Revenge in Exile Scot McCauley, 2005 In this brilliant debut novel by a retired Vice Admiral of the U S Navy a CIA agent and a former Navy officer are caught in a battle between an exiled former president of Mexico the Mexican mafia and the U S government that builds to an explosive assassination attempt against the presidents of both countries Original

Revenge, Punishment and Anger in Ancient Greek Justice Joe Whitchurch, 2024-09-05 Anger was the engine of justice in the ancient Greek world It drove quests for vengeance which resulted in a variety of consequences often harmful not only for the relevant actors but also for the wider communities in which they lived From as early as the seventh century BCE Greek communities had developed more or less formal means of imposing restrictions on this behaviour in the form of courts However this did not necessarily mean a less angry or vengeful society so much as one where anger and revenge were subject to public sanction and sometimes put to public use By the fifth and fourth centuries the Athenian polis had developed a considerably more sophisticated system for the administration of justice encompassing a variety of laws courts and procedures In essence the justice it meted out was built on the same emotional foundations as that seen in Homer Jurors gave licence to or restrained the anger of plaintiffs in private cases and they punished according to the anger they themselves felt in public ones The growing state in ancient Greek poleis did not bring about a transition away from angry private revenge to emotionless public punishment Rather anger came increasingly to move into the public sphere the emotional driver of an early state that defended its community and even itself through its vengeful acts of punishment

Cuban-American Literature of Exile Isabel Alvarez-Borland, 1998 The Cuban revolution of 1959 initiated a significant exodus with more than 700 000 Cubans eventually settling in the United States This community creates a major part of what is now known as the Cuban diaspora In Cuban American Literature of Exile Isabel Alvarez Borland forces the dialogue between literature and history into the open by focusing on narratives that tell the story of the 1959 exodus and its aftermath Alvarez Borland pulls together a diverse array of Cuban American voices writing in both English and Spanish often from contrasting perspectives and approaches over several generations and waves of immigration Writers discussed include Guillermo Cabrera Infante Reinaldo Arenas Roberto Fernandez Achy Obejas and Cristina Garcia The author's analysis of their works uncovers a movement from narratives that reflect the personal loss caused by the historical fact of exile to autobiographical writings that reflect the need to search for a new identity in a new language to fictions that dramatize the authors constructed Cuban American personae If read collectively she argues these sometimes dissimilar texts appear to be in dialogue with one another as they all document a people's quest to reinvent themselves outside their nation of origin Cuban American Literature of Exile encourages readers to consider the evolution of Cuban literature in the United States over the last forty years Alvarez Borland defines a new American literature of Cuban heritage and documents the changing
