Bilbrey, 2008 A Thorn in the Flesh Caroline J. Addington Hall, 2013-03-22 With the vote to bless same sex marriages the Episcopal Church becomes the largest U S denomination to officially sanction same sex relationships Homosexuality has become a flashpoint at the intersection of religion family and politics A Thorn in the Flesh How Gay Sexuality is Changing the Episcopal Church tells the story of how homosexuality has been used to further conservative political agendas both here and abroad It describes how African and Asian churches have been drawn into a conflict that began in the United States in the Episcopal Church and raises vital questions of whether people with different understandings of authority and truth can live in harmony This

provocative book is not a history of the movement for gay inclusion nor a history of the movement for a new conservative Anglican church in the Americas Instead it is a comparison of the conservative and the liberal parts of the church There are those such as the Church of England who have conservative theological orientation and are most likely to oppose fully including gays and lesbians in the church Hall also explores the rapid changes that have happened in Western society in the past fifty years that have led to the acceptance of same sex marriage and homosexuality This change has not come easily and even after nearly four decades gay marriage remains a politically divisive issue in the United States and England

Anglican Communion in Crisis Miranda Hassett,2009-01-10 The sign outside the conservative white church in the small southern U S town announces that the church is part of the Episcopal Church of Rwanda In Anglican Communion in Crisis Miranda Hassett tells the fascinating story of how a new alliance between conservative American Episcopalians and African Anglicans is transforming conflicts between American Episcopalians especially over homosexuality into global conflicts within the Anglican church In the mid 1990s conservative American Episcopalians and Anglican leaders from Africa and other parts of the Southern Hemisphere began to forge ties in opposition to the American Episcopal Church s perceived liberalism and growing toleration of homosexuality This resulted in dozens of American Episcopal churches submitting to the authority of African bishops Based on wide research interviews with key participants and observers and months Hassett spent in a southern U S parish of the Episcopal Church of Rwanda and in Anglican communities in Uganda Anglican Communion in Crisis is the first anthropological examination of the coalition between American Episcopalians and African Anglicans The book challenges common views that the relationship between the Americans and Africans is merely one of

convenience or even that the Americans bought the support of the Africans Instead Hassett argues that their partnership is a deliberate and committed movement that has tapped the power and language of globalization in an effort to move both the American Episcopal Church and the worldwide Anglican Communion to the right
