**Raskolnikov's Rebirth** İlham Dilman, 2000 Author İlham

Dilman explains why a thoughtful psychology encompassing the varied modes of being experienced by humans is the best tool for investigating the nature of good and evil To illustrate he employs Raskolnikov Dostoyevsky's axe murdering protagonist in *Crime and Punishment* following his alienation from goodness his return to it and finally his ethical rebirth

*Crime and Punishment* Fyodor Dostoevsky, 2020-10-06 A seemingly well reasoned justification of murder comes to pieces as the murderer is forced to confront the true nature of his crime After much thought Rodion Raskolnikov determines that certain special people deserve the right to step outside of normal law and order to accomplish difficult deeds for the good of others and even humanity as a whole Trapped in desperate poverty he justifies his plan to rob and kill a rich unpopular pawnbroker reasoning that he will take the money survive and go on to do good things for others The terrible act of murder and the unstoppable cascade of events that follow throw Raskolnikov into a nightmare of mental unbalance and moral torment One situation after another arises that drives home his guilt and shows how his brutal act has resulted in nothing but destruction and pain A surprise visit from family and a policeman who seems teasingly sardonically aware of his guilt thrust Raskolnikov into a position where he can't tell if even confession will supply meaningful redemption First published in 1866 *Crime and Punishment* stands as one of the most acclaimed novels of all time and remains unsurpassed in its penetrating psychology and raw glimpses of a mind wracked by moral confusion and fundamental questions of how to do the right thing With an eye catching new cover and professionally typeset manuscript this edition of *Crime and Punishment* is both modern and readable

**Dostoevsky** Joseph Frank, 2009-10-19 A magnificent one volume abridgement of one of the greatest literary biographies of our time Joseph Frank's award winning five volume *Dostoevsky* is widely recognized as the best biography of the writer in any language and one of the greatest literary biographies of the past half century Now Frank's monumental 2500 page work has been skillfully abridged and condensed in this single highly readable volume with a new preface by the author Carefully preserving the original work's acclaimed narrative style and combination of biography intellectual history and literary criticism *Dostoevsky A Writer in His Time* illuminates the writer's works from his first novel *Poor Folk* to *Crime and Punishment* and *The Brothers Karamazov* by setting them in their personal historical and above all ideological context More than a biography in the usual sense this is a cultural history of nineteenth century Russia providing both a rich picture of the world in which Dostoevsky lived and a major reinterpretation of his life and work

*Dostoevsky's "Crime and Punishment"* Deborah A. Martinsen, 2022-02-22 *Crime and Punishment A Reader's Guide* focuses on narrative strategy psychology and ideology Martinsen demonstrates how Dostoevsky first plunges the reader into Raskolnikov's fevered brain creating sympathy for him and she explains why most readers root for him to get away from the scene of the crime Dostoevsky subsequently provides outsider perspectives on Raskolnikov's thinking effecting a conversion in reader sympathy

By examining the multiple justifications for murder Raskolnikov gives as he confesses to Sonya Dostoevsky debunks rationality based theories Finally the question of why Raskolnikov and others including the reader focus on the murder of the pawnbroker and forget the unintended murder of Lizaveta reveals a narrative strategy based on shame and guilt

**Portrait of the Psychiatrist as a Young Man** Allan Beveridge, 2011-08-25 RD Laing remains one of the most famous psychiatrists of the last 50 years In the 1960s he enjoyed enormous popularity and received much publicity for his controversial views challenging the psychiatric orthodoxy He championed the rights of the patient and challenged the often inhumane methods of treating the mentally ill Based on a wealth of previously unexamined archives relating to his private papers and clinical notes Portrait of the Psychiatrist as a Young Man sheds new light on RD Laing and in particular his early formative years a crucial but largely overlooked period in his life The first half of the book considers Laing's intellectual journey through the world of ideas and his development as a psychiatric theorist An analysis of his notebooks and personal library reveals Laing's engagement not only with psychiatric theory but also with a wide range of other disciplines such as philosophy literature and religion This part of the book considers how this shaped Laing's writing about madness and his evolution as a clinician The second half draws on a rich and completely unexplored collection of Laing's clinical notes which detail his encounters with patients in his early years as a psychiatrist firstly in the British Army subsequently in the psychiatric hospitals of Glasgow and finally in the Tavistock Clinic in London These notes reveal what Laing was actually doing in clinical practice and how theory interacted with therapy The majority of patients who were to appear in Laing's first two books The Divided Self and The Self and Others have been identified from these records and this volume provides a fascinating account of how the published case histories compare to the original notes There is a considerable mythology surrounding Laing partly created by himself and partly by subsequent commentators By a careful examination of primary sources Allan Beveridge both a psychiatrist and an historian examines the many mythological narratives about Laing and provide a critical but not unsympathetic account of this colourful and contradictory thinker who addressed questions about the nature of madness which are still being asked today This book will be of interest to mental health workers and social historians alike as well as anybody interested in the philosophy of psychiatry

**Past and Present Political Theology** Dennis Vanden Auweele, Miklos Vassányi, 2020-04-02 This book demonstrates how discussions of Political Theology have been a constant feature throughout philosophical modernity and that they continue to impact contemporary political debates By tracing the historical roots and detailing the contemporary outworking of Political Theology in Europe it contends that this growing field requires a broader canon in order for it to mature Political Theology is

shown here to be about the diversity of relationships between religious beliefs and political orientations First engaging with historical debates chapters re examine the relationship between personal conviction and societal orientation on such topics as the will to believe evil individualism the relationship between church and state and the relationship between belief and natural science The volume then establishes the relevance of these debates for the present day As such it invites engagement on the back and forth between religion and politics in a liberal democracy and a communist state on how communitarianism relates to religious language on the diversity of Christian and Jewish political theology and the politics of toleration By broadening out the field of Political Theology this book offers the reader a more nuanced understanding of its sustained influence on public life As such it will be of interest to academics working in Political Theology but also Theology Philosophy and Political Science more generally

**The Narrative Shape of Truth** Ilya Kliger, 2011-04-18 Its champions and its detractors have often understood the novel as the genre par excellence of truthlessness The Narrative Shape of Truth counters this widely accepted view It argues instead that the novel has found new historically specific configurations of truth and narrative The nineteenth century novel in particular can be understood as responding to the emerging tendency to view truth as inseparable from rather than opposed to time Ilya Kliger offers a nonreductive way of reading the histories of philosophy and the novel side by side He identifies the crucial moment in the epistemological history of narrative when at the end of the eighteenth century a new structural affiliation between truth and time emerged This book examines novels by four authors Balzac Stendhal Dostoevsky and Tolstoy as well as the writings of leading European intellectuals and philosophers Kliger argues that the realist novel can be conceived as prompting us and giving us the means to think of truth differently as immanent in a temporal shape rather than transcendent in a principle a fact or a higher order

**Fyodor Dostoevsky** Harold Bloom, 2009 Presents a biography the Russian author Fyodor Dostoevsky along with critical views of his work *Redemption and the Merchant God* Susan McReynolds Oddo, 2008 Dostoyevsky's antisemitism manifested in his writings of the 1870s seems to contradict his humanism and many critics have tended to dismiss it as a marginal detail of the writer's views Argues however that antisemitism held an important place in Dostoyevsky's ethical system and was linked to his vexed relationship with Christianity Notes that he staunchly held three ethical principles sanctity of children incompatibility of ethics with utilitarianism and calculation and the view that every kind of authority was bound by the same moral strictures as individuals Thus he could not accept a God who had sacrificed his son or a redemption brought about by the suffering of a child Jesus Dostoyevsky invented the image of a Jew onto whom he could project everything that was unacceptable to him in religion and Western ethics He considered the merchant ethics of both liberalism and socialism to be a Jewish idea and in particular regarded the politics of the Jew Disraeli as an embodiment of such ethics to sacrifice innocent Balkan Slavs in the name of supreme political principles In the 1870s Dostoyevsky increasingly contrasted the Russian conception of God and compassion for the weak with the Jewish Western merchant God and the idea of obtaining benefits for one person from the suffering of another innocent person He developed a conception of principal opposition between things Russian and things Jewish

**The Sinner and the Saint** Kevin Birmingham, 2021-11-16 A New York Times Book Review Editors Choice One of The East Hampton Star s 10 Best Books of the Year From the New York Times bestselling author of The Most Dangerous Book the true story behind the creation of another masterpiece of world literature Fyodor Dostoevsky s Crime and Punishment The Sinner and the Saint is the deeply researched and immersive tale of how Dostoevsky came to write this great murder story and why it changed the world As a young man Dostoevsky was a celebrated writer but his involvement with the radical politics of his day condemned him to a long Siberian exile There he spent years studying the criminals that were his companions Upon his return to St Petersburg in the 1860s he fought his way through gambling addiction debilitating debt epilepsy the deaths of those closest to him and literary banishment to craft an enduring classic The germ of Crime and Punishment came from the sensational story of Pierre Fran ois Lacenaire a notorious murderer who charmed and outraged Paris in the 1830s Lacenaire was a glamorous egoist who embodied the instincts that lie beneath nihilism a western influenced philosophy inspiring a new generation of Russian

revolutionaries Dostoevsky began creating a Russian incarnation of Lacenaire a character who could demonstrate the errors of radical politics and ideas His name would be Raskolnikov Lacenaire shaped Raskolnikov in profound ways but the deeper insight as Birmingham shows is that Raskolnikov began to merge with Dostoevsky Dostoevsky was determined to tell a murder story from the murderer s perspective but his character couldn t be a monster No The murderer would be chilling because he wants so desperately to be good The writing consumed Dostoevsky As his debts and the predatory terms of his contract caught up with him he hired a stenographer to dictate the final chapters in time Anna Grigorievna became Dostoevsky s first reader and chief critic and changed the way he wrote forever By the time Dostoevsky finished his great novel he had fallen in love Dostoevsky s great subject was self consciousness Crime and Punishment advanced a revolution in artistic thinking and began the greatest phase of Dostoevsky s career The Sinner and the Saint now gives us the thrilling and definitive story of that triumph *Dostoevsky* Rowan Williams,2008-01-01 Rowan Williams explores the intricacies of speech fiction metaphor and iconography in the works of one of literature s most complex and most misunderstood authors Williams investigation focuses on the four major novels of Dostoevsky s maturity Crime and Punishment The Idiot Devils and The Brothers Karamazov He argues that understanding Dostoevsky s style and goals as a writer of fiction is inseparable from understanding his religious commitments Any reader who enters the rich and insightful world of Williams Dostoevsky will emerge a more thoughtful and appreciative reader for it Challenging the Bard Gary Rosenshield,2013-07-08 In this book the author engages with the critical histories of two literary titans illuminating how Dostoevsky reacted to challenged adapted and ultimately transformed the work of his predecessor Pushkin Focusing primarily on Dostoevsky s works through 1866 including Poor Folk The Double Mr Prokharchin The Gambler and Crime and Punishment the author observes that the younger writer s way to literary greatness was not around Pushkin but through him **Border Crossing** Alexander Burry,2016-04-08 Each time a border is crossed there are cultural political and social issues to be considered Applying the metaphor of the border crossing from one temporal or spatial territory into another Border Crossing Russian Literature into Film examines the way classic Russian texts have been altered to suit new cinematic environments In these essays international scholars examine how political and economic circumstances from a shifting Soviet political landscape to the perceived demands of American and European markets have played a crucial role in dictating how filmmakers transpose their cinematic hypertext into a new environment Rather than focus on the degree of accuracy or fidelity with which these films address their originating texts this innovative collection explores the role of ideological political and other cultural pressures that can affect the transformation of literary narratives into cinematic offerings
