Revenue Law Revision Workbook:

Revenue Law Q and A Mohamed Ramjohn, 2021-03-25 Revenue law is a dynamic challenging and practical subject concerned with the fiscal implications inherent in the conduct of one's affairs. It is essentially statute based and has been interpreted by the courts in a wealth of cases. Many students are filled with trepidation in reading the subject at undergraduate level or for professional examinations. The aim of this book is to assist students in their revision of the subject by enabling them to gain experience in answering examination questions particularly in relation to the five main tax areas: income tax, value added tax, capital gains tax, corporation tax and inheritance tax. This edition includes many new questions and substantial revisions to other questions in the light of recent changes such as the 1998-99 new tax tables, the Finance Acts 1997 and 1998 and recent decisions such as *Brown v Richardson*, *IRC v Willoughby*, *IRC v McGuckian* and *Schuldenfrei v Hilton*.

Introduction to EU Law - Revision Guide Özgür Heval Çınar, 2021-02-02 The real reason for the emergence of this book is that it is hard to find resources to explain complex issues of the EU Law in plain language which makes it very difficult for those taking an interest in particular law students Moreover many years of teaching experience in this subject and seeing students experience difficulties is the key driver behind this book This book does not repeat material that is available in many textbooks that are in print Rather it endeavours to present every topic in plain language and concludes every chapter with a fictitious explanatory sample case In other words it is an introduction to the subject of EU Law the objective of which is to explain the topic both theoretically and in its application dimension Additionally this book will assist students to prepare for coursework examinations At the end of the book there is also a test that summarizes all the subjects contained in the book which is appropriate to the first stage SQE Solicitors Qualifying Examination examination model that will be introduced in September 2021 EU Law Book by Dr Çınar is different than other textbooks in the market as it is designed to make sense of a complex area of law in a simple yet comprehensive way The book contains materials relating to EU law with all the notable cases and materials collected in one place It is written in plain language in the form of question and answers At the end of each chapter there is a case study which helps to put theory into practice EU Law is accessible readable and user friendly I would recommend it without hesitation to legal scholars and practitioners Dr Aysem Diker Vanberg Senior Lecturer

University of Greenwich This clear and concise book provides a practical overview of EU law and will be an excellent study aid for law students It explains the key topics of EU law in an accessible and engaging manner through a Q A model and case studies that demonstrate how the law is applied Dr Johanna Hoekstra Lecturer University of Essex The is an accessible easy to read and very useful book covering all the essential areas of EU law making them easily understood Dr Marios Costa Senior Lecturer City Law School University of London
