**Tina Konstant**

## **Rapid Reading With A Purpose:**

**Rapid Reading with a Purpose** Ben E. Johnson, 1973      Breakthrough Rapid Reading Peter Kump, 1998-11-01 The former National Director of Education for Evelyn Wood Reading Dynamics presents his do it yourself program for increasing reading speed and boosting comprehension This program distills fundamental principles and skills that can be learned at home with the help of the drills and exercises provided And because it lets readers choose their own materials and set their own pace it is the ideal method for busy people juggling a full schedule      **Rapid Reading with a Purpose** Ben E. Johnson, 1982-02 This book is an attempt to give the busy Christian an overview of reading problems common to most readers It also gives an understanding of how these problems can be overcome and provides insight into how more efficient reading habits can be particularly helpful in such things as Bible study Sunday School lesson preparation and sermon preparation Page 5      *Secrets of Rapid Reading* Pasquale De Marco, 2025-07-20 In a world where information is constantly bombarding us the ability to read quickly and efficiently is a crucial skill *Secrets of Rapid Reading* is the ultimate guide to mastering this skill helping readers of all levels unlock the power of rapid reading and transform the way they read and learn This comprehensive book delves into the science behind rapid reading providing readers with a solid understanding of how the brain processes information and how to optimize their reading strategies accordingly It also offers practical techniques for mastering the mechanics of rapid reading such as eye movements pacing and chunking With clear and concise instructions *Secrets of Rapid Reading* guides readers through the process of developing the concentration and focus necessary for effective rapid reading It also provides strategies for enhancing comprehension and retention ensuring that readers not only read quickly but also understand and remember the information they read The book covers a wide range of topics including The science of rapid reading Different types of rapid reading techniques Overcoming common challenges to rapid reading Practicing rapid reading effectively Adapting rapid reading techniques to different materials Rapid reading in the digital age Overcoming reading challenges Rapid reading for students Rapid reading for professionals Rapid reading as a lifelong skill Whether you are a student looking to excel in your studies a professional seeking to boost your productivity or simply someone who wants to enjoy reading more *Secrets of Rapid Reading* will provide you with the tools and techniques you need to become a rapid reader Join us on this journey to unlock the power of rapid reading and transform your reading experience If you like this book write a review      **Speed Reading for Better Grades** Ward Cramer, 1998 Prepares students to succeed with improved reading and test taking skills Engages students with real life materials such as editorials letters and primary sources From the core subject areas Fosters flexible grouping with individual or whole class activities      *Craftways* Aaron B. Wildavsky, 1993-01-01 While a plethora of books have been written about various studies in social science few works are dedicated to the instruction of how to be an effective social science scholar Serious students are not only interested in their specialty subject but also in how academic life is lived and how scholarly work is carried out In this second edition of

Craftways Aaron Wildavsky provides an introduction to the norms and mores of political science in particular and social science in general Aaron Wildavsky has long been admired as one of the most productive political scientists of his generation Repeated expressions of interest in his scholarly craft led him to gather together essays concerning how a professional scholar works In this new edition Wildavsky focuses on what he believes students of the social sciences most want to know what kind of person is a social scientist How do and how ought social scientists treat one another What does excellence consist of in research and in teaching Intent on providing thorough answers to these questions Wildavsky has added chapters dedicated to the organization of professional life Talking and Teaching reflects on the necessity for a social scientist to give seminars and lecture effectively On Being a Department Chair concerns the political administration of an academic department and the norms of academic life Also included are entirely new chapters on how to read social science how to work with others on collaborative projects and how to improve one's academic writing This enhanced volume will be a valuable resource for both students and faculty in the social sciences      [Speed Reading: Flash](#) Tina Konstant,2011-03-25

Everest Media,2022-03-27T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 When you read you should have a purpose Purpose helps you stay focused on the material and it helps you absorb it faster When you read with a purpose you begin to see the material everywhere 2 To help you focus on what you want to get out of a certain piece of information ask yourself what you want to get out of it and why you are reading it The clearer the purpose the easier it will be for your mind to interpret the information and the faster you can sift through it 3 The 4 steps to creating a purpose for reading are write down all the types of material you have read in the past compile a list of all the reading you have planned in the next week month and year and then cite the purpose for each item 4 Previewing the material you will be reading helps your mind make more accurate predictions about what is being read It helps the mind understand the type of information that will be presented and how it will be organized **Speed Reading: Enhance your Reading**

**Comprehension and Increase Your Productivity** Charles Evans,2014-09-23 Move from your reading skills from average to excellent Discover amazing reading techniques to boost your study skills Are you tired of being the least in reading comprehension Do you wish you are fast at reading and can understand better You can improve your reading abilities with amazing reading techniques In this book you can supercharge your productivity and reading comprehension plus more o Learn simple steps to triple your reading skills o Learn fun and easy eye exercises o Learn how to stop sub vocalization o Learn how hand motions help better reading skills You can have it done in no time It s really a no brainer **Speed**

**Reading for Parents and Children** Silviu Vasile, This book is for you and your child Your child is brilliant He has a chance

to thrive and live in a wonderful world of opportunity Watch your child as he sleeps how peaceful and how beautiful he is All your hopes are tied to his future and the choices he will be able to make If he learns to look for value and to relate constantly to things of certain value then his life will be successful Parents pass on their genes to their children and according to these genes children will have a series of physical mental or mental attributes More than just genetic endowment parents pass on family values and create character Every single thing that parents consider insignificant can have a significant impact on the child s personality and future Speed reading is a value that many parents have chosen to pass on to their children When your child has speed reading with him he will be able to look for and find solutions to all the problems and challenges he will face We live in a changing world and those who choose to stay informed are the ones who succeed in achieving their goals The information we have access to is increasingly devoid of content and substance Quality information is becoming a necessity because without access to the best information you will not be able to find the best solution for you and your child Speed reading has proven its value and usefulness over time If the technique of speed reading is easy to learn when it comes to the motivation to practice daily exercises everything becomes more complicated This book contains 100 reasons why you and your child should practise speed reading exercises as well as 17 simple easy to follow techniques The best time to make a change in your and your child s life is now Speed reading is a boon for those who practice it seriously For your child being able to achieve the performance of reading one or even two books a day understanding what they read and memorizing much of the content of the text can be the winning advantage You as a parent can be sure that by guiding your child to speed reading you are giving them the chance to shine and use the brilliant potential they were born with You have the chance to give your child a good start in life by teaching them to navigate the information channel More and more parents are making speed reading a priority They understand how important this skill is in the coming years and that without it children will have a hard time adjusting Your child has enormous potential and you need to help them by teaching them speed reading to increase their value to the point where they can produce additional value That will be the time when your child begins to distance himself from those who only consume value It s the time when your child can shine
