Retreat From China British Policy In The Far East 1937 1941:

Retreat From China Nicolas Clifford,1976-09-21 *Retreat from China* Nicholas Rowland Clifford,1967 **Britain's Imperial Retreat from China, 1900-1931** Phoebe Chow,2016-07-15 Britain's relationship with China in the nineteenth and early twentieth century is often viewed in terms of gunboat diplomacy unequal treaties and the unrelenting pursuit of Britain's own commercial interests This book however based on extensive original research demonstrates that in Britain after the First World War a combination of liberal Labour party pacifist missionary and some business opinion began to argue for imperial retreat from China and that this movement gathered sufficient momentum for a sympathetic attitude to Chinese demands becoming official Foreign Office policy in 1926 The book considers the various strands of this movement relates developments in Britain to the changing situation in China especially the rise of nationalism and the Guomindang and argues that contrary to what many people think the reassertion of China's national rights was begun successfully in this period rather than after the Communist takeover in 1949

Sino-British Negotiations and the Search for a Post-War Settlement, 1942-1949 Zhaodong Wang,2022-03-21 The book is a systematic study of the China Britain relationship during the 1942 1949 period with a particular focus on the two countries discussions over both the 1943 Sino British treaty and the discarded Sino British commercial treaty the future of Hong Kong and the political status of Tibet These were dominated by two underlying themes the elimination of the British imperialist position in China and the establishment of an equal and reciprocal bilateral relationship The negotiations started promisingly in 1942 1943 but by 1949 had failed to reach a satisfactory settlement Behind the failure lay a complex set of domestic considerations and external factors including the powerful influence of the United States Even after seven decades the failure still has a contemporary impact Recent Sino British disputes over the Hong Kong Anti Extradition Law Amendment Bill Movement and incessant Indo Chinese conflicts and skirmishes over their unsettled borders all attest to the enduring legacy of the years 1942 1949 as setting the scene for subsequent Sino British and Sino Indian relations From this perspective the history has never left us

Anglo-American Strategic Relations and the Far East, 1933-1939 Greg Kennedy,2013-01-11 This volume charts how the national strategic needs of the United States of America and Great Britain created a parallel but not joint relationship towards the Far East as the crisis in that region evolved from 1933 39 In short it is a look at the relationship shared between the two nations with respect to accommodating one another on certain strategic and diplomatic issues so that they could become more confident of one another in any potential showdowns with Japan

The Standard-Vacuum Oil Company and United States East Asian Policy, 1933-1941 Irvine H. Anderson Jr.,2015-03-08 Oil was a basic source of conflict between the United States and Japan This book examines the role played by the Standard Vacuum Oil Company in the crisis that led to Pearl Harbor Stanvac was the largest American supplier of oil to Japan and represented the single largest American direct investment in Asia before the war In the context of Stanvac's relations with various governments the author examines the ways in which

United States petroleum policy was formulated and the arrangements by which Japan sought to increase its oil reserves He provides new insight into the impact of the financial freeze of July 1941 the origins of the Pacific War and the complexities of oil diplomacy Originally published in 1975 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Great Reversal Kerry Brown,2024-07-23 A vivid history of the relationship between Britain and China from 1600 to the present The relationship between Britain and China has shaped the modern world Chinese art philosophy and science have had a profound effect upon British culture while the long history of British exploitation is still bitterly remembered in China today But how has their interaction changed over time From the early days of the East India Company through the violence of the Opium Wars to present day disputes over Hong Kong Kerry Brown charts this turbulent and intriguing relationship in full Britain has always sought to dominate China economically and politically while China s ideas and exports from tea and Chinoiserie to porcelain and silk have continued to fascinate in the west But by the later twentieth century the balance of power began to shift in China s favour with global consequences Brown shows how these interactions changed the world order and argues that an understanding of Britain s relationship with China is now more vital than ever **Hitler's Foreign Policy 1933-1939** Gerhard L. Weinberg,2010-03-01 Hitler s path to war consisted of two different stages that paralleled the internal development of Germany From 1933 to the end of 1936 he created a diplomatic revolution in Europe From a barely accepted equal Germany became the dominant power on the continent With the remilitarization of the Rhineland the stalemate in the Spanish Civil War the forming of the Axis and the signing of the Anti Comintern Pact the first phase was completed In the second phase the diplomatic initiative in the world belonged to Germany and its partners Germany s march toward war therefore became the central issue in world diplomacy The War Against Japan, 1941-1945 John J. texts on twentieth century England *Britain's Imperial Cornerstone in China* Donna Brunero,2006-03-02 This is an in depth account of the Chinese Imperial Maritime Customs Service a uniquely cosmopolitan institution established in the wake of China's defeat in the Opium Wars 1842 to 43 and a central feature of the Treaty Port system The British dominated service was headed by the famous Robert Hart who founded a far reaching customs administration that also encompassed other responsibilities such as marine and harbour maintenance quarantine anti piracy patrols and postal services This institution sat at a crucial juncture between Chinese and foreign interests and was intimately linked to British interests and fortunes in the Far East Following the establishment of the Republic in 1911 there were grave misgivings as to whether the foreign element of the Service would survive Yet the Service grew in influence and strength ensuring the foreign inspectorate a continued role in China's affairs Delivering an overview of the Service its bureaucracy fiscal responsibilities and life for foreigners in its employ focusing especially on the later years of the Service Donna Brunero draws on the experiences of the foreign administration of the Service as it attempted to negotiate between Chinese and foreign expectations and interests

China's War Reporters Parks M. Coble,2015-03-09 When Japan invaded China in 1937 Chinese journalists greeted the news with euphoria convinced their countrymen led by Chiang Kai shek would triumph Parks Coble shows that correspondents underplayed China's defeats for fear of undercutting morale and then saw their writings disappear and themselves denounced after the Communists came to power *The Oxford History of the British Empire: Historiography* Robin W. Winks,1999 This volume investigates the shape and the development of scholarly and popular opinion about the British Empire over the centuries **Churchill, Eden and Indo-China, 1951-1955** Nông Văn Dân,2011 Churchill Eden and Indo China 1951 1955 offers a systematic approach to pertinent international politics providing a historiography and assessing the impact of events such as the Cold War and the Second World War within the context of the governments of Churchill and Eden Revisiting Churchill's wartime helmsmanship in order to shed further light on his post war administration N ng D n provides a greater historical awareness of the broad international context of decolonized Indo China and South East Asia **Churchill, Eden and Indo-China, 1951-1955** Nông Vn Dân,2010-06-15 Churchill Eden and Indo China 1951 1955 offers a systematic approach to pertinent international politics providing a historiography and assessing the impact of events such as the Cold War and the Second World War within the context of the governments of Churchill and Eden Revisiting Churchill's wartime helmsmanship in order to shed further light on his post war administration N ng D n provides a greater historical awareness of the broad international context of decolonized Indo China and South East Asia **Britain in China** Robert Bickers,2017-03-01 This is a study of Britain's presence in China both at its peak and during its inter war dissolution in the face of assertive Chinese nationalism and declining British diplomatic support Using archival materials from China and records in Britain and the United States the author paints a portrait of the traders missionaries businessmen diplomats and settlers who constituted Britain in China challenging our understanding of British imperialism there Bickers argues that the

British presence in China was dominated by urban settlers whose primary allegiance lay not with any grand imperial design but with their own communities and precarious livelihoods. This brought them into conflict not only with the Chinese population but with the British imperial government. The book also analyzes the formation and maintenance of settler identities and then investigates how the British state and its allies brought an end to the reign of freelance settler imperialism on the China coast. At the same time other British sectors missionary and business renegotiated their own relationship with their Chinese markets and the Chinese state and distanced themselves from the settler British.

Government, Imperialism and Nationalism in China Chihyun Chang, 2013-08-06 The Chinese Maritime Customs Service which was led by British staff is often seen as one of the key agents of Western imperialism in China the customs revenue being one of the major sources of Chinese government income but a source much of which was pledged to Western banks as the collateral for and interests payments on massive loans. This book however based on extensive original research considers the lower level staff of the Chinese Maritime Customs Service and shows how the Chinese government struggling to master Western expertise in many areas pursued a deliberate policy of encouraging lower level staff to learn from their Western superiors with a view to eventually supplanting them a policy which was successfully carried out. The book thereby demonstrates that Chinese engagement with Western imperialists was in fact an essential part of Chinese national state building and that what looked like a key branch of Chinese government delegated to foreigners was in fact very much under Chinese government control.

Origins of the Second World War Victor Rothwell, 2001 Victor Rothwell examines the origins of World War II from the flawed peace settlement in 1919 to the start of the true world war at Pearl Harbor in 1941. He asks many important questions: Why did the cause of peace advance in the 1920s only to be stopped in its tracks and threatened with reversal by the Great Depression? What was the nature of Nazi thinking about war foreign policy and the policy of appeasement that sought to accommodate the Third Reich without again going to war? He also examines the events in the Far East at the time and draws a contrast between the role of the US and the Far East throughout the 1930s. Copyright Libri GmbH All rights reserved.

Shanghai 1937 Peter Harmsen, 2015-10-20 The New York Times bestseller that inspired the documentary *Shanghai 1937* Where World War II Began on Public Television. At its height the Battle of Shanghai involved nearly a million Chinese and Japanese soldiers while sucking in three million civilians as unwilling spectators and often victims. It turned what had been a Japanese imperialist adventure in China into a general war between the two oldest and proudest civilizations of the Far East. Ultimately it led to Pearl Harbor and to seven decades of tumultuous history in Asia. The Battle of Shanghai was a pivotal event that helped define and shape the modern world. In its sheer scale the struggle for China's largest city was a sinister forewarning of what was in store only a few years later in theaters around the world. It demonstrated how technology had given rise to new forms of warfare and had made old forms even more lethal. Amphibious landings tank assaults aerial dogfights and most important urban combat all happened in Shanghai in 1937. It was a dress

rehearsal for World War II or perhaps more correctly it was the inaugural act in the war the first major battle in the global conflict Actors from a variety of nations were present in Shanghai during the three fateful autumn months when the battle raged The rich cast included China's ascetic Generalissimo Chiang Kai shek and his Japanese adversary General Matsui Iwane who wanted Asia to rise from disunity but ultimately pushed the continent toward its deadliest conflict ever Claire Chennault later of Flying Tiger fame was among the figures emerging in the course of the campaign as was First Lady Eleanor Roosevelt In an ironic twist Alexander von Falkenhausen a stern German veteran of the Great War abandoned his role as a mere advisor to the Chinese army and led it into battle against the Japanese invaders Shanghai 1937 fills a gaping chasm in our understanding of the War of Resistance and the Second World War *Modern England 1901-1970* Alfred Havighurst, 1976-05-13 This is a comprehensive bibliography of all printed books articles and standard texts on England Ireland Scotland the Commonwealth and the colonies up to 1970 This handbook will serve as a useful guide to scholars teachers at all levels advanced students and the general reader interested in examining the period in some depth
