Rapists Beware:

Rapists beware James Atkinson Smith, 1979 Rape, Incest, and Sexual Harassment Nancy L. Carlson, Kathryn Quina, 1989-12-11 A working guide to the treatment of survivors of sexual victimization this book treats rape incest and harassment as related forms of sexual abuse It reviews present literature on the long term effects of sexual assault and considers the services and support that survivors require Covering a wide range of issues and treatment approaches focus is placed on the older adolescent and adult The phases of recovery following sexual abuse are described together with the type of assistance most appropriate at each phase The authors provide numerous case studies and emphasize the individuality of both survivor and response This guide should be used by both professional and layperson to help the sexually abused transcend feelings of victimization Rape Incest and Sexual Harassment discusses the issues raised by victimization It then deals with the immediate aftermath of sexual abuse focusing on crisis intervention and advocacy with respect to emotional medical and legal needs One section devoted to counselors working with long term effects on survivors matches interventions to the individual client's needs and offers models for counseling frameworks Special needs are also addressed The book concludes with a look at the larger social problems associated with abuse and violence *Sexual Crime* Caryn E. Neumann, 2009-12-14 A contemporary fact filled resource on the historical legal medical and political aspects of a wide variety of sexual crimes Authoritative and informative Sexual Crime A Reference Handbook offers a thoroughly up to date report on an issue of extraordinary urgency It is an expert introduction to a variety of often misunderstood crimes Sexual Crime begins with a background chapter outlining the causes and definitions of sexual crime legal and cultural attitudes over the past three centuries and common myths surrounding this sensitive subject It then offers wide ranging coverage of issues including date rape crimes involving male victims rape in prison female perpetrators medical treatments political ramifications and other contemporary issues Inside the Mind of Sexual Offenders Dennis J. Stevens, 2001 This book is about sexual offenders Not the ones on television or at your local movie theater These are real violators engaged in compulsive criminally violent behavior including abduction serial rape sexual homicide necrophilia and other grotesque acts visited upon a vulnerable American population whose justice system fails to control That is this work departs from an antiseptic world of fiction for a frightening glimpse through the eyes of men women children who like cross eyed creatures lurking on a different plane of existence see their wickedness through a mask of sanity This work contains a full disclosure of three generations of incarcerated sexual offenders from grandparents to their grandchildren who committed the most horrendous acts towards others In fact there is no way of knowing how many victims this family assaulted but in the final analysis there are specifics that you will come to understand about them that may change your point of view about that ultimate punishment available to us The chapter on predatory pedophiles is a case study of three predators ranging in age from 17 to 52 It reveals the realities of pedophiles and explains why most pedophiles are rarely apprehended and if they are

why they are eventually released from custody United States Reports, V. 554, Cases Adjudged in the Supreme Court at October Term, 2007, June 16 Through October 3, 2008, End of Term Supreme Court (U S),2013-04-04 United States Reports United States. the complacent view that equality for women has already been achieved in her analysis of depictions of rape in US film television and independent video This study addresses the relationship between rape and postfeminism *Your Security in South Africa* Craig B. Roseveare, 2017-09-11 This book is primarily about securing your home against potential unwanted intruders and keeping your family safe The rise in violent crime affecting my country stems directly from an increase in criminal behavior and farm attacks resulting in loss of innocent lives in my country The message in this book goes out to all innocent law abiding citizens of South Africa It is time to take a stand and prepare yourselves against becoming victims of the lawlessness plaguing our country The authorities themselves face great challenges numerous obstacles and insufficient support As a result we are losing the battle against all crime and particularly violent crime It is now up to individual citizens to change their mind set and become unbeatable adversaries of the criminal element I don't advocate vigilantism or breaking the law in order to achieve this What I suggest instead is that people need to develop the mental and physical skills to avoid violence in the first place and then if necessary use a level of violence higher than that which would be imposed on them in a conflict situation
