Revelations Elaine Pagels, 2012-03-06 A startling exploration of the history of the most controversial book of the Bible by the bestselling author of Beyond Belief Through the bestselling books of

Elaine Pagels thousands of readers have come to know and treasure the suppressed biblical texts known as the Gnostic Gospels As one of the world s foremost religion scholars she has been a pioneer in interpreting these books and illuminating their place in the early history of Christianity Her new book however tackles a text that is firmly dramatically within the New Testament canon The Book of Revelation the surreal apocalyptic vision of the end of the world or is it In this startling and timely book Pagels returns The Book of Revelation to its historical origin written as its author John of Patmos took aim at the Roman Empire after what is now known as the Jewish War in 66 CE Militant Jews in Jerusalem fired with religious fervor waged an all out war against Rome s occupation of Judea and their defeat resulted in the desecration of Jerusalem and its Great Temple Pagels persuasively interprets Revelation as a scathing attack on the decadence of Rome Soon after however a new sect known as Christians seized on John s text as a weapon against heresy and infidels of all kinds Jews even Christians who dissented from their increasingly rigid doctrines and hierarchies In a time when global religious violence surges Revelations explores how often those in power throughout history have sought to force God s enemies to submit or be killed It is sure to appeal to Pagels s committed readers and bring her a whole new audience who want to understand the roots of dissent violence and division in the world s religions and to appreciate the lasting appeal of this extraordinary text *A Call to Spiritual Awakening* Uchenna Mezue,2017-01-31 To understand ourselves and fulfill our roles on earth we need to look into the records of time for our origin and purpose Not in history books but in life itself Each individual human spirit carries within its personality as a totality of its identity all the experiences and the level of maturity it has achieved since its first incarnation in the Worlds of Matter Although we do not often tap into these for our path in life it is these unique experiences that make us who we are The capacity to weigh every experience written and unwritten exists within us and we have only ourselves to blame if we fail to recognize the Truth in any given experience This book discusses the path of development for the human spirit in the Material spheres and draws attention to the paths in the Will of God we must follow if we are to fulfill the purpose of our existence Awakening Vern Neufeld Redekop,Gloria Neufeld Redekop,2019-11-12 Even if all of the elements we know to be significant in the process of reconciliation were present reconciliation would not necessarily take place Reconciliation is a nonlinear nonalgorithmic process that involves matters of the heart From emergent creativity and its links to mysticism to the evolution of emotions as drivers of thought Awakening weaves cutting edge discoveries in complexity theory with philosophical reflections on consciousness and language drawing on Lonergan and Wittgenstein Awakening as a phenomenon takes on a vibrant vitality as an aspect of transpersonal psychology and it manifests as imperatives to take responsibility for our relationships to address complex challenges of justice and to adopt a heart based approach to peacebuilding *Awakened by the Spirit* Ron M. Phillips,1999-11-20 How does an anti charismatic end up embracing all he once rejected Out of a deep hunger for the reality of Jesus Ron Phillips was determined to know God more deeply or get out of the ministry Through crisis and a series of disaster he discovered the power released by the baptism of
