The Little Old Lady Killer Susana Vargas Cervantes, 2017-04-25 The surprising true story of Mexico s hunt arrest and conviction of its first female serial killer For three years amid widespread public outrage police in Mexico City struggled to uncover the identity of the killer responsible for the ghastly deaths of forty elderly women many of whom had been strangled in their homes with a stethoscope by someone posing as a government nurse When Juana Barraza Samperio a female professional wrestler known as la Dama del Silencio the Lady of Silence was arrested and eventually sentenced to 759 years in prison for her crimes as the Mataviejitas the little old lady killer her case disrupted traditional narratives about gender criminality and victimhood in

the popular and criminological imagination Marshaling ten years of research and one of the only interviews that Juana Barraza Samperio has given while in prison Susana Vargas Cervantes deconstructs this uniquely provocative story She focuses in particular on the complex gendered aspects of the case asking Who is a killer Barraza with her manly features and strength her career as a masked wrestler in lucha libre and her violent crimes is presented here as a study in gender deviance a disruption of what scholars call mexicanidad or the masculine notion of what it means to be Mexican Cervantes also challenges our conception of victimhood specifically who counts as a victim The Little Old Lady Killer presents a fascinating analysis of what serial killing often considered killing for the pleasure of killing represents to us

dirigido por el despiadado capit n Valdomino Toscano uno de los jefes de los servicios de inteligencia que se dedica a buscar

opositores del gobierno para eliminarlos El ministro de Defensa Mauro Garz n cree en la inocencia de ellos y decide
