Standing by the Ruins Ken Seigneurie,2011 Since the mid 1970s Lebanon has been at the center of the worldwide rise in sectarian extremism Its cultural output has both mediated and resisted this rise *Standing by the Ruins* reviews the role of culture in supporting sectarianism yet argues for the emergence of a distinctive aesthetic of resistance to it Focusing on contemporary Lebanese fiction film and popular culture this book shows how artists reappropriated the twin legacies of

commitment literature and the ancient topos of standing by the ruins to form a new elegiac humanism during the tumultuous period of 1975 to 2005 It redirects attention to the critical role of culture in conditioning attitudes throughout society and is therefore relevant to other societies facing sectarian extremism Standing by the Ruins is also a strong intervention in the burgeoning field of World Literature Elaborating on the great Arabist Hilary Kilpatrick's crucial insight that ancient Arabic forms and topoi filter into modern literature the author details how the standing by the ruins topos and the structure of feeling it conditions has migrated over time Modern Arabic novels feature films and popular culture far from being simply cultural imports are hybrid forms deployed to respond to the challenges of contemporary Arab society As such they can take their place within a World Literature paradigm they are cultural products that travel and intervene in the world Dapaan Ipsita Chakravarty,2025-03-24 In Kashmir folktales often begin with the word dapaan it is said So too do local narratives told and retold about the past among people who have lived through nearly eight decades of a bitter contest between India and Pakistan This is a story about stories In the hyper nationalist din over a territorial dispute Kashmiri voices are often drowned out Yet the region is home to long habits of storytelling its communities intensely engaged with history keeping For centuries folk traditions of theatre song and fable have flowed into a reservoir of common talk Mythology hearsay and historical memory coexist here without any apparent hierarchies By the time armed rebellion spread through Kashmir in 1989 many of these traditions had died out or been forced underground But they have left traces in the way ordinary people speak about the conflict in their songs of loss and jokes about dark times in fantastical geographies and rumours turning the Valley's militarisation into a ghostly haunting From Partition to the 2019 Indian crackdown Ipsita Chakravarty discovers a vivid distinctly Kashmiri vision of events that have often been narrated from the top down Her interviewees conjure a kaleidoscope of towns and villages shaping their own memories **Methuselah's Pillar** W. Military Rule: The Return of the Manderville Mark S. Bennison,2012-01-27 A writer uses his imagination to create

intriguing characters and a gripping storyline and author Mark had achieved this in creating his debut novel *Military Rule*. Mandeville has become the voice of Seeker One formerly part of a covert long term US military operation for gathering intelligence via infiltration of worldwide computer networks two years ahead of Mark's time. His aim to control Mark's here and now and determine the future by revisiting the past and installing virtual beings on Earth multiple selves of their human counterparts hooked up to terminals on Seeker One to create confusion and influence humans thoughts and beliefs in his favour. Suddenly author character roles appear to have become reversed and Mark finds himself caught between two factions the white eyed of Mandeville's Network and the red eyed splinter group representing the Lord and Allah respectively each trying to influence Mark's imagination of the truth and represent their own version of the book of revelations to humankind. Mark's choices are no longer those of the author of a work of fiction the path he takes now will literally determine the future of the world.
