Waterhouse-Watson,2013-02-11 Since footballer sexual assault became top news in 2004 six years after the first case was reported much has been written in the news media about individual cases footballers and women who have sex with them Deb Waterhouse Watson reveals how media representations of recent sexual assault cases involving Australian footballers amount to trials by media trials that result in acquittal The stories told about footballers and women in the news media evoke stereotypes such as the gold digger woman scorned and the predatory woman which cast doubt on the alleged victims claims and suggest that they are lying Waterhouse Watson calls this a narrative immunity for footballers against allegations of sexual assault This book details how popular conceptions of masculinity and femininity inform the way footballers bodies team bonding women sex and alcohol are portrayed in the media and connects stories relating to the cases with sports reporting generally Uncovering similar patterns of narrative grammar and discourse across these distinct yet related fields Waterhouse Watson shows how these discourses are naturalised with reports on the cases intertwining with broader discourses of football reporting to provide immunity Despite the prevalence of stories that discredit the alleged victims Waterhouse Watson also examines attempts to counter these pervasive rape myths articulating successful strategies and elucidating the limitations built into journalistic practices and language itself **Sun, Sex, and Gold** Kamala

Crowdsourcing the Law Francine Banner,2019-08-27 While the general public may feel uncomfortable discussing sexual assault and violence with neighbors or coworkers the popularity of Twitter Snapchat and a host of other social media platforms suggests that we are not shy about expressing our opinions online Debates that just a few years ago would have taken place in real life have been relocated online allowing eager commenters to share their thoughts on guilt or innocence with legions of virtual strangers Crowdsourcing the Law explores how everyday participants interpret and apply law in the influential online court of public opinion Engaging a multidisciplinary case study approach the book analyzes social media comments about public figures such as Bill Cosby Brock Turner and Harvey Weinstein to address ambitious questions like How are rape myths being challenged reinforced and reinvented on social media What is the promise and peril of the MeToo movement for transforming the law And can due process be afforded in the face of an increasingly powerful virtual jury

Brill's Companion to

Episodes of 'Heroic' Rape/Abduction in Classical Antiquity and Their Reception Rosanna Lauriola, 2022-03-16 Sexual violence is one of the oldest and most difficult problems of humankind. Many of the love stories in Classical Greek and Roman Myth are tales of rape, a fact that is often casually glossed over in both popular and scholarly treatments of these narratives. Through a careful selection of stories, this book provides a deep exploration of rape in Classical Myth as well as in the works of art and literature that have responded to it through the millennia. The volume offers an essential reading for anyone who wishes to understand sexual violence from different perspectives and through an interdisciplinary approach which includes Trauma Theory and Evolutionary Psychology.

A Most Detestable Crime Keith Burgess-Jackson, 1999 This collection of original essays by leading philosophers probes the philosophical aspects of rape in all of its manifestations: act, crime, practice and institution. Among the issues examined are the nature of rape, the wrongfulness and harmfulness of rape, the relation of rape to racism, sexism, classism and other forms of oppression, and the legitimacy of various rape law doctrines. Each contributor advances a novel argument and seeks to disentangle the conceptual, evaluative and empirical issues that arise in connection with the crime. This essential reference work is among the first philosophical anthologies devoted exclusively to the subject of rape as complex and interesting intellectually as it is pervasive and disturbing socially.

Sexual Victimization Tara N. Richards, Catherine D. Marcum, 2014-02-13 Sexual Victimization Then and Now provides scholars easy access to information that specifically examines the continuum of sex crimes and the perception of victims by our criminal justice system and society as a whole. This text features contributions from well known researchers in the field and serves as an important resource to provide scholars with up to date research on sexual victimization that will educate students on this complex and evolving challenge for the criminal justice system. The authors approach the concept by examining how the criminal justice system handles sexual victimization, the association between individuals in a relationship and sexual assault and unusual and special issues associated with contemporary sexual victimization. By discussing these issues, the theoretical explanations for these crimes and the effectiveness of the policy that has been applied will effectively link the criminological areas of theory, research and policy.

The Rape of Europa Lynn H. Nicholas, 2009-12-22 Winner of the National Book Critics Circle Award. The real story behind the major motion picture *The Monuments Men*. The cast of characters includes Hitler and Goering, Gertrude Stein and Marc Chagall, not to mention works by artists from Leonardo da Vinci to Pablo Picasso. And the story told in this superbly researched and suspenseful book is that of the Third Reich's war on European culture and the Allies' desperate effort to preserve it. From the Nazi purges of Degenerate Art and Goering's shopping sprees in occupied Paris to the perilous journey of the Mona Lisa from Paris and the painstaking reclamation of the priceless treasures of liberated Italy, *The Rape of Europa* is a sweeping narrative of greed, philistinism and heroism that combines superlative scholarship with a compelling drama.

Ray, 2015-10-15 Interracial sex mattered to the British colonial state in West Africa In Crossing the Color Line Carina E Ray goes beyond this fact to reveal how Ghanaians shaped and defined these powerfully charged relations The interplay between African and European perspectives and practices argues Ray transformed these relationships into key sites for consolidating colonial rule and for contesting its hierarchies of power With rigorous methodology and innovative analyses Ray brings Ghana and Britain into a single analytic frame to show how intimate relations between black men and white women in the metropole became deeply entangled with those between black women and white men in the colony in ways that were profoundly consequential Based on rich archival evidence and original interviews the book moves across different registers shifting from the micropolitics of individual disciplinary cases brought against colonial officers who kept local women to transatlantic networks of family empire and anticolonial resistance In this way Ray cuts to the heart of how interracial sex became a source of colonial anxiety and nationalist agitation during the first half of the twentieth century
