The Mayan Calendar and the Transformation of Consciousness Carl Johan Calleman,2004-03-25 Reveals the Mayan calendar to be a spiritual device that describes the evolution of human consciousness from ancient times into the future Shows the connection between cosmic evolution and actual human history Provides a new science of time that explains why time not only seems to be speeding up in the modern world but is actually getting faster Explains how the end of the Mayan calendar is not the end of the world but a path toward enlightenment The prophetic Mayan calendar is not keyed to the movement of planetary bodies Instead it functions as a metaphysical map of the evolution of consciousness and records how spiritual time flows providing a new science of time The calendar is associated with nine creation cycles which represent nine levels of consciousness or Underworlds on the Mayan cosmic pyramid Through empirical research Calleman shows how this pyramidal structure of the development of consciousness can explain things as disparate as the common origin of world religions and the modern complaint that time seems to be moving faster Time in fact is speeding up as we transition from the materialist Planetary Underworld of time that governs us today to a new and higher frequency of consciousness the Galactic Underworld in preparation for the final Universal level of conscious enlightenment Calleman reveals how the Mayan calendar is a spiritual device that enables a greater understanding of the nature of conscious evolution throughout human history and the concrete steps we can take to align ourselves with this growth toward

enlightenment **The Connectivity Principle** Stephen Long,2017-08-18 *The New Children and Near-Death Experiences* P. M. H. Atwater,2003-11-06 Presents an in depth look at children who have experienced the near death phenomenon and the heightened abilities that these children exhibit Provides compelling evidence for the existence of a generation of children who represent the spiritual evolution of the human race Includes firsthand testimonies of children who have returned from near death The New Children and Near Death Experiences is the first book to provide from the view of the child an in depth study of children who have experienced the near death phenomenon and its aftereffects Atwater notes that the child who returns from a near death experience is not the same child as before but is a remodeled rewired reconfigured refined version of the original Presenting data to support her contention that these children have experienced structural chemical and functional changes in the brain she also shows how their greater empathic abilities as well as dramatically higher intelligence are qualities that are also present in children born since 1982 enhanced abilities that cannot be tied to simple genetics Atwater shows that understanding the near death experiences of children can help us prepare for a quantum leap in the evolution of humanity History of Humans Trung Nguyen,2016-12-22 The truth about humans and humanity shall set your life free History of Humans the third book in the series Is There a God discusses the origin of humans and humanity Chapters include Chapter 1 Science versus Religion Chapter 2 The Three Worlds Chapter 3 The Physical World Chapter 4 The Psychological World Chapter 5 The Spiritual World Chapter 6 Beings of Love and Light Chapter 7 The ISMs of Existence Chapter 8 Naturalopy Chapter 9 Terminologies and Notations *Beyond 2012: Catastrophe or Awakening?* Geoff Stray,2009-05-21 An illustrated encyclopedic overview of the prophecies calendars and theories that indicate the year 2012 is a threshold of great change for humanity Looks at the scientific and anthropological evidence for the rare galactic alignment due to occur in December 2012 Sifts through the catastrophic theories to show what we might really expect in 2012 In December of 2012 the Mayan Calendar s Great Cycle will come to an end Opinion remains divided as to whether apocalyptic scenarios of worldwide destruction or utopian visions of a spiritually renewed humanity will prevail after this key date has passed What is certain however is that a rare galactic alignment will occur one so unique that it is found at the core of many wisdom traditions from around the globe Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982 Far from confining his research to the Maya who provide the most prominent predictions indicating this date will herald significant changes for humanity he has studied the prophetic traditions of other cultures including the Tibetan Chinese Jewish Ethiopian and tribal cultures from around the globe to show the kind of convergence of cosmic purposes happening along a number of parallel tracks This book offers an extensive study of many modern theories including Terence McKenna s timewave zero and Maurice Cotterell s sunspot research as well as anomalous phenomena such as near death experiences and crop circles Sifting through all the scientific research and speculation that the year 2012 has inspired Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date **Do You QuantumThink?**

from generation to generation is responsible for our constant expectations of apocalypse from Y2K to the famed end of the Mayan calendar in 2012. Catastrophobia reveals the insidious global forces that have used these collective fears to control humanity for thousands of years. But we are in the midst of a tremendous shift in the Earth's 26,000-year precessional cycle, and there is every indication that the changes in consciousness over the last 30 years are the beginnings of a collective healing from these deep fears, heralding a new age where we will see that the era of cataclysms is ending and a time of extraordinary creative activity is at hand.

ODYSSEY Magazine Editor's Choice Book **Homo Luminous** Kiara Windrider, 2023-08-19

This book, **Homo Luminous**, is a companion to **Gaia Luminous**. While **Gaia Luminous** provides a road map to understanding and creating the New Earth, **Homo Luminous** is an eminently practical guide for building the energy structures within our bodies to manifest our latent multi-dimensional destiny as divine humans.

There are several sources of insight woven together here. We begin with the shamanic traditions, which are about learning to see differently and specifically the Q'ero Inka tradition, which offers uniquely simple and powerful practices for opening doorways between the worlds. There are practices from the Ilahinoor tradition, birthed in Turkey, designed to open doorways between various structures of the mind and to anchor galactic frequencies of light into the cells of our physical bodies.

The Advaita traditions of India offer a glimpse into who we are, not simply as a philosophy to nourish the mind, but also as a way of empowering ourselves as creators of destiny. We are both divine and human, creator and creation, and the distinction between them melts away as we understand these truths.

Integral Yoga, the supramental vision of Sri Aurobindo, and the Mother allows us to envision and manifest an entirely new species of humanity, no longer bounded by separation and duality, but genetically programmed to live in states of cosmic awareness and unity.

And finally, there are insights from neuroscience, evolutionary biology, astrophysics, plasma cosmology, and systems theory, which provide clues for what collective human evolution might look like.

Spaceship in the Desert Gökçe Günel, 2019-02-14

In 2006, Abu Dhabi launched an ambitious project to construct the world's first zero-carbon city, Masdar City. In *Spaceship in the Desert*, Gökçe Günel examines the development and

construction of Masdar City's renewable energy and clean technology infrastructures providing an illuminating portrait of an international group of engineers, designers and students who attempted to build a post oil future in Abu Dhabi. While many of Masdar's initiatives such as developing a new energy currency and a driverless rapid transit network have stalled or not met expectations, G nel analyzes how these initiatives contributed to rendering the future a thinly disguised version of the fossil fueled present. *Spaceship in the Desert* tells the story of Masdar at once a utopia sponsored by the Emirati government and a well resourced company involving different actors who participated in the project each with their own agendas and desires.

The Gospel of the Toltecs Frank Díaz, 2002-06-01 A compilation of the teachings of Quetzalcoatl, avatar of the Toltecs reconstructed from original source texts and the legends told at his birthplace in Amatlan, Morelos, Mexico. The first complete historical account of the life and teachings of Quetzalcoatl, the most important figure in Mesoamerican spirituality. Includes 86 chronological teaching stories accompanied by 27 codex illustrations. Quetzalcoatl, Ce Acatl, born in A.D. 947, whose stature has been compared to that of Christ, Buddha and Krishna, was the key figure in the development of the spiritual culture of the Toltecs. In *The Gospel of the Toltecs*, the author has gathered Nahuatl and Maya codexes, Spanish chronicles of conquest and native oral tradition to recount the life of Quetzalcoatl: his temptation and fall, his initiation with sacred mushrooms, his long journey in search of spiritual enlightenment, his triumphant return to the Toltec land and his subsequent teaching, self-immolation, ascension and promise of return. Quetzalcoatl's teachings make up the *Toltecayotl* or *Toltequity*, the art of intentional doing which provides an initiatic guide for the transformation of individuals and society, while his personal history is a guide for the development of *Nahualli*, the magical side of human awareness. For all those who wish to deepen their knowledge of the roots of Toltec spirituality or who wish to grow from the teachings of one of the world's great spiritual leaders, *The Gospel of the Toltecs* offers a unique and authentic access to the life and ministry of one of the most important figures in the ancient world.

The Whole Elephant Revealed Marja de Vries, 2012-05-25 *The Whole Elephant Revealed* offers clear insights into the existence and operation of universal laws and the golden ratio. It is a synthesis based on common insights found in all wisdom traditions into the operation of universal laws on the one hand and on cutting edge scientific discoveries that are in line with those insights on the other hand. These principles are called universal because they work on all levels of existence, apply to everything that exists and create order and harmony in the universe. Insights into the operation of the universal laws reveals a whole new worldview. It helps us to understand how everything works in the universe, who we really are and how we can make conscious choices that are more in line with these universal laws. Above all, it helps us to understand what works and what doesn't work in the long term. Everything that operates in line with the universal laws follows the path of least resistance and is in harmony with the greater whole. It makes us realize that while everything in the universe works in harmony with these principles, many aspects of our personal life and our Western culture are not in line with the operation of these underlying principles. If we choose to act in line with the operation of the universal laws, it will go

easier will be more in tune with who we really are and more in harmony with the greater whole This choice is hard to make though if we don't know those principles For that reason the rediscovery of the working of these principles seems to be of extreme importance In this time of great changes and global unbalance a growing number of people begin to feel the need for a clear and well founded insight into the universal laws because this gives an understanding of what is needed to restore the balance and harmony in ourselves as well as worldwide Because the nature of these principles is universal they apply to all aspects of our individual and social life Therefore they can be used as a frame of reference for all personal and social transformations which aim at a greater harmony within ourselves and with the greater whole
