reversal of fortune and she herself knew extremes of poverty and wealth Born in Manchester in 1849 she emigrated with her family to Tennessee because of the financial problems caused by the cotton famine From a young age she published her stories to help the family make ends meet Only after she married did she publish *Little Lord Fauntleroy* that shot her into literary stardom On the surface Frances life was extremely successful hosting regular literary salons in her home and travelling frequently between properties in the UK and America But behind the colourful personal and social life she was a complex and contradictory character She lost both parents by her twenty first birthday Henry James called her the most heavenly of women although avoided her prominent people admired her and there were many friendships as well as an ill advised marriage to a much younger man that ended in heartache Her success was punctuated by periods of depression in one instance brought on by the tragic loss of her eldest son to consumption Ann Thwaite creates a sympathetic but balanced and eye opening biography of the woman who has enchanted numerous generations of children **Frances Hodgson**

Horne, Joe Sutliff Sanders, 2011-07 Frances Hodgson Burnett gained fame not only as an author of social fictions and romances but also for writing the immensely popular children's novel *Little Lord Fauntleroy* She seemed an unlikely candidate to pen a quiet realistic and unsentimental paean to disagreeable children and the natural world which has the power to heal them But it is precisely these qualities that have garnered *The Secret Garden* both a continued audience and a central place in the canon of children's literature for a century In Frances Hodgson Burnett's *The Secret Garden* A Children's Classic at 100 some of the most respected scholars of children's literature consider Burnett's seminal work from modern critical perspectives Contributors examine the works and authors that influenced Burnett identify authors who have drawn on *The Secret Garden* in their writing and situate the novel in historical and theoretical contexts These essays push beyond the themes that have tended to occupy the majority of academic scholars who have written about *The Secret Garden* to date In doing so they approach the text from theoretical perspectives that allow new light to illuminate old debates Scholars and students of children's literature women's literature transcontinental literature and the Victorian Edwardian period will find in this collection refreshing new looks at a children's classic **Life After Magnet**

as were such books as Thomas Dixon's *The Klansman* basis for the film *Birth of a Nation*. A Hundred Years of the Secret Garden Marion Gymnich, Imke Lichterfeld, 2012. Although Frances Hodgson Burnett published numerous works for an adult readership, she is mainly remembered today for three novels written for children: *Little Lord Fauntleroy* (1886), *A Little Princess* (1905), and *The Secret Garden* (1911). This volume is dedicated to *The Secret Garden*. The articles address a wide range of issues, including the representation of the garden in Burnett's novel in the context of cultural history, the relationship between the concept of nature and female identity, the idea of therapeutic places, the notion of redemptive children in *The Secret Garden* and *Little Lord Fauntleroy*, the concept of male identity, constructions of Otherness, and the redefinition of Englishness. Film and anime versions of Burnett's classic. Noel Streatfeild's *The Painted Garden* as a rewriting of *The Secret Garden*, attitudes towards food in children's classics, and Burnett's novel in the context of Edwardian girlhood fiction and the tradition of the female novel of development.

The Secret Garden Frances Hodgson Burnett, 1911. Since its publication in 1911, *The Secret Garden*, a touchstone of children's literature, has been adapted for plays and movies over a dozen times. Charming generations of readers, the story centers around the healing power of friendship and the magic in the everyday. Burnett begins with a spoiled and unsympathetic heroine named Mary Lennox. When Mary is orphaned, she is shipped from her home in colonial India to a drab country house in Yorkshire. As she learns to tend the garden on the estate, Mary forms her first true friendships when they bring a secret garden back to life. Mary and her friends are also transformed.

Murder in the Secret Garden Ellery Adams, 2016-08-02. Things really go to seed in the newest novel in the New York Times bestselling *Book Retreat* mysteries. There is a hidden garden bordering the grounds of Jane Steward's book-themed resort, a garden filled with beautiful but deadly plants such as mandrake and nightshade. Tucked away behind ivy-covered walls and accessible only through a single locked door, as described in the pages of Frances Hodgson Burnett's classic novel, the garden is of special interest to Jane's current group of guests, *The Medieval Herbalists*. But when one of them turns up dead, Jane must discover whether a member of the group has come to Storyton Hall to celebrate their passion for plant lore or to implement a particularly cruel means for murder. With thousands of books at her disposal, Jane believes she has the proper materials to solve this deadly problem. If she's wrong, however, she may lose something far more precious than the contents of Storyton's
