*Sisters and Lovers* Megan Jennaway, 2002 The Balinese devotion to their temples is both legendary and conspicuous but the ways in which they enshrine their innermost desires have long been hidden This ethnography draws back the veil by focusing on the romantic experiences of women in a rural village Punyanwangi in North Bali from adolescence to maturity Delving into the intensity of passion that exists just below the harmonious veneer of traditional patterns of courtship and marriage motherhood and conjugal fidelity this book overturns Margaret Mead's assertions of passivity in Balinese social life Punyanwangi's proximity to a thriving tourist center allows Megan Jennaway to explore as well the striking gender disparities in the ways sexuality and desire are culturally mediated Aside from service work women are excluded from entering the tourist domain yet male sexual adventurism is expected and even encouraged The bodies of foreign women are thus invested with potent fantasies of exotic desire while those of local women are muted denied legitimate avenues of expression The author invokes Post Freudian and feminist concepts of sexuality to explain culturally specific psychiatric disorders to which Balinese women are prone interpreting them as expressions of frustrated desire She thus convincingly reveals Balinese society as anything but unemotional or

stagnant Rather it is swept along by currents of emotionally charged desire By allowing key informants to tell their stories in their own voices and by skillfully interweaving fictionalized interludes the author gives us not only a rigorously researched ethnography but an intimate and fully realized portrait of Balinese women s innermost desires **A National Park for Women's Rights** Judy Hart,2023-10-15 A National Park for Women s Rights chronicles a little known story in American history the establishment of the Women s Rights National Historical Park in Seneca Falls New York the first idea park in the National Park system As told by Judy Hart its visionary founder and first superintendent the park s story is one of struggle and perseverance opposition and solidarity Hart narrates the uphill battle she fought to secure the park s location on the site of the first women s rights convention in 1848 and to gain respect for the idea of a park dedicated to women s rights from 1978 when she first championed its creation to the triumphant moment in 1982 when the park opened its doors and following years Hart s journey highlights the prejudices and resistance that she faced like other women who have advocated for themselves their rights and their place in America Going behind the scenes of the park s planning and the negotiations conflicts and collaborations that shaped the final vision A National Park for Women s Rights highlights the contributions of Park Service officials politicians and interested citizens in Seneca Falls despite opposition from within and beyond the Park Service An inspiration and rallying cry for women and their male allies to tell their stories and claim their place in American history A National Park for Women s Rights also offers a model for public history activism No matter how daunting the opposition to such acts of historical memory making are Hart s experiences remind citizen activists to dream organize and persist **Ranger Confidential** Andrea Lankford,2010-04-02 For twelve years Andrea Lankford lived in the biggest most impressive national parks in the world working a job she loved She chaperoned baby sea turtles on their journey to sea She pursued bad guys on her galloping patrol horse She jumped into rescue helicopters bound for the heart of the Grand Canyon She won arguments with bears She slept with a few too many rattlesnakes Hell yeah it was the best job in the world Fortunately Andrea survived it In this graphic and yet surprisingly funny account of her and others extraordinary careers Lankford unveils a world in which park rangers struggle to maintain their idealism in the face of death disillusionment and the loss of a comrade killed while holding that thin green line between protecting the park from the people the people from the park and the people from each other Ranger Confidential is the story behind the scenery of the nation s crown jewels Yosemite Grand Canyon Yellowstone Great Smokies Denali In these iconic landscapes where nature and humanity constantly collide scenery can be as cruel as it is redemptive **Oppose Any Foe** Mark Moyar,2017-04-25 The epic story of America s most elite warriors the Special Operations Forces Born as small appendages to the conventional armies of World War II the Special Operations Forces have grown into a behemoth of 70 000 troops including Navy SEALs Army Special Forces Special Operations Marines Rangers and Delta Force Weaving together their triumphs and tribulations acclaimed historian Mark Moyar introduces a colorful cast of military men brimming with exceptional talent courage and selflessness In a nation where

the military is the most popular institution America's Special Operations Forces have become the most popular members of the military Through nighttime raids on enemy compounds and combat advising of resistance movements special operators have etched their names into the nation's registry of heroes Yet the public knows little of the journey that they took to reach these heights a journey that was neither easy nor glamorous Fighting an uphill battle for most of their seventy five year history the Special Operations Forces slipped on many an occasion and fell far on several Presidents from Franklin Roosevelt to Barack Obama have enthusiastically championed Special Operations Forces but their enthusiasm has often surpassed their understanding resulting in misuse or overuse of the troops Lacking clearly defined missions Special Operations Forces have had to reinvent themselves time and again to prove their value in the face of fierce critics many of them from the conventional military which from the start opposed the segregation of talent in special units Highlighting both the heroism of America's most elite soldiers and the controversies surrounding their meteoric growth *Oppose Any Foe* presents the first comprehensive history of these special warriors and their daring missions It is essential reading for anyone interested in America's military history and the future of warfare

**Ranger's Trail** Elmer Kelton, 2007-04-01 In the spring of 1874 the Ranger companies that protect settlers against Indian raids and outlaw bands are being reorganized, and David Rusty Shannon is the most sought-after veteran for reenlistment. But Shannon has new goals for his life. He is in love with Josie Monahan, daughter of the family that adopted him, and he intends to marry Josie and take her to his farm on the Colorado River. Rusty also feels affection and responsibility for Andy Pickard, a headstrong teenager he rescued from captivity among the Comanche, just as Rusty himself was rescued as a red-haired boy decades before. Then an unspeakable tragedy, the murder of his beloved Josie, changes Rusty's plans for a quiet farmer's life and alters his peace-loving character. Bent on revenge, he relentlessly trails Corey Bascom, son of an outlaw family, and the man Rusty believes is Josie's killer. But the trail Rusty is following may be leading him to the wrong man. Set in the tumultuous Reconstruction period of Texas history, *Ranger's Trail* continues Elmer Kelton's chronicles of the origins of the renowned Texas Rangers, told as fiction but historically accurate in every detail and written by a favorite son of Texas. *A Woman's Way West: In and Around Glacier National Park, 1925 to 1990* John Fraley, 2020-02-24 Doris Ashley left Iowa and came to Montana as the frontier era came to a close and the hard transition to the modern West began. In 1925, already a widow at the age of twenty-four, she took a job as cheap help in Glacier National Park and thus began a lifelong affair with Montana's landscape, wildlife, and people. Doris soon met the love of her life, native son Dan Huffine, another park worker with an abiding love for the region. Together they shared many adventures over the next sixty years, helping to shape the character of northwest Montana and participating in the growth of Glacier Park on both sides of the Continental Divide. Between them, the Huffines shared stints as backcountry park ranger, driver of the classic red tour buses in the park, and cook for the crew that did the perilous work surveying the famous Going to the Sun Road. The couple operated tourist camps along the Glacier Park boundary and became co-proprietors of the Huffine Montana Museum. Many people considered the couple endearingly eccentric, and for good reason, as they kept skunks, badgers, coyotes, bears, a mountain goat, and a beaver as pets. The Huffines were also world-class raconteurs and enjoyed telling their tales later in life to author John Fraley, who shared their love of the outdoors and of Glacier Park. Using many hours of tape recordings, numerous journals, and a great deal of research, Fraley has pieced together the story of Doris's early life in Iowa, her fateful meeting with Dan, and their love story, which is also very much a work story, a tale of building a life together while at the same time helping to shape the Crown of the Continent region.
