Emmanuel Neba-Fuh

Rape Of Belgium:

The Rape of Belgium Larry Zuckerman, 2004-02 The author presents a compelling and untold story of Germany's occupation of Belgium after WW1. It is a great trade history book from a wonderful storyteller.

The Great War in Belgium and the Netherlands Felicity Rash, Christophe Declercq, 2018-07-02 This book addresses the many avenues that are still left unexplored when it comes to our understanding of the First World War in the Low Countries. With the ongoing centenary of the Great War, many events have been organized in the United Kingdom to commemorate its military events, its socio-political consequences, and its cultural legacy. Of these events, very few have paid attention to the fates of Belgium or the Netherlands, even though it was the invasion of Belgium in August 1914 that was the catalyst for Great Britain declaring war. The occupation of Belgium had long-term consequences for its people, but much of the military and social history of the Western Front concentrates on northern France, and the Netherlands is largely forgotten as a nation affected by the First World War. By opening the field beyond the military and beyond the front, this collection explores the interdisciplinary and international nature of the Great War.

A Nun, a Convent, and the German Occupation of Belgium Rene Kollar, 2016-12-15 World War I has been recorded from many points of view: correspondent, poet, politician, and soldier. Comments from a nun living in a foreign country during the hostilities, however, can provide new insights. Isoline Jones was born in 1876 in England and attended the boarding school at Tildonk, Belgium, run by the Ursuline sisters. She eventually converted to Roman Catholicism from Anglicanism and made her perpetual vows in 1907 as a member of the Ursuline community. Her religious name was Mother Marie Georgine. In August 1914, German forces invaded Belgium and occupied the convent and school, and her impressions of the war years are preserved in a series of letters written in the form of a diary. The siege of Antwerp, the plight of refugees, interaction with the German soldiers, and the hectic daily life of the convent were recorded by Mother Marie Georgine. Events occurring throughout Belgium did not escape her attention, and she did not avoid describing the brutality of war. Although sections of her diary have appeared in print, this is the first publication of Mother Marie Georgine's entire diary. Her impressions of World War I offer new perspectives on this tragic event.

The Rape of Belgium and the "Plan" that Failed Th. Barclay, 1915

Postcards from the Trenches Allyson Booth, 1996-11-07 The unprecedented magnitude of death during World War I forever altered how people perceived their world and how they represented those perceptions. In *Postcards from the Trenches*, Allyson Booth traces the complex relationship between British Great War culture and modernist writings. She shows that through the experience of the Great War, both civilian and combatant modernist writers found that language could no longer represent experience. She goes on to identify and contextualize several of the resulting modernist tropes: she links the dissolving modernist self to soldiers' familiarity with corpses, the modernist mistrust of factuality to the apparent inaccessibility of facts regarding the rape of Belgium, and the modernist interest in multiple viewpoints to the singularity of perspective with which generals studied battlefield maps.

Though her emphasis is on literary works by Robert Graves E M Forster and Vera Brittain among others Booth's analysis extends to memorials posters and architecture of the Great War This interdisciplinary quality of Booth's study results in a much deeper understanding of how the Great War affected cultural representations and how that culture represented the War

Military Workfare Deborah Cowen, 2008-04-19 Despite the centrality of war in social and political thought the military remains marginal in academic and public conceptions of citizenship and the soldier seems to be thought of as a peripheral or even exceptional player Military Workfare draws on five decades of restricted archival material and critical theories on war and politics to examine how a military model of work discipline domestic space and the social self has redefined citizenship in the wake of the Second World War It is also a study of the complex often concealed ways in which organized violence continues to shape national belonging What does the military have to do with welfare Could war work be at the centre of social rights in both historic and contemporary contexts Deborah Cowen undertakes such important questions with the citizenship of the soldier front and centre in the debate Connecting global geopolitics to intimate struggles over entitlement and identity at home she challenges our assumptions about the national geographies of citizenship proposing that the soldier has in fact long been the model citizen of the social state Paying particular attention to the rise of neoliberalism and the emergence of civilian workfare Military Workfare looks to the institution of the military to unsettle established ideas about the past and raise new questions about our collective future

Rehearsals Jeff Lipkes, 2007 People screamed cried and groaned Above the tumult I could distinguish the voices of small children All this time the soldiers were singing Sometime after the first salvo there was another round of fire and once again I was not hit After this I heard fewer cries save from time to time a small child calling its mother Flix Bourdon survivor of a mass execution in Dinant Belgium In August 1914 without any legitimate pretext German soldiers killed nearly 6 000 Belgian noncombatants including women and children and burned some 25 000 homes and other buildings Rehearsals is the first book to provide a detailed narrative history of the German invasion of Belgium as it affected civilians Based on extensive eyewitness testimony the book chronicles events in and around the towns of Liège Aarschot Andenne Tamines Dinant and Leuven where the worst of the German depredations occurred Accounts of the killing looting and arson have long been dismissed as atrocity propaganda particularly in the United Kingdom and the United States Rehearsals examines the campaign by revisionists that led to voluminous and compelling testimony about German war crimes being discredited Recently the case has been made that the violence that came to a peak between August 19 and August 26 1914 was the result of a spontaneous outbreak of German paranoia about civilian sharpshooters In Rehearsals Jeff Lipkes offers compelling evidence that the executions were in fact part of a deliberate campaign of terrorism ordered by military authorities In his shocking account of events that have been largely overlooked by historians of World War I Lipkes commemorates the heroism as well as the suffering of the Belgian victims of German aggression

Belgium's Dilemma Jonathan A. Epstein, 2014-03-27 In Belgium's Dilemma The

Formation of Belgian Defense Policy 1932 1940 Jonathan Andrew Epstein presents for the first time in English a detailed examination of the formation of Belgian defense policy in the eight years leading up to the crucial World War II Blitzkrieg campaign in Western Europe Belgium's decision to renounce military ties with France in 1936 has been widely criticized as a fatal mistake but it was in fact a reasonable response to Belgium's situation and was not a significant factor in the Allied defeat Drawing on Belgian documents Jonathan Andrew Epstein looks at the leaders and issues that shaped the Belgian army of 1940 and demonstrates that while mistakes were made most of the decisions were sound
