A Dictionary of English Normative Grammar 1700–1800 (DENG) Bertil Sundby, Anne Kari Bjørge, Kari E. Haugland, 1991-01-01 Eighteenth century English grammarians plead eloquently for purity precision and perspicuity but their method of teaching largely amounts to citing examples of impurity imprecision and lack of clarity from contemporary writings This book is the first of its kind to provide a detailed systematic account of such errors Apart from source and page references the Dictionary gives the context of the error I have not wept this forty years the correct or target form these forty years the name of the authors quoted by the grammarians Addison Swift and the labels which sum up their assessment of the error absurd solecism It operates with error categories such as ambiguity ellipsis and government fourteen in all which are subdivided into grammatically described main entries subentries and so on The Introduction includes a guide to the use of the Dictionary the grammatical code and a discussion of grammatical concepts error typologies problems of identifying literary sources attitudes to correctness grammatical figures and other topics A Bibliography and an Index of lexical items and technical terms round off the volume The way the Dictionary is organized should make it possible to find in it the answer to a wide variety of questions pertaining to grammar style and linguistic historiography **Legislative Document** New York (State). 1927 pt.2 ,1928 Race Neutrality Samuel L. Myers, Inhyuck Ha, 2018-10-15 There are wide racial disparities in virtually every sphere of economic life African American workers earn less than whites They are more likely to be denied loans than whites Minority owned businesses are less likely to win lucrative bids on state and federal contracts than are white male owned businesses Black children are more likely than whites to be reported to child protective services for neglect or abuse There are even huge disparities in downing rates between blacks and whites What to do about these disparities There is a fundamental disagreement about the appropriate remedies to these varied indicators of racial inequality Part of the disagreement stems from differences in public perceptions about the underlying causes of the inequality But another form of disagreement relates to the opposition to the remedy of choice during much of the 1970s and 1980s Affirmative Action Race conscious remedies like affirmative action policies in hiring college admissions and business contracting suffer from legal and constitutional challenges compounded by hostility from the majority of Americans The alternative race neutral remedies attempt to address racial disparities without directly targeting benefits exclusively to racial minority group members In doing so race neutral remedies putatively help minorities without hurting majority group members The authors of Race Neutrality Rationalizing Remedies to Racial Inequality make the case that policy analysts should shift from a focus on whether a remedy is race conscious or not to a focus on the underlying problem that the alternative remedies is attempting to resolve This type of rethinking of the problem of racial inequality will reveal that sometimes race neutral remedies hold great promise in reducing disparities Often however race neutral remedies fail to do what they are intended to do The authors challenge the reader to think about why race neutral remedies while desirable on their face might fail to resolve protracted and persistent patterns of racial inequality in market and non market contexts **Annual report of the State Department of Health of New York. pt.2, 1925 ,1927 Catalogue of Rare Books** Ellis (Firm), 1929 *Treatises in an Interstate Commerce and Railway Traffic Course* La Salle Extension University, 1920 **The Bibliophile Library of Literature, Art and Rare Manuscripts** Forrest Morgan, Caroline Ticknor, 1904 **Rare Books, Manuscripts and Letters, Including the Fine Collection Formed by William Hermann of White Plains, N.Y. ... to be Sold March 18 and 19, 1909 ...** William Hermann, 1909 Digest of Public Utilities Reports ,1922 The Numismatic Circular and Catalogue of Coins, Tokens, Commemorative & War Medals, Books & Cabinets Spink & Son, 1904 **Spink & Son's Monthly Numismatic Circular ,1894**
