Dent, 1979 In editing this collection Hugh Taylor has brought together Dent's learned but always readable criticism **Pasta** Silvano Serventi, Françoise Sabban, 2002-11-06 Ranging from the imperial palaces of ancient China and the bakeries of fourteenth century Genoa and Naples all the way to the restaurant kitchens of today Pasta tells a story that will forever change the way you look at your next plate of vermicelli Pasta has become a ubiquitous food present in regional diets around the world and available in a host of shapes sizes textures and tastes Yet although it has become a mass produced commodity it remains uniquely adaptable to innumerable recipes and individual creativity Pasta The Story of a Universal Food shows that this enormously popular food has resulted from a lengthy process of cultural construction and widely diverse knowledge skills and techniques Many myths are intertwined with the history of pasta particularly the idea that Marco Polo brought pasta back from China and introduced it to Europe That story concocted in the early twentieth century by the trade magazine Macaroni Journal is just one of many fictions unmasked here The true homelands of pasta have been China and Italy Each gave rise to different but complementary culinary traditions that have spread throughout the world From China has come pasta made with soft wheat flour often

served in broth with fresh vegetables finely sliced meat or chunks of fish or shellfish Pastasciutta the Italian style of pasta is generally made with durum wheat semolina and presented in thick tomato based sauces The history of these traditions told here in fascinating detail is interwoven with the legacies of expanding and contracting empires the growth of mercantilist guilds and mass industrialization and the rise of food as an art form Whether you are interested in the origins of lasagna the strange genesis of the Chinese pasta bing or the mystique of the most magnificent pasta of all the timballo this is the book for you So dig in *The Builder* ,1875 *Italy* Andrew Whittaker,2010 Speak the Culture Italy offers a rich and engaging insight into the events people and movements that have shaped Italy and the Italians A guidebook can show you where to go a phrase book what to say but only Speak the Culture Italy will lead you to the nation s soul The Italian character is complex contradictory alluring and infinitely variable heirs to the greatest empire of the ancient world but almost ungovernable cradle of western civilization as well as the Mafia maestros of modern design mired in old fashioned bureaucracy epicentre of the Catholic Church and exemplars of la dolce vita Where do you start Giotto Caravaggio Murky Etruscan tombs or the mighty Roman Pantheon Speak the Culture Italy sifts through a sprawling 3 000 year saga and makes sense of it dissecting architecture music food art literature cinema family and much more Culture is covered in its broadest sense extending into every aspect of Italian life food and drink religion politics sport manners character and so on While the Italian peninsula has its ancient history it s been a unified nation for less than 150 years Lo Stivale or the famous Boot is young the nuances of strong surviving regional identities are important and revealed Taken as a whole Speak the Culture Italy gives you an insight into what it means to be Italian but it s also a book to dip into to learn for instance about Giuseppe Verdi Sophia Loren or Umberto Eco Easily read and beautifully illustrated this the fourth in the Speak the Culture series offers an intimate understanding of Italian life and culture for new residents second home owners holidaymakers business travelers students and lovers of Italy everywhere *Renaissance in Italy* John Addington Symonds,1898 *Renaissance in Italy: Italian literature* John Addington Symonds,1914 **A Night at the Opera** Sir Denis Forman,2011-10-05 Delightful and anti reverential Sunday Times London With an encyclopedic knowledge of opera and a delightful dash of irreverence Sir Denis Forman throws open the world of opera its structure composers conductors and artists in this hugely informative guide A Night at the Opera dissects the eighty three most popular operas recorded on compact disc from Cilea s Adriana Lecouvreur to Mozart s Die Zauberflöte For each opera Sir Denis details the plot and cast of characters awarding stars to parts that are worth looking out for really good or occasionally stunning He goes on to tell the history of each opera and its early reception Finally each work is graded from alpha to gamma although the Ring cycle gets an X and Sir Denis has no qualms about voicing his opinion the first act of Fidelio is a bit of a mess while the last scene of Don Giovanni towers above the comic finales of Figaro and Cos and whether or not it is Mozart s greatest opera it is certainly his most powerful finale The guide also presents brief biographies of the great composers conductors and singers A glossary of musical terms is included as well
