Rat A Love Story:

Rat Rich Watson,2001 **A Desperate Game** John Maddison Morton,2023-10-23 A Desperate Game A Comic Drama in One Act by John Maddison Morton is a brilliantly crafted comedic drama that captures the essence of desperation in a light hearted manner Morton s wit combined with engaging character interactions and unexpected twists makes this one act play a delightful read for theatre enthusiasts and lovers of comedy *Rats, Lice and History* Hans Zinsser,2007-01-01 Originally published Boston Printed and Pub for the Atlantic Monthly Press by Little Brown and Company 1935 Rats, Lice and History Hans Zinsser,2017-07-28 When Rats Lice and History appeared in 1935 Hans Zinsser was a highly regarded Harvard biologist who had never written about historical events Although he had published under a pseudonym virtually all of his previous writings had dealt with infections and immunity and had appeared either in medical and scientific journals or in book format Today he is best remembered as the author of Rats Lice and History which gone through multiple editions and remains a masterpiece of science writing for a general readership To Zinsser scientific research was high adventure and the investigation of infectious disease a field of battle Yet at the same time he maintained a love of literature and philosophy His goal in Rats Lice and History was to bring science philosophy and literature together to establish the importance of disease and especially epidemic infectious disease as a major force in human affairs Zinsser cast his work as the biography of a disease In his view infectious disease simply represented an attempt of a living organism to survive From a human perspective an invading pathogen was abnormal from the perspective of the pathogen it was perfectly normal This book is devoted to a discussion of the biology of typhus and history of typhus fever in human affairs Zinsser begins by pointing out that the louse was the constant companion of human beings Under certain conditions to wash or to change clothing lice proliferated The typhus pathogen was transmitted by rat fleas to human beings who then transmitted it to other humans and in some strains from human to human Rats Lice and History is a tour de force It combines Zinsser s expertise in biology with his broad knowledge of the humanities *Pixar with Lacan* Lilian Munk Rosing,2017-06-29 The films from Pixar Animation Studios belong to the most popular family films today From Monsters Inc to Toy Story and Wall E the animated characters take on human qualities that demand more than just cultural analysis What animates the human subject according to Pixar What are the ideological implications Pixar with Lacan has the double aim of analyzing the Pixar films and exemplifying important psychoanalytic concepts the voice the gaze partial object the Other the object a the primal father the name of the father symbolic castration the imaginary the real the symbolic desire and drive the four discourses masculine feminine examining the ideological implications of the images of human existence given in the films **A Trauma Artist** Mark A. Heberle,2001-04 Based on recent conversations with Tim O Brien previously published interviews and new readings of all his works including Tomcat in Love this book is the first study to concentrate on the role and representation of trauma as the central focus of all O Brien s works Book jacket *War in Tim O'Brien's The Things They Carried* Gary Wiener,2011-06-13

This did not happen is a common refrain throughout the stories in *The Things They Carried* Tim O'Brien's account of the Vietnam War purposely blurs the line between fact and fiction to get closer to the truth of what soldiers actually experienced This compelling volume explores the life of Tim O'Brien and his attempts to wrestle with the trauma and shame of war in *The Things They Carried* A collection of related essays explore topics such as the moral complexity of war writing as a path to spiritual redemption and the novel's portrayal of gender Contemporary perspectives on war such as the need to help soldiers suffering from PTSD and not repeating the mistakes of Vietnam are also presented **Rat Queens #1** Kurtis

Wiebe, 2013-09-25 Who are the Rat Queens A pack of booze guzzling death dealing battle maidens for hire and they're in the business of killing all gods creatures for profit It's also a darkly comedic fantasy series starring Hannah the Rockabilly Elven Mage Violet the Hipster Dwarven Fighter Dee the Atheist Human Cleric and Betty the Hippy Hobbit Thief This modern spin on an old school genre is a violent monster killing epic that is like Buffy meets Tank Girl in a Lord of the Rings world on crack

Waging War on War Giorgio Mariani, 2015-12-15 The notion that war plays a fundamental role in the United States idea of itself obscures the rich and by no means naive seam of anti-war thinking that winds through American culture Non-violent resistance far from being a philosophy of passive dreamers instead embodies Ralph Waldo Emerson's belief that peace can never be defended never be executed by cowards Giorgio Mariani rigorously engages with the essential question of what makes a text explicitly anti-war Ranging from Emerson and Joel Barlow to Maxine Hong Kingston and Tim O'Brien *Waging War on War* explores why sustained attempts at identifying the anti-war text's formal and philosophical features seem to always end at an impasse Mariani moves a step beyond to construct a theoretical model that invites new inquiries into America's nonviolent nonconformist tradition even as it challenges the ways we study U.S. warmaking and the cultural reactions to it In the process he shows how the ideal of nonviolence and a dislike of war have been significant if nonhegemonic features of American culture since the nation's early days Ambitious and nuanced *Waging War on War* at last defines anti-war literature while exploring the genre's role in an assertive peacefighting project that offered and still offers alternatives to violence **Choreographies of the Living** Carrie Rohman, 2018

Choreographies of the Living explores the implications of shifting from viewing art as an exclusively human undertaking to recognizing it as an activity that all living creatures enact Carrie Rohman reveals the aesthetic impulse itself to be profoundly trans-species and in doing so she revises our received wisdom about the value and functions of artistic capacities Countering the long history of aesthetic theory in the West beginning with Plato and Aristotle and moving up through the recent claims of neuroaesthetics Rohman challenges the likening of aesthetic experience to an exclusively human form of judgment Turning toward the animal in new frameworks for understanding aesthetic impulses Rohman emphasizes a deep coincidence of humans and animals elaborations of fundamental life forces Examining a range of literary visual dance and performance works and processes by modernist and contemporary figures such as Isadora Duncan D.H. Lawrence Virginia Woolf and Merce Cunningham Rohman reconceives the

aesthetic itself not as a distinction separating humans from other animals but rather as a framework connecting embodied beings Her view challenges our species to acknowledge the shared status of art making one of our most hallowed and formerly exceptional activities

Bates, 2023-09-01 What Americans refer to as the Vietnam War embraces much more than the conflict with North Vietnam Milton J Bates considers the other conflicts that Americans brought to that war the divisions stemming from differences in race class sex generation and frontier ideology In exploring the rich vein of writing and film that emerged from the Vietnam War era he strikingly illuminates how these stories reflect American social crises of the period Some material examined here is familiar including the work of Michael Herr Tim O'Brien Philip Caputo Susan Sontag Francis Ford Coppola and Oliver Stone Other material is less well known Neverlight by Donald Pfarrer and De Mojo Blues by A R Flowers for example Bates also draws upon an impressive range of secondary readings from Freud and Marx to Geertz and Jameson As the products of a culture in conflict Vietnam memoirs novels films plays and poems embody a range of political perspectives not only in their content but also in their structure and rhetoric In his final chapter Bates outlines a politico poetics of the war story as a genre Here he gives special attention to our motives from the deeply personal to the broadly cultural for telling war stories What Americans refer to as the Vietnam War embraces much more than the conflict with North Vietnam Milton J Bates considers the other conflicts that Americans brought to that war the divisions stemming from differences in race class sex generation
