Return Of The Star Of Bethlehem:

The Return of the Star of Bethlehem Kenneth Boa, 1980 **Patrick Moore's Data Book of Astronomy** Patrick Moore, Robin Rees, 2014-01-16 Packed with up to date astronomical data about the Solar System our Galaxy and the wider Universe this is a one stop reference for astronomers of all levels It gives the names positions sizes and other key facts of all the planets and their satellites discusses the Sun in depth from sunspots to solar eclipses lists the dates for cometary returns close approach asteroids and significant meteor showers and includes 88 star charts with the names positions magnitudes and spectra of the stars along with key data on nebulae and clusters Full of facts and figures this is the only book you need to look up data about astronomy It is destined to become the standard reference for everyone interested in astronomy *Judas of Nazareth* Daniel T. Unterbrink, 2014-03-24 An investigation into the historical Jesus and the veracity of the Gospels Reveals the biblical Jesus as a composite figure a blend of the political revolutionary Judas the Galilean and Paul's divine human Christ figure Matches the events depicted in the New Testament with historically verifiable events in Josephus history pushing Jesus life back more than a decade Demonstrates how each New Testament Gospel is dependent upon Paul's mythologized Christ theology designed to promote Paul's Christianity and serve the interests of the fledgling Gentile Christian communities Scholars have spent years questioning aspects of the historical Jesus How can we know what Jesus said and did when Jesus himself wrote nothing Can we trust the Gospels written by unknown authors 40 to 70 years after Jesus death And why do other sources from the time not speak of this messianic figure known as Christ Drawing on the histories of Josephus Tacitus Suetonius and Pliny as well as the Dead Sea Scrolls Daniel Unterbrink contends that the Jesus of the Bible was actually a composite figure a clever blend of the Jewish freedom fighter Judas the Galilean and Paul's divine human Christ figure created in the middle of the first century CE Revealing why Paul was known as a liar enemy and traitor in other Jewish literature he shows that the New Testament Gospels are not transcripts of actual history but creative works of historical fiction designed to promote Paul's Christianity and serve the interests of the fledgling Gentile Christian communities He demonstrates how each Gospel is written in light of the success of Paul's religion and dependent upon his later perspective Matching the events depicted in the New Testament with the historically verifiable events in Josephus history Unterbrink pushes the dating of Jesus life back nearly a generation to a revolutionary time in ancient Judea He shows that the real historical Jesus the physical man behind the fictional stories in Paul's Gospels was Judas the Galilean a messianic pretender and Torah observant revolutionary bent on overthrowing the Roman government and galvanizing the Jewish people behind his vision of the coming Kingdom of God In the greatest cover up of history this teacher of first century Israel was replaced by the literary creation known as Jesus of Nazareth **A Study of: The Book of Matthew** Frank Abrahamsen, 2019-02-04 This study will not concentrate on disputable theories rather it will present the history of the author and a commentary on the Book of Matthew God's Word is alive and it is all we need to understand His Word for the Word

explains itself There is no great mystery to the scriptures they are for all to acknowledge and understand by the Holy Spirit
