Tracey (Jr.), 1958 Description classification and origin of the bauxite deposits and their geologic setting relative to an early Eocene land surface **Pacifism as War Abolitionism** Cheyney Ryan, 2024-03-12 Responding to the unprecedented violence of our

times and the corresponding interest in nonviolent solutions this book takes up the heart of pacifism its critique of what pacifists have termed the war system Pacifism as War Abolitionism provides an account of the war system that draws on contemporary sociology history and political philosophy The core of its critique of that system is that war begets war and hence war will not be ended or even constrained by finding more principled ways to fight war as many imagine War can only be ended by ending the war system which can only be done nonviolently This has been the message of pacifism s great voices like Gandhi Dr Martin Luther King Jr and Dorothy Day It is the principal message of this book Key Features Draws extensively on the sociological and historical research on war to expand the usual philosophical discussion beyond hypothetical accounts Expands the dialogues on the ethics of war beyond just war theory to its principal alternative pacifism Engages discussion of empire and imperialism in relation to the logic and development of the war system Presents pacifism s response to the reality of war today including the idea of never ending war **Geological Survey Professional Paper**

, 1958 **Mastermind of Dunkirk and D-Day** Brian Izzard, 2020-04-15 This detailed biography brings to life one of the greatest military heroes of WWII and demonstrates why his contributions were crucial to Allied victory At the outbreak of the Second World War Admiral Sir Bertram Ramsay masterminded the evacuation of some 330 000 members of the British Expeditionary Force from Dunkirk He went on to play a crucial role in the invasion of Sicily and the planning and execution of the D Day invasion where he commanded the 7 000 ships that delivered Allied forces to the beaches of Normandy All this from a man who had retired in 1938 only to be persuaded back to the service by Winston Churchill himself In 1944 Ramsay was promoted to Admiral and appointed Naval Commander in Chief for the D Day naval expeditionary force A year later he died in a mysterious air crash Though Ramsay s legacy has been remembered by the Royal Navy his key role in the Allied victory has been widely forgotten Now biographer Brian Izzard corrects this oversight arguing that without Ramsay the

outcome of both Dunkirk and D Day and perhaps the entire war could have been very different **Collections of the State Historical Society of Wisconsin** ,1915 **The Whole Story** John E. Objections to Nuclear Defence Nigel Blake,Kay Pole,2020-11-19 Moral and political questions are vitally relevant to

the issue of survival in the nuclear age Ethics has much to teach us about the meaning of national defence and civic responsibility in the nuclear state For instance those in NATO who argue for increased spending on such weapons do so with the intention of defending the values of the West They must therefore be absolutely sure that they are not as the contributors to this volume originally published in 1984 powerfully suggest undermining or destroying those values by the very means they adopt to preserve them With the continued success of nuclear deterrence itself in question responsible citizens feel an urgent need to assess the clash between personal doubts cherished principles and their governments loudly voiced moral certainties In *Objections to Nuclear Defence* professional philosophers of widely varying persuasions provide new analyses of these problems They spell out clearly and vividly the moral and political objections objections to the concrete nuclear policies of the Western governments today Often impassioned but always rational the book will be of special interest to students of international affairs peace studies and applied philosophy as well as to the general reader who is trying to choose between political parties in Europe or North America Congressional Record United States.
