Decisions of the United States Railroad Labor Board with Addenda and Interpretations United States Railroad Labor Board, 1926

King Tut's Gold Bill Butler, 2007-10 This story takes place deep in the Great Forest where people are rarely seen The inhabitants of this land called Bug A Boos may be bothered from time to time by animals like lizards or bears but most of the time the bugs who live in this story go about their own business of getting food building homes or arguing or fighting with each other Bug A Boos is a community much like the ones people create although on a much smaller scale Ralph the Drone is the main character in this story He is an unusual bee because he is not simply a worker bee he is a thinking bee who is concerned over threats to the well being of all of the bugs It was that characteristic which got Ralph in trouble because he openly disagreed with a plan for handling a drought which was announced by the Monarch the leader of all the bugs Ralph found himself banished to the land of the fire ants for daring to suggest a better approach This proved to be fortunate because Ralph and two friends who joined him Millie the Moth and Chuck the Chub overheard the fire ant's leader General G planning an attack Bug A Boos and recommended a way to counter

the attack The plan worked and the fire ants were turned back Ralph was still held in disdain however The leader of the fire ants General G was not the type of bug that would give up easily He also vowed to get even with Ralph the Drone and made a pact with the evil Ann Mantis to capture Ralph She was more than pleased to help General G because of her long standing hate of Ralph When Ralph is captured by the fire ants it appears the peaceful community of Boosand its incompetent leader the Monarch will at last fall prey to the fire ants *The Thebaid in Times of Crisis* Ralph Birk,Laurent Coulon,2025-01-27 This collective volume explores societal crises in Hellenistic Egypt focussing regionally on the Thebaid from small scale insurgencies to full fledged secession As a result of an international conference held at the Freie Universit t Berlin May 2 4 2019 the presented case studies ask how actors and modern scholars of Ptolemaic Egypt shape and frame times of crisis and what traces remain thereof in the record As decisive moments in time crises reveal fundamental features of societies and structure the flow of events into historically meaningful yet potentially teleological trajectories In Ptolemaic historiography from Polybius till today the Great Theban Revolt 206 186 BCE served as such a turning point demarcating rise and decline By confronting the historiographic record with independent and yet partially unexploited sources such as temple epigraphy Demotic literary texts archaeological numismatic and private documentation the reunited studies aim at diversifying the perspectives on and in societal conflicts in Ptolemaic Egypt in order to gain a fuller and more nuanced picture of how various actors kings queens officials and priests coped with times of crisis **The Bulletin of the Metropolitan Museum of Art** Metropolitan Museum of Art (New York, N.Y.),1920 New ser v 6 10 include 77th 81 Report of the trustees 1946 50 previously published separately Nothing to Do with Dionysos? John J. Winkler,Froma I. Zeitlin,2020-07-21 These critically diverse and innovative essays are aimed at restoring the social context of ancient Greek drama Theatrical productions which included music and dancing were civic events in honor of the god Dionysos and were attended by a politically stratified community whose delegates handled all details from the seating arrangements to the qualifications of choral competitors The growing complexity of these performances may have provoked the Athenian saying nothing to do with Dionysos implying that theater had lost its exclusive focus on its patron This collection considers how individual plays and groups of dramas pertained to the concerns of the body politic and how these issues were presented in the convention of the stage and as centerpieces of civic ceremonies The contributors in addition to the editors include Simon Goldhill Jeffrey Henderson David Konstan Franois Lissarrague Oddone Longo Nicole Loraux Josiah Ober Ruth Padel James Redfield Niall W Slater Barry Strauss and Jesper Svenbro *Social Memory in Athenian Public Discourse* Bernd Steinbock,2013 Examining the role of Athenian social memory in understanding the political climate in fourth century Athens **The Egyptian Expedition, 1918-1920** Metropolitan Museum of Art (New York, N.Y.),1923 **Ridpath's Universal History** John Clark Ridpath,1896 Philip II of Macedonia Richard A.
