the poor accessing the means of publication Davis suggests that the work should at least for now be done by transclass writers who were once poor and who can accurately represent poverty without relying on stereotypes and clichés Only then can the lived experience of poverty be more fully realized
