The Befana Is Returning Steve Siporin, 2022-08-16 On the night of January 5 in certain areas of southern Tuscany a costumed singing troupe of characters visits residents' homes expecting to be fed and feted This is the Befanata a mumming tradition centered in Tuscany whose main character the Befana is a kindly old woman or grandmotherly witch who delivers toys candies and gifts

The Befana Is Returning is a deeply researched deftly insightful presentation of this living tradition that adds a large missing piece to the array of contemporary ethnographic scholarship on mumming

The Singing Turk Larry Wolff, 2016-08-30 While European powers were at war with the Ottoman Empire for much of the eighteenth century European opera houses were staging operas featuring singing sultans and pashas surrounded by their musical courts and harems Mozart wrote *The Abduction from the Seraglio* Rossini created a series of works including *The Italian Girl in Algiers* And these are only the best known of a vast repertory This book explores how these representations of the Muslim Ottoman Empire the great nemesis of Christian Europe became so popular in the opera house and what they illustrate about European Ottoman international relations After Christian armies defeated the Ottomans at Vienna in 1683 the Turks no longer seemed as threatening Europeans increasingly understood that Turkish issues were also European issues and the political absolutism of the sultan in Istanbul was relevant for thinking about politics in Europe from the reign of Louis XIV to the age of Napoleon While Christian European composers and publics recognized that Muslim Turks were to some degree different from themselves this difference was sometimes seen as a matter of exotic costume and setting The singing Turks of the stage expressed strong political perspectives and human emotions that European audiences could recognize as their own

The New Grove Book of Operas Stanley Sadie, 1996 This book

combines meticulous scholarship with a lightness of touch that will delight the opera goer The fascinating illustrations bring an amusing dimension showing how opera has been staged from its beginnings to modern deconstructed productions The operas are listed in alphabetical order In addition to a full synopsis of every plot there is a cast list and a note of the singers in the original production as well as information about the origins of the work and its literary and social background Each contribution concludes with a brief comment on its place in operatic history There is also a listing by composer a glossary and indexes of the names of operatic characters and the first lines of arias so if you are not sure which opera Gilda or Agathe sings in or are apt to confuse Vespina with Despina your problem is quickly solved *Italian Prisoners of War in*

Pennsylvania Flavio G. Conti, Alan R. Perry, 2016-10-19 During World War II 51 000 Italian prisoners of war were detained in the United States When Italy signed an armistice with the Allies in September 1943 most of these soldiers agreed to swear allegiance to the United States and to collaborate in the fight against Germany At the Letterkenny Army Depot located near Chambersburg Pennsylvania more than 1 200 Italian soldiers were detained as co operators They arrived in May 1944 to form the 321st Italian Quartermaster Battalion and remained until October 1945 As detainees the soldiers helped to order stock repair and ship military goods munitions and equipment to the Pacific and European Theaters of war Through such labor they lent their collective energy to the massive home front endeavor to defeat the Axis Powers The prisoners also helped to construct the depot itself building roads sidewalks and fences along with individual buildings such as an assembly hall amphitheater swimming pool and a chapel and bell tower The latter of these two constructions still exist and together with the assembly hall bear eloquent testimony to the Italian POW experience For their work the Italian co operators received a very modest regular salary and they experienced more freedom than regular POWs In their spare time they often had liberty to leave the post in groups that American soldiers chaperoned Additionally they frequently received or visited large entourages of Italian Americans from the Mid Atlantic region who were eager to comfort their erstwhile countrymen The story of these Italian soldiers detained at Letterkenny has never before been told Now however oral histories from surviving POWs memoirs generously donated by family members of ex prisoners and the rich information newly available from archival material in Italy aided by material found in the U S have made it possible to reconstruct this experience in full All of this historical documentation has also allowed the authors to tell fascinating individual stories from the moment when many POWs were captured to their return to Italy and beyond More than seventy years since the end of World War II family members of ex POWs in both the United States and Italy still enjoy the positive legacy of this encounter **Anthony Van**

Dyck Lionel Cust, 1900 **Garibaldi and the Making of Italy** George Macaulay Trevelyan, 1920 **A Manual of Italian Grammar** William Lewis Montague, 1874 Literature and Identity in Italian Baroque Travel Writing Nathalie Hester, 2016-12-05 This first full length study in English on seventeenth century Italian travel writing enriches our understanding of an unusually fertile period for Italian contributions to the genre The intrinsic qualities of this literature can

now be grasped in terms of the larger question of cultural identity in Italy For Hester the specifically literary characteristics of Italian travel writing including its humanism or Petrarchism highlight the classic eminence throughout Europe of a prestigious tradition inherent to Italy one compensating then for the peninsula's lack of a national political identity Appeals to the cultural authority of that tradition represent a means of addressing and overcoming anxieties about the Italian subject's diasporic status during the Golden Age of European global colonial expansion Self-funded travelers Francesco Carletti Pietro Della Valle Francesco Belli Francesco Negri and Giovanni Francesco Gemelli Careri are the major authors studied who journeyed through Europe the Middle East Asia and America

Music and Musicians in Renaissance Rome and Other Courts Richard Sherr, 2019-06-04 First published in 1999 the essays that follow have been selected from the author's writings to explore musical institutions in 15th and 16th century Italy with a detailed focus on the papal choir but with additional comments on Mantua Mantova Florence and France Much of the material which formed the basis of those essays was largely drawn from archives Richard Sherr explores diverse areas including the Medici coat of arms in a motet for Leo X performance practice in the papal chapel during the 16th century the publications of Guglielmo Gonzaga Lorenzo de Medici as a patron of music and homosexuality in late sixteenth century Italy

Confessionalism and Mobility in Early Modern Ireland Tadhg Ó hAnnracháin, 2021-06-17 The period between c 1580 and c 1685 was one of momentous importance in terms of the establishment of different confessional identities in Ireland as well as a time of significant migration and displacement of population Confessionalism and Mobility in Early Modern Ireland provides an entirely new perspective on religious change in early modern Ireland by tracing the constant and ubiquitous impact of mobility on the development and maintenance of the island's competing confessional groupings Confessionalism and Mobility in Early Modern Ireland examines the dialectic between migration and religious adherence paying particular attention to the pronounced transnational dimension of clerical formation which played a vital role in shaping the competing Catholic Church of Ireland and non-conformist clergies It demonstrates that the religious transformation of the island was mediated by individuals with very significant migratory experiences and the importance of religion in enabling individuals to negotiate the challenges and opportunities created by displacement and settlement in new environments The volume investigates how more quotidian practices of mobility such as pilgrimage and inter-parochial communions helped to elaborate religious identities and analyses the extraordinary importance of migratory experience in shaping the lives and writings of the authors of key confessional identity texts Confessionalism and Mobility in Early Modern Ireland demonstrates that Irish society was enormously influenced by migratory experiences and argues that a case study of the island also has important implications for understanding religious change in other areas of Europe and the rest of the world
