From Urban Legends to Political

Fact-Checking William Aspray,James W. Cortada,2019-08-12 This text presents an historical examination of political fact checking highlighting how this is part of a larger phenomenon of online scrutiny that manifests itself in multiple forms Reflecting the long history of fake facts in America the book discusses important developments in this area from the emergence of the public Internet in the 1990s to the start of the Trump Clinton presidential election campaigns Topics and features describes how some of the major players in political fact checking began with the purpose of scrutinizing and debunking of urban legends considers how this was part of a wider culture encompassing B grade horror movies truth or fiction television shows and groups warning about computer viruses explains how such developments are connected

revealing political fact checking as one of many forms of scrutiny applied in the face of a complex dangerous world provides a range of detailed case studies covering such topics as the rumors surrounding the 9 11 terrorist attacks and academic interest in contemporary legends discusses how pre Internet technologies such as bulletin boards Usenet and proprietary online service providers such as CompuServe and AOL were used to both disseminate and debunk urban legends examines the rise of political fact checking reviewing all of the major initiatives in this area undertaken in the United States This timely study touches on issues of popular culture and major events and offers profiles of colorful individuals and organizations and as such will appeal to a broad audience interested in the history of fact checking and efforts to protect the political process from falsehoods

Sorry, Wrong Answer Rod L. Evans Ph.D.,2010-06-01 Where were Venetian blinds invented What color is the black box on a commercial airplane Where did India ink originate Most of us know more than we think we know We also think we know more than we actually do because some of what we think we know simply ain t so We all harbor misconceptions that are accepted not only because they are popular but also because they make sense It makes sense to believe for example that German chocolate originated in Germany rather than the truth that German chocolate is so named because it was created by Sam German It seems logical to believe that Mercury is the hottest planet because of its proximity to the sun or that buttermilk contains butter that Danish pastry is from Denmark and that the boat race America s Cup was named after the United States of America In Sorry Wrong Answer Rod Evans takes readers on a tour of misleading trivia debunking commonly held assumptions and sharing surprising right answers Answers Japan Orange China

The Girl Who Gave Birth to Rabbits Clifford A. Pickover,2010-06-03 This can justifiably be called history s most fascinating medical mystery a dark true life Alice in Wonderland tale with a streak of horror Why should we care today about a poor eighteenth century girl who gave birth to monstrosities Mary Toft s story bears uncanny parallels with our own time and contains perennial themes science and superstition separated by the flimsiest of curtains justice and morality crime and punishment and the greed and basic fears at the core of human nature Prepare yourself for a shattering odyssey as acclaimed polymath Clifford Pickover takes you to the ultimate frontier of medical speculation With numerous illustrations this is an engrossing and thoroughly unique introduction to eighteenth century science and its metaphor for today s scientific superstitions and politics For Mary conspiracies are everywhere the line between good and evil lost and the consequences exceed her most unthinkable private desires
