Dorrien,1995 Gary Dorrien s major work addresses the roots of and remedy to the current crisis in American Christian social ethics Focusing on the story of American liberal Protestantism the book examines in fascinating depth the three major movements in this century the Social Gospel Christian Realism and Liberation Theology in a way that also brings African American feminist environmentalist Catholic and other voices into the increasingly multicultural quest Dorrien then carefully assesses the crisis of social Christian thought in a culture that is increasingly secular materialistic and dominated by capitalism He shows how the progressive Christian vision of social and economic democracy can be redeemed in the face of its apparent defeat He argues strongly for a social Christianity faithful to the spiritual reality and kingdom oriented ethic of the way of Christ Dorrien s engaging narrative knowledgeable and fair analysis and thoughtful proposal bring desperately needed clarity and commitment to the Christian social conscience      *Where We Find Ourselves* Margaret Sartor,Alex Harris,2018-11-08 Self taught photographer Hugh Mangum was born in 1877 in Durham North Carolina as its burgeoning tobacco economy put the frontier like boomtown on the map As an itinerant portraitist working primarily in North Carolina and Virginia during the rise of Jim Crow Mangum welcomed into his temporary studios a clientele that was both racially and economically diverse After his death in 1922 his glass plate negatives remained stored in his darkroom a tobacco barn for fifty years Slated for demolition in the 1970s the barn was saved at the last moment and with it this surprising and unparalleled document of life at the turn of the twentieth century a turbulent time in the history of the American South Hugh Mangum s multiple image glass plate negatives reveal the open door policy of his studio to show us lives marked both by notable affluence and hard work all imbued with a strong sense of individuality self creation and often joy Seen and experienced in the present the portraits hint at unexpected relationships and histories and also confirm how historical photographs have the power to subvert familiar narratives Mangum s photographs are not only images they are objects that have survived a history of their own and exist within the larger political and cultural history of the American South demonstrating the unpredictable alchemy that often characterizes the best art its ability over time to evolve with and absorb life and meaning beyond the intentions or expectations of the artist      **Wars of Latin America, 1948-1982** René De La Pedraja,2013-04-29 This book continues the narrative begun by the author in *Wars of Latin America* 1899 1941 It provides a clear and readable description of military combat occurring in Latin America from 1948 to the start of 1982 In an unusual peaceful lull Latin America experienced no wars from 1942 to 1947 Although the text concentrates on combat narrative matters of politics business and international relations appear as necessary to explain the wars The author draws on many previously unknown sources to provide information never before published The book traces the many insurgencies in Latin America as well as conventional wars Among the highlights are the chapters on the Cuban and Nicaraguan insurrections and

on the Bay of Pigs invasion One goal of the text is to explain why of the many insurgencies appearing in Latin America only those in Cuba and Nicaragua were successful in overthrowing governments The book also helps explain why even unsuccessful insurgencies have survived for decades as has happened in Colombia and Peru Instructors considering this book for use in a course may request an examination copy here *Forthcoming Books* Rose Army,2002-02 **Encyclopedia Of American Indian Costume** Josephine Paterek,1996-03-05 A beautifully produced and illustrated bandw reference that offers complete descriptions and cultural contexts of the dress and ornamentation of the North American Indian tribes The volume is divided into ten cultural regions with each chapter giving an overview of the regional clothing Individual tribes of the area follow in alphabetical order Tribal information includes men s basic dress women s basic dress footwear outer wear hair styles headgear accessories jewelry armor special costumes garment decoration face and body embellishment transitional dress after European contact and bibliographic references Appendices include a description of clothing arts and a glossary Annotation copyright by Book News Inc Portland OR *Congressional Record* United States.
