Random Thoughts From An Aging Mind:

OFFLINE: Finding Yourself in the Age of Distractions Desi Anwar,2020-04-02 This collection of reflections is to remind us of some of the things we can turn our distracted minds to when we can direct our attention to what are in front of us above us and more importantly within us using all the senses that we were all born with They are a rediscovery of some of the things we have forgotten how to do or have put aside in favour of our allconsuming electronic toys and an attempt to help us reconnect once more with our senses and our natural gifts So why not put your smart phones tablets games gadgets and anything with a screen down for a few minutes Take a deep breath and look up Because at the end of the day it is not just any journey we are making but a journey to discover and appreciate who we are and what makes us human Growing Younger: How to Measure & Change Your Body's Age Robert F. Morgan,Jane Wilson,2005-08 *The Aging Mind* Patrick Rabbitt,2014-11-27 No one approaches aging with enthusiasm Activities we accomplish easily in our 20s and 30s become more difficult as we grow old but though change is inevitable recognising and understanding precisely what is happening to our bodies and minds allows us to continue to manage and enjoy our lives Patrick Rabbitt is a cognitive gerontologist who has researched physical and mental aging for over 50 years and so can interpret his personal daily experiences of the aging process through a comprehensive understanding of what gerontological research has revealed about how our bodies and brains age and how these changes affect our everyday experiences and lives Engagingly written Professor Rabbitt s book is a fascinating account of why our sensory and cognitive experiences change as we get older and what these developments mean for our overall physical and emotional well being Describing the latest research the book covers the mental changes that affect our daily lives such as those in memory intelligence attention sleep vision and hearing taste and smell touch and balance anxiety depression and perception of the passage of time It also discusses how far we can keep and develop the skills we have mastered over our lifetimes The book debunks unhelpful myths about the aging process and offers guidance on how we can age better This is an absorbing account of the aging process from one of the most eminent gerontologists working today Its warmth and candour make it an engaging and helpful guide for those interested in understanding their own or their relatives ageing Its rigour and comprehensiveness make ideal for students seeking an accessible alternative to standard textbooks on aging and for health professionals working with older people Redesign Your Life in Modern Age Balvinder Kumar,2020-02-24 All around us we are witnessing major changes that are transforming our lives because of science and technology In fact multiple revolutions including relating to digital technologies are simultaneously taking place across the world The way we think work interact and connect with others is changing at increasingly fast pace On the one hand the world is becoming a better place to live We are becoming healthier wealthier leading a more comfortable life But sadly at the same time we are becoming more and more unhappy and discontented with our life We are seeing increased incidents of mental illnesses like depression and anxiety life style diseases like diabetes obesity heart and lung diseases The life style

diseases are the biggest killers in India Increasingly people are getting addicted to social media Everyone is now busier on mobile or other digital screens too many distractions our attention span is further declining In a broader sense we are getting disconnected from each other and their inner self The whole world is facing a serious challenge as how to cope up with the changing scenario of digital age With this background in mind the author has written his 3rd book titled Redesign Your Life in Modern Age His earlier 2 books were first Man s Spiritual Journey and second Awakening the Thinking Mind The book attempts to touch the whole gamut of subjects which are very relevant and significant to contemporary world The topics of discussion range from human destiny to our own inner journey From pain suffering mental stress loneliness fear anxiety digital obsession and attention deficit to success pleasure happiness and likewise many other subject matters have been included in the book How each one of us can redesign our life s journey in view of challenges faced in the modern age is the simple mantra behind writing this book
