**The Celestial Railroad and Other Stories** Nathaniel Hawthorne, 2006-08-01. Of Nathaniel Hawthorne's insight into the Puritan's simultaneous need for fulfillment and self-destruction, D. H. Lawrence wrote: "Nathaniel knew disagreeable things in his inner soul. He was careful to send them out in disguise. By means of artfully crafted and compelling tales, Hawthorne explored the destinies and concerns of early American settlers and citizens. In several of the stories in this collection, characters who hold themselves apart from their fellow man fall prey to the corroding desires of lust for perfection. Then they unwittingly commit evils against themselves and others in the name of pride." Edgar Allan Poe noted of Hawthorne's writing: "Every word tells, and there is not a word which does not tell."

**Great Short Stories: Detective, Ghost, Romance and Adventure Stories (Complete)** Various Authors, 1932-01-01. It was high holiday at Father Merlier's mill on that pleasant summer afternoon. Three tables had been brought out into the garden and placed end to end in the shade of the great elm, and now they were awaiting the arrival of the guests. It was known throughout the length and breadth of the land that that day was to witness the betrothal of old Merlier's daughter Françoise to Dominique, a young man who was said to be not overfond of work but whom never a woman for three leagues of the country around could look at without sparkling eyes. Such a well-favored young fellow was he. That mill of Father Merlier's was truly a very pleasant spot. It was situated right in the heart of Rocreuse, at the place where the main road makes a sharp bend. The village has but a

single street bordered on either side by a row of low whitened cottages but just there where the road curves there are broad stretches of meadow land and huge trees which follow the course of the Morelle cover the low grounds of the valley with a most delicious shade All Lorraine has no more charming bit of nature to show To right and left dense forests great monarchs of the wood centuries old rise from the gentle slopes and fill the horizon with a sea of waving trembling verdure while away toward the south extends the plain of wondrous fertility and checkered almost to infinity with its small enclosures divided off from one another by their live hedges But what makes the crowning glory of Rocreuse is the coolness of this verdurous nook even in the hottest days of July and August The Morelle comes down from the woods of Gagny and it would seem as if it gathered to itself on the way all the delicious freshness of the foliage beneath which it glides for many a league it brings down with it the murmuring sounds the glacial solemn shadows of the forest And that is not the only source of coolness there are running waters of all sorts singing among the copses one can not take a step without coming on a gushing spring and as he makes his way along the narrow paths seems to be treading above subterrene lakes that seek the air and sunshine through the moss above and profit by every smallest crevice at the roots of trees or among the chinks and crannies of the rocks to burst forth in fountains of crystalline clearness So numerous and so loud are the whispering voices of these streams that they silence the song of the bullfinches It is as if one were in an enchanted park with cascades falling and flashing on every side The meadows below are never athirst The shadows beneath the gigantic chestnut trees are of inky blackness and along the edges of the fields long rows of poplars stand like walls of rustling foliage There is a double avenue of huge plane trees ascending across the fields toward the ancient castle of Gagny now gone to rack and ruin In this region where drought is never known vegetation of all kinds is wonderfully rank it is like a flower garden down there in the low ground between those two wooded hills a natural garden where the lawns are broad meadows and the giant trees represent colossal beds When the noonday sun pours down his scorching rays the shadows lie blue upon the ground vegetation slumbers in the genial warmth while every now and then a breath of almost icy coldness rustles the foliage Such was the spot where Father Merlier's mill enlivened nature run riot with its cheerful clack The building itself constructed of wood and plaster looked as if it might be coeval with our planet Its foundations were in part laved by the Morelle which here expands into a clear pool A dam a few feet in height afforded sufficient head of water to drive the old wheel which creaked and groaned as it revolved with the asthmatic wheezing of a faithful servant who has grown old in her place Whenever Father Merlier was advised to change it he would shake his head and say that like as not a young wheel would be lazier and not so well acquainted with its duties and then he would set to work and patch up the old one with anything that came to hand old hogshead staves bits of rusty iron zinc or lead The old wheel only seemed the gayer for it with its odd round countenance all plumed and feathered with tufts of moss and grass and when the water poured over it in a silvery tide its gaunt black skeleton was decked out with a gorgeous display of pearls and diamonds

The Half-vanished Structure Magnus Ullén, 2004. This book takes issue with the tendency in twentieth-century Hawthorne criticism to blur the distinction between symbolism and allegory. Rejecting the long-standing notion that Hawthorne is a symbolist in allegorical disguise, Ullén argues that allegory is the key to understanding how religion, sexuality, aesthetics, and politics are interwoven in Hawthorne's writings. The study presents a model for allegorical interpretation of general applicability which is brought to bear on each of Hawthorne's mature romances and on the oft-neglected Wonder Books written for children. An unparalleled analysis of the formal intricacies of Hawthorne's writings, this book is an eloquent plea for the necessity of grounding ideological analysis in aesthetical considerations. **Scenes of Shame** Joseph

Adamson, Hilary Anne Clark, 1999-01-01. Explores the role of shame as an important affect in the complex psychodynamics of literary and philosophical works. *Nightmare, Envy and Other Stories* George Blaustein, 2018. What has it meant to be an Americanist? What did it mean to be an Americanist through fascism, war, and occupation? *Nightmare, Envy and Other Stories* is a study of Americanist writing and institutions in the 20th century. Four chapters trace four routes through the mid-twentieth century. The first chapter is the hidden history of American Studies in the United States, Europe, and Japan. The second is the strange career of national character in anthropology. The third is a contest between military occupation and cultural diplomacy in Europe. The fourth is the emergence and fate of the American Renaissance as the scholar and literary critic F. O. Matthiessen carried a canon of radical literature across the Iron Curtain. Each chapter culminates in the postwar period when the ruin of postwar Europe led writers and intellectuals on both sides of the Atlantic to understand America in new ways. Many of our modern myths of the United States and Europe were formed in this moment. Some saw the United States assume the mantle of cultural redeemer. Others saw a stereotypical America, rich in civilization but poor in culture, overtake a stereotypical Europe, rich in culture and equally rich in disaster. Drawing on American and European archives, the book weaves cultural, intellectual, and diplomatic history with portraits of Matthiessen, Margaret Mead, Ruth Benedict, David Riesman, Alfred Kazin, and Ralph Ellison. It excavates the history of the Salzburg Seminar in American Civilization, where displaced persons, former Nazis, budding Communists, and glad-handing Americans met on the common ground of American culture. Others found keys to their own contexts in American books, reading *Moby-Dick* in the ruins. *Nightmare, Envy and Other Stories* chronicles American encounters with European disaster, European encounters with American fiction, and the chasms over which culture had to reach. **The Collected Gothic Tales of Nathaniel Hawthorne (Illustrated Edition)**

Nathaniel Hawthorne, 2023-11-25 Nathaniel Hawthorne's *The Collected Gothic Tales* is a masterful anthology that brings together his most evocative and haunting narratives illustrating the quintessential elements of Gothic literature. Crafted with a meticulous lyrical style, the tales delve into themes of sin, guilt, and the psychological complexities of human nature. Hawthorne's use of rich symbolism and setting, a hallmark of his work, creates an atmospheric tension that breathes life into his characters and the often eerie landscapes that surround them. This illustrated edition enhances the reading experience as images complement the dark and introspective themes that define Hawthorne's unique voice within the American literary canon.

Nathaniel Hawthorne, born in 1804 in Salem, Massachusetts, was deeply influenced by his Puritan ancestry and the moral dilemmas of his youth. His experiences, including his time in Salem, the haunting tales of witch trials, and an interest in the psychological underpinnings of morality, propelled him toward creating stories that reveal the darkness lurking beneath the surface of human existence. His background in history and literature, coupled with a profound understanding of human psychology, allowed him to imbue his tales with intricate layers of meaning. For readers drawn to the intricacies of human emotion and the tension between good and evil, Hawthorne's *The Collected Gothic Tales* is an invaluable exploration. This collection not only showcases the author's eerie storytelling prowess but also acts as a mirror reflecting our own moral complexities. A must-read for fans of Gothic literature and those seeking to understand the darker facets of the human condition.

**Girls who Went Wrong** Laura Hapke, 1989 Hapke examines how writers attempted to turn an outcast into a heroine in literature, otherwise known for its puritanical attitude toward the fallen woman. She focuses on how these authors, all male, expressed late Victorian conflicts about female sexuality. Hapke reevaluates Crane's *Maggie*, *A Girl of the Streets*, discusses neglected prostitution fiction by authors Joaquin Miller, Edgar Fawcett, and Harold Frederic, and surveys progressive white slave novels.
