Revelation Gods Communication With Man:

Handbook of Evangelical Theology Robert Paul Lightner, A unique survey of nine key Bible doctrines and the various positions within the evangelical church with respect to each doctrine Hegel's Concept of God Quentin Lauer,1983-06-30 If one takes a panoramic view of Hegel's entire philosophical endeavor the endeavor to come to grips with and to be committed to reality in the concrete one is struck by one inescapable idea The Hegelian enterprise is an extraordinarily unified and grandiose attempt to elaborate one concept which Hegel sees as the root of all intelligibility the concept of God whatever that term is going to turn out to mean The question with which we are faced is neither whether Hegel is correct in what he says nor whether his interpreters are justified in what they say of him Rather the question is one of finding out just what Hegel does say and of determining what impact that can have on our own thinking Why then the Concept of God The answer is to be found in the culmination of the entire Hegelian system The Philosophy of Absolute Spirit Only in the light of absolute Spirit is anything Hegel says intelligible in Hegel's view absolute Spirit is in fact to be identified with God and that therefore only if Hegel's Concept of God is intelligible will anything Hegel says be intelligible from the Introduction

Cornelius Van Til's Doctrine of God and Its Relevance for Contemporary Hermeneutics Jason B. Hunt,2019-09-27
Cornelius Van Til s Doctrine of God and Its Relevance for Contemporary Hermeneutics seeks to answer the question What

does Van Til have to do with hermeneutics It is argued that some of the most relevant concerns in the field of contemporary hermeneutics are similar to those addressed by Van Til in the area of apologetics Van Til s approach involved a self conscious consistency between method and theology proper in order to reason according to the Christian worldview found in Scripture Just as one s apologetic method should be consistent with the theology revealed in the Bible so also should one s hermeneutic This work not only argues that Van Til has an important place in the hermeneutical discussion but also demonstrates his place in terms of the main contours in his doctrine of God In doing so certain influences on evangelical hermeneutics are considered according to consistency with theology proper Lastly a Van Tillian hermeneutic is applied to the often debated issue concerning the New Testament use of the Old Testament

The Primacy of God: The Virtue of Religion in Catholic Theology R. Jared Staudt,2022-02-08 To contemporary minds the notion of justice toward God is seldom considered and often foreign Far more discussed is how God might either undermine or motivate social justice The Primacy of God by R Jared Staudt offers an important intervention With the aid of St Thomas Aquinas Staudt argues that it is vital for both contemporary society and contemporary Catholic theology to return to the traditional view of God as the one to whom all human and social action must be ordered and to recover the virtue of religion as the virtue which orders all other virtues to God Not only does Staudt helpfully remind readers of the ancient philosophical and biblical notion of worship as a dictate of the natural law he also illuminates the way in which Christian liturgy as an enactment of Christ s high priesthood is the great fulfillment of natural and biblical worship Accordingly Staudt secures religion as essential for the virtue of love This brings Staudt to criticize modern theologians like Karl Barth who claimed that religion is inherently idolatrous as well as Karl Rahner who claimed that love of neighbor is the highest moral act Staudt also considers the question of religious truth in light of the plurality of religions soliciting the assistance of Hans Urs von Balthasar and Joseph Ratzinger as well as the way in which religion relates to the development of culture engaging the great Catholic social historian Christopher Dawson The Primacy of God is a much needed work that ought to set the agenda for Catholic theology in the twenty first century *The New Christian Quarterly* ,1896 New Witnesses for God ... Hebrews, 2nd Edition David B. McWilliams,2024-07-05 In the latest volume of the Lectio Continua commentaries David B McWilliams guides us through the arguments and exhortations of Hebrews to encourage us with one essential message Jesus is better As a pastoral exposition McWilliams helps us understand how Christ fulfills the inferior types and shadows of the Old Testament As they read through Hebrews with McWilliams weak and feeble Christians will find strength to persevere in Christ s high priestly ministry The second edition includes citations from the NKJV Because He Has Spoken to Us Brad Bursa,2022-05-11 Pope John XXIII called the Second Vatican Council so that the Church s doctrine might be more widely known more deeply understood and more penetrating in its effects However since the close of the Council in 1965 the results

are wanting Rather than announcing the gospel boldly in the present age the Church has been seemingly reduced to silence How did she lose her voice How did the structures of proclamation intended to hand on the Catholic faith devolve and even contribute to vaporizing a Catholic culture Because He Has Spoken to Us traces such developments from fixed points drawn from the fluid theology of Karl Rahner to their postmodern condition successive steps that usher in the crisis by subduing dismissing and silencing the tradition This postconciliar anthropocentric structure can now be better understood critiqued and displaced by a Ratzingerian approach Rather than embracing a given demanded by contemporary context Ratzinger proposes the revelation of the Logos in Jesus Christ as the given the true object of Christian faith His alternate proposal requires the courage to face the full scope of the Christian structure accessed through the Church's tradition and a willingness to proclaim the gospel personally and with humble confidence
