heroic ideal while Mechthild's erotic experience seems to show the influence of the minnesingers Julian's experience of tender intimacy with her Lord demonstrates an egalitarian confidence in the ability of the individual soul to progress towards oneness with the divine Their individual natures are also further revealed through the author's examination of their resolution of a number of theological problems In contrast the works of two medieval men writing for women are also explored

FRANCES BEER is Associate Professor of English at York University Toronto *Balaam's Ass: Vernacular Theology Before the English Reformation* Nicholas Watson, 2022-06-21 For over seven hundred years bodies of writing in vernacular languages served an indispensable role in the religious and intellectual culture of medieval Christian England yet the character and extent of their importance have been insufficiently recognized A longstanding identification of medieval western European Christianity with the Latin language and a lack of awareness about the sheer variety and quantity of vernacular religious writing from the English Middle Ages have hampered our understanding of the period exercising a tenacious hold on much scholarship Bringing together work across a range of disciplines including literary study Christian theology social history and the history of institutions Balaam's Ass attempts the first comprehensive overview of religious writing in early England's three most important vernacular languages Old English Insular French and Middle English between the ninth and sixteenth centuries Nicholas Watson argues not only that these texts comprise the oldest continuous tradition of European vernacular writing but that they are essential to our understanding of how Christianity shaped and informed the lives of individuals communities and polities in the Middle Ages This first of three volumes lays out the long post Reformation history of the false claim that the medieval Catholic Church was hostile to the vernacular It analyzes the complicated idea of the vernacular a medieval innovation instantiated in a huge body of surviving vernacular religious texts Finally it focuses on the first long generation of these writings in Old English and early Middle English

Brekus,2013-01-08 In 1743 sitting quietly with pen in hand Sarah Osborn pondered how to tell the story of her life how to make sense of both her spiritual awakening and the sudden destitution of her family Remarkably the memoir she created that year survives today as do more than two thousand additional pages she composed over the following three decades Sarah Osborn s *World* is the first book to mine this remarkable woman s prolific personal and spiritual record Catherine Brekus recovers the largely forgotten story of Sarah Osborn s life as one of the most charismatic female religious leaders of her time while also connecting her captivating story to the rising evangelical movement in eighteenth century America A schoolteacher in Rhode Island a wife and a mother Sarah Osborn led a remarkable revival in the 1760s that brought hundreds of people including many slaves to her house each week Her extensive written record encompassing issues ranging from the desire to be born again to a suspicion of capitalism provides a unique vantage point from which to view the

emergence of evangelicalism Brekus sets Sarah Osborn's experience in the context of her revivalist era and expands our understanding of the birth of the evangelical movement a movement that transformed Protestantism in the decades before the American Revolution
