Return Of The Political:

The Return of the Political Chantal Mouffe, 2020-03-24 Chantal Mouffe is one of the most influential political theorists at work today Her work has influenced political parties across Europe and continues to inform the direction of left politics In this work Mouffe argues that liberal democracy misunderstands the problems of ethnic religious and nationalist conflicts because of its inadequate conception of politics

Between Form and Event: Machiavelli's Theory of Political Freedom M. Vatter, 2013-04-17 Before Machiavelli political freedom was approached as a problem of the best distribution of the functions of ruler and ruled Machiavelli changed the terms of freedom requiring that its discourse address the demand for no rule or non domination Political freedom would then develop only through a strategy of antagonism to every form of legitimate domination This leads to the emergence of modern political life any institution that wishes to rule legitimately must simultaneously be inscribed with its immanent critique and imminent subversion For Machiavelli the possibility of instituting the political form is conditioned by the possibility of changing it in an event of political revolution This book shows Machiavelli as a philosopher of the modern condition For him politics exists in the absence of those absolute moral standards that are called upon to legitimate the domination of man over man If this understanding lies open to relativism and historicism it does so in order to render effective the project of reinventing the sense of human freedom Machiavelli's legacy to modernity is the recognition of an irreconcilable tension between the demands of freedom and the imperatives of morality

Chicago Daily News Almanac and Political Register, 1919 A Political Text-book for 1860, 1860 **The Political Economy of Exchange Rate Policy-Making** S. Kettell, 2004-05-28 Steven Kettell analyzes the development of exchange rate policymaking from a Marxist perspective He examines and provides a new means of understanding three key policymaking episodes in Britain the return to the gold standard in 1925 membership of the European Exchange Rate Mechanism from 1990 1992 and the possibility of joining the Single European Currency The alternative means of understanding these policy episodes provides a basis for making wider generalizations about the political economy of exchange rate policymaking

Cobbett's Political Register William Cobbett, 1923 Political Institutions and Economic Growth in Latin America Stephen Haber, 2000-06-01 Political Institutions and Economic Growth in Latin America offers a new contribution to the literature on institutions and growth through the analysis of historical cases of institutional change and economic growth in Latin America in the nineteenth and twentieth centuries

The Permanence of the Political Joseph M. Schwartz, 1995-11-13 Why have

radical political theorists whose thinking inspired mass movements for democracy been so suspicious of political plurality According to Joseph Schwartz their doubts were involved with an effort to transcend politics Mistakenly equating all social difference with the harmful way in which particular interests dominated marketplace societies radical thinkers sought a comprehensive set of true human interests that would completely abolish political strife In extensive analyses of Rousseau Hegel Marx Lenin and Arendt Schwartz seeks to mediate the radical critique of democratic capitalist societies with the concern for pluralism evidenced in both liberal and postmodern thought He thus escapes the authoritarian potential of the radical position while appropriating its more democratic implications In Schwartz s view a reconstructed radical democratic theory of politics must sustain liberalism s defense of individual rights and social pluralism while redressing the liberal failure to question structural inequalities In proposing such a theory he criticizes communitarianism for its premodern longing for a monolithic virtuous society and challenges the politics of difference for its failure to question the undemocratic terrain of power on which difference is constructed In conclusion he maintains that an equitable distribution of power and resources among social groups necessitates not the transcendence of politics but its democratic expansion *Political Risk in the International Oil and Gas Industry* Howard L Lax,1983-01-31 **Why You are Political Citizen but Civil**
