Rape And Criminal Justice:

Rape Justice Nicola Henry, Anastasia Powell, Asher Flynn, 2015-09-01 This book explores the burgeoning interest in alternative and innovative justice responses to sexual violence both within and outside the legal system It explores the limits of criminal law for achieving rape justice and highlights possibilities for expanding how we think about justice in the aftermath of sexual violence Forcible Rape National Institute of Law Enforcement and Criminal Justice, 1978 **Rape and the Criminal Justice System** Jennifer Temkin, 1995 This work examines the ways in which the criminal justice system deals with rape and its after effects in the victim PTSD post traumatic stress disorder Considerable coverage is given to research findings in the United States findings of the police themselves and other investigations *Rape Law Reform* Cassia Spohn, Julie Horney, 2013-11-27 This book evolved from our interest in rape as feminists and as social scientists As feminists we were concerned about the treatment of rape victims and the attrition in rape cases under traditional rape law and we welcomed legal reforms designed to improve the situation As social scientists we wondered about the efficacy of legal changes aimed at an inherently resistant court system We also were curious about the lack of studies examining the impact of these changes we were particularly surprised to find that no one had attempted to analyze the impact of the reforms in more than one jurisdiction Convinced that untangling the effects of the reforms from the effects of contextual factors required a multijurisdictional study we decided to undertake the project We quickly discovered that evaluating rape law reform in several jurisdictions would be no easy task We had decided that such an evaluation would require monthly data on the outcome of rape cases before and after the reforms were implemented as well as qualitative data on the attitudes of criminal justice officials toward the reforms Because states do not generate monthly data on case outcomes we would have to collect the data ourselves from court records maintained by individual jurisdictions To obtain an adequate number of cases for the time series analysis we would have to select our sites from large urban jurisdictions scattered throughout the United States

Publications of the National Institute of Law Enforcement and Criminal Justice National Institute of Law Enforcement and Criminal Justice, 1981 **Criminal Justice Politics and Women** Claudine Schweber, Clarice Feinman, 2018-10-24 Experts provide important insights on the intent and subsequent outcome of legislated change at the national and local levels in the area of criminal justice and women Here is a revealing examination of the impact of judicial and legislative changes on the treatment of female victims and offenders in the areas of corrections domestic violence sexual assault and prostitution look at actual case studies demonstrates that the condition of women's lives will not be changed merely by going to court or getting a new law This is an enlightening book for readers who may believe that discrimination can be eliminated through legal changes alone **Public Opinion and Criminal Justice** Jane Wood, Theresa A. Gannon, 2013-05-13 Public opinion is vital to the functioning of the criminal justice system but it is not at all clear how best to establish what this is and what views people have on different aspects of criminal justice and the criminal justice system Politicians and the media often assume that the public wants harsher tougher and longer sentences and policies may be shaped accordingly Detailed research and more specific polling often tells a different story This book is concerned to shed further light on the nature of public views on criminal justice paying particular attention to public opinion towards specific types of offenders such as sex offenders and mentally disordered offenders In doing so it challenges many enduring assumptions regarding people's views on justice and confronts the myths that infect our understanding of what people think about the criminal justice system *Expanding knowledge in criminal justice* Ronnie Mills, 1984
