ACC291 Wk 5 LT - Ratio Analysis Memo, *Ratio analysis of financial KPI in the Higher Education sector: a case study* Bernard Mulholland, 2021-11-27 Based on observations that the nature of universities in the Higher Education sector in the UK appear to be changing from purely charitable organisations and moving into the business sector two interrelated questions arise which build one on the other These are Can ratio analysis of financial KPI be applied to universities in the HE sector in the UK and where appropriate a set of benchmarks extrapolated based upon an average score Are there other measures of financial KPI specific to the HE sector that can be developed to augment these For the purposes of this research a case study comprised of a representative sample of nine universities in the UK was selected from the Russell Group Table 1 2 because they have a shared vision mission and set of objectives that should better allow for comparative analysis between them There are two in Scotland one in Wales one in Northern Ireland and the five highest ranked English universities in the Times Higher Education World University Rankings for 2015 2016 The case study includes University of Oxford University of Cambridge Imperial College London ICL University College London UCL The London School of Economics and Political Science LSE PS University of Edinburgh University of Glasgow Cardiff University and Queen s University Belfast QUB The Appendix has juxtaposed tabulated data and graphs illustrating the financial KPI over a period of ten years for each university We hope you enjoy it and think the data is of interest A must read for anyone interested in the Higher Education sector or attending any other university who want to draw comparisons between their university and the Russell Group Author s note the data for much of this research came from 2006 2016 Annual Reports and so arguably provides a pre Brexit benchmark against which post Brexit data can be measured Book review of Ratio analysis of financial KPI in the Higher Education sector in Mensa Magazine Belfast based Mensan Bernard Mulholland is one of the

top ten read writers on the Academia book lists and his latest work while probably not a study for the general reader is already being met with considerable interest in the academic world Based on observations that the nature of universities in the Higher Education sector in the UK appear to be changing from purely charitable organisations and moving into the business sector this work asks two questions 1 Can ratio analysis of financial Key Performance Indicators be applied to universities in the Higher Education sector in the UK and where appropriate a set of benchmarks extrapolated based upon an average score 2 Are there other measures of financial KPI specific to the HE sector that can be developed to augment these To answer these questions a case study was undertaken comprised of a representative sample of nine universities in the UK selected from the Russell Group These included the University of Oxford University of Cambridge Imperial College London ICL University College London UCL The London School of Economics and Political Science LSE and PS University of Edinburgh University of Glasgow Cardiff University and Queen s University Belfast QUB The Appendix has juxtaposed tabulated data and graphs illustrating the financial KPI over a period of ten years 2006 2016 for each university If you are interested in the HE sector then this is one for you Editor 2022 How top universities compare on KPI Books Mensa Magazine August p 12
