# RETURN TO OTHERNESS

A MASTER OF SCIENCE FICTION  
**HENRY KUTTNER**

# Return To Otherness

**Steven E. Knepper**

## Return To Otherness:

*Hegel's Theory of Self-conscious Life* Guido Seddone, 2022-10-24 This book strives to deal with Hegel's thought by means of a thorough unitarian and logical approach and to enforce the idea that philosophy is rigorous as far as it is able to consistently tackle the question of self-consciousness. It results that the logic underlying every philosophical interest traces back to the self-referring investigation about life in the mode of self-consciousness by which social practices and their history can be grasped. Once we assess that self-consciousness is life through the concept, we would be able to realize the logical structure underlying its historical outcomes.

**Life in Citations** Ruth Tsoffar, 2019-09-26 In her latest book *Life in Citations: Biblical Narratives and Contemporary Hebrew Culture*, Ruth Tsoffar studies several key biblical narratives that figure prominently in Israeli culture. *Life in Citations* provides a close reading of these narratives along with works by contemporary Hebrew Israeli artists that respond to them. Together they read as a modern commentary on life with text or even life under the rule of its verses to answer questions like: How can we explain the fascination and intense identification of Israelis with the Bible? What does it mean to live in such close proximity with the Bible? and What kind of story can such a life tell?

God and the Between William Desmond, 2008-04-15 An original work which rethinks the question of God in a constructive spirit, drawing its conclusions by considering ideas received from both philosophy and religion. Makes an important new contribution to the ongoing scholarly debates surrounding the intersection of philosophy and religion. Suggests that this junction is not just dictated by religion having to prove its credentials to rational philosophy but that it is also a matter of philosophy wondering if religion is the ultimate partner in dialogue. Includes discussion of a wide range of significant thinkers both traditional and contemporary such as Plotinus, Spinoza, Kant, Hegel, and Nietzsche and his successors. Completes a trilogy of works by William Desmond complementing its companion volumes *Being and the Between* and *Ethics and the Between*.

**A Heart of Flesh** Steven E. Knepper, 2023-11-09 The Irish philosopher William Desmond is one of the most compelling and adventurous Christian thinkers of our time. The essays gathered here undertake a journey through the Bible with Desmond that ranges across biblical theology, philosophy of religion, metaphysics, ethics, aesthetics, political theory, and literary studies. Some of the essays examine the place of the Bible in Desmond's thought, considering his readings of the creation, the Abraham cycle, and the Beatitudes. Other essays bring Desmond's ideas to bear on broad questions that emerge from the Bible about philosophy and revelation, exegesis, theopoetics, eschatology, and tyranny. Still others bring Desmond into conversation with influential philosophers who engage or conspicuously do not engage the Bible, such as Hegel,

Schopenhauer, Kierkegaard, Heidegger, and Tillich. Together, these essays show the rich possibilities of approaching the Bible with Desmond. All take their bearings from Desmond's metaxological approach, which does not seek to claim the final word, which attends to the text rather than simply imposing on it, and which allows for an ongoing dialogue. Contributors: Ryan G. Duns, SJ, Caitlin Smith, Gilson, Joseph K. Gordon, William Christian Hackett, Steven E. Knepper, Renee Kohler, Ryan Andrew.

Kuiper Brendan Thomas Sammon Terence Sweeney Ethan Vanderleek Erik van Versendaal Robert Wyllie     *Aspects of Alterity* Brian Treanor, 2006 Every other is truly other but no other is wholly other This is the claim that *Aspects of Alterity* defends Taking up the question of otherness that so fascinates contemporary continental philosophy this book asks what it means for something or someone to be other than the self After a thorough assessment and critique of otherness in Levinas's and Marcel's work including a discussion of the relationship of ethical alterity to theological assumption *Aspects of Alterity* traces the transmission and development of these two conceptions of otherness Ultimately *Aspects of Alterity* makes a case for a hermeneutic account of otherness Jacket     Return to Otherness Henry Kuttner, 1962     **Nietzsche and the**

**Rhetoric of Nihilism** Tom Darby, Bela Egyed, Ben Jones, 1989-07-15 New readings and perspectives on Nietzsche's work are brought together in this collection of essays by prominent scholars from North America and Europe They question whether Nietzsche's work and the conventional interpretation of it is rhetorical and nihilistic     *Jewish Messianism and the History of Philosophy* Martin Kavka, 2004-05-10 *Jewish Messianism and the History of Philosophy* contests the ancient opposition between Athens and Jerusalem by retrieving the concept of meontology the doctrine of nonbeing from the Jewish philosophical and theological tradition For Emmanuel Levinas as well as for Franz Rosenzweig Hermann Cohen and Moses Maimonides the Greek concept of nonbeing understood as both lack and possibility clarifies the meaning of Jewish life These thinkers of Jerusalem use Athens for Jewish ends justifying Jewish anticipation of a future messianic era as well as portraying the subjects intellectual and ethical acts as central in accomplishing redemption This book envisions Jewish thought as an expression of the intimate relationship between Athens and Jerusalem It also offers new readings of important figures in contemporary Continental philosophy critiquing previous arguments about the role of lived religion in the thought of Jacques Derrida the role of Plato in the thought of Emmanuel Levinas and the centrality of ethics in the thought of Franz Rosenzweig

**Transcending Subjects** Geoffrey Holsclaw, 2016-02-16 *Transcending Subjects* Augustine Hegel and Theology engages the seminal figures of Hegel and Augustine around the theme of subjectivity with consideration toward the theology and politics of freedom     *Art, Origins, Otherness* William Desmond, 2012-02-01 Though our time is often said to be post religious and post metaphysical many continue to seek some encounter with otherness and transcendence in art This book deals diversely with the issues of art origins and otherness both in themselves and in philosophical engagements with the works of Plato Kant Hegel Schopenhauer Nietzsche and Heidegger Addressing themes such as eros and mania genius and the sublime transcendence and the saving power of art William Desmond tries to make sense of the paradox that too much has been asked of art that now almost nothing is asked of it He argues that there is more to be said philosophically of art and claims that art has the power to open up mindfulness beyond objectifying knowledge as well as beyond thinking that claims to be entirely self determining     *Expression and Interpretation in Language* Susan Petrilli, 2017-09-08 This book features the full scope of Susan Petrilli's important work on signs language communication and of meaning interpretation and

understanding Although readers are likely familiar with otherness interpretation identity embodiment ecological crisis and ethical responsibility for the biosphere Petrilli forges new paths where other theorists have not tread This work of remarkable depth takes up intensely debated topics exhibiting in their treatment of them what Petrilli admires creativity and imagination Petrilli presents a careful integration of divergent thinkers and diverse perspectives While she abandons hope of attaining a final synthesis or an unqualifiedly comprehensive outlook there remains a drive for coherence and detailed integration The theory of identity being advocated in this book will provide the reader with an aid to appreciating the identity of the theorizing undertaken by Petrilli in her confrontation with an array of topics Her theory differentiates itself from other offerings and at the same time is envisioned as a process of self differentiation Petrilli s contribution is at once historical and theoretical It is historical in its recovery of major figures of language it is theoretical in its articulation of a comprehensive framework She expertly combines analytic precision and moral passion theoretical imagination and political commitment

**Hegel's Encyclopedia of the Philosophical Sciences** Sebastian Stein, Joshua Wretzel, 2021-09-16 This book gives unprecedented insight into the fullest articulation of Hegel s philosophical system his Encyclopedia *The Otherness of God* Orrin F. Summerell, 1998 This volume offers essays on the nature of God and the fundamental tasks of philosophy and theology written by internationally recognized thinkers in the distinct fields of philosophy religious studies and theology The Otherness of God traces the lineage of its theme from Plato and Aristotle through Neoplatonic medieval and Renaissance expression and on through Reformation thought and German idealism to dialectical theology and deconstruction This provocative collection drawn primarily from an interdisciplinary conference at the University of Virginia should attract those interested in the philosophy of religion the history of philosophy and theology and the theological interpretation of secular culture Archetypal Ontology Jon Mills, Erik Goodwyn, 2023-03-28 In this novel re examination of the archetype construct philosopher Jon Mills and psychiatrist Erik Goodwyn engage in spirited dialogue on the origins nature and scope of what archetypes actually constitute their relation to the greater questions of psyche and worldhood and their relevance for Jungian studies and analytical psychology today Arguably the most definitive feature of Jung s metapsychology is his theory of archetypes It is the fulcrum on which his analytical depth psychology rests With recent trends in post Jungian and neo Jungian perspectives that have embraced developmental relational social justice and postmodern paradigms classical archetype theory has largely become a drowning genre Despite the archetypal school of James Hillman and his contemporaries and the archetype debates that captured our attention over two decades ago contemporary Jungians are preoccupied with the lived reality of the existential subject and the personal unconscious over the collective transpersonal forces derived from archaic ontology Archetypal Ontology will be of interest to psychoanalysts philosophers transpersonal psychologists cultural theorists anthropologists religious scholars and scholars in many disciplines in the arts and humanities analytical psychology and post Jungian studies **Hegel's Theory of Madness** Daniel Berthold-Bond, 1995-01-01 This book

shows how an understanding of the nature and role of insanity in Hegel's writing provides intriguing new points of access to many of the central themes of his larger philosophic project Berthold Bond situates Hegel's theory of madness within the history of psychiatric practice during the great reform period at the turn of the eighteenth century and shows how Hegel developed a middle path between the stridently opposed camps of empirical and romantic medicine and of somatic and psychical practitioners A key point of the book is to show that Hegel does not conceive of madness and health as strictly opposing states but as kindred phenomena sharing many of the same underlying mental structures and strategies so that the ontologies of insanity and rationality involve a mutually illuminating mirroring relation Hegel's theory is tested against the critiques of the institution of psychiatry and the very concept of madness by such influential twentieth century authors as Michel Foucault and Thomas Szasz and defended as offering a genuinely reconciling position in the contemporary debate between the social labeling and medical models of mental illness

**Postmodernism - Local Effects, Global Flows**

Vincent B. Leitch, 1996-01-01 Marching through a series of case studies from a wide range of fields Leitch English Purdue U argues that disorganization and disaggregation characterizes postmodern times He compares the phenomena to imploded geological formations with historical strata in kaleidoscopic disarray that engulfs economics politics and culture Includes four color reproductions of paintings Annotation c by Book News Inc Portland Or

*A Reading of Hegel's "Phenomenology of Spirit"* Quentin Lauer, 2024-10-22 Available in a new digital edition with reflowable text suitable for e readers The first edition of this title was much acclaimed as the leading interpretation and exposition of Hegel's Phenomenology of Spirit This revision based on continuing research keeps this book in the forefront of Hegelian scholarship The author has made additions and corrections to his reading of this Hegel's most important work and he provides an excellent interpretation of Hegel's language in all of its complexity To scholars it will remain an indispensable study and students new to Hegelian philosophy will find it approachable and clear

*The Spirit of the Age* Paul Ashton, Toula Nicolacopoulos, George Vassilacopoulos, 2008

Is it becoming more obvious today that the thinkers of the post Hegelian era were are not able to bear the greatness the immensity of the claims made by the human spirit Is our era the era of the faint hearted philosophy Celebrating 200 years since the publication of *The Phenomenology of Spirit* this volume addresses these questions through a renewed encounter with Hegel's thought

**Shakespeare and the denial of territory** Pascale Drouet, 2021-11-23 This book analyses three Shakespearean plays that particularly deal with abusive forms of banishment King Richard II Coriolanus and King Lear In these plays the abuses of power are triggered by fearless speeches that question the legitimacy of power and are misinterpreted as breaches of allegiance in these plays both the bold speech of the fearless speaker and the performative sentence of the banisher trigger the relentless dynamics of what Deleuze and Guattari termed deterritorialisation This book approaches the central question of the abusive denial of territory from various angles linguistic legal and ethical physical and psychological Various strategies of resistance are explored illegal return which takes the form of a frontal counterattack

employing a war machine ruse and the experience of internalised exile and mental escape which nonetheless may lead to madness exhaustion or heartbreak      **Genesis and Apocalypse** Thomas J. J. Altizer, 1990-12-01 Thomas Altizer's *Genesis and Apocalypse* engages a theological history of Western culture through the works of Augustine Luther Barth and other important figures in theology as well as critical theorists such as Hegel and Nietzsche to ultimately offer a Christology for our modern times
