Reversing Discrimination:

Reverse Discrimination Fred L. Pincus, 2003 Pincus assesses the nature and scope of reverse discrimination in the United States today exploring what effect affirmative action actually has on white men **Reverse Discrimination** Barry R. Gross, 1977 A collection of papers which give the pros and cons of affirmative action **The History Of U.S. Ethnic Policy And Its Impact On European Ethnic** John Lescott-Leszczynski, 2019-09-06 Ethnic considerations have often played a part in the development of U S public policy even for policies not directly targeting ethnic groups This book surveys the impact of specific legislation on ethnics particularly European ethnics from a historical perspective Its primary focus however is the contemporary body of legislation and regulation based on the 1964 Civil Rights Act which laid the foundation for a conscious and comprehensive racial and ethnic policy intended to aid disadvantaged minorities One of the major outcomes of the 1964 act was the implementation of affirmative action programs mandated by the federal government for its own agencies for federally funded institutions and for private enterprise Implementation depended on data collection based on federally developed racial and ethnic categories Because European ethnics were not included as an identifiable category many discovered Dr Lescott Leszczynski felt that preferential treatment for certain other ethnic groups operated to their disadvantage ethnic tension inevitably resulted Through a systematic review of laws executive orders federal agency directives and related jurisprudence Dr Lescott Leszczynski conveys the extent to which social change has been effected by ethnic policies and explores the ways in which ethnic policy develops how it is expressed how it is implemented and how it is challenged **Project 2025 Explained** Casey Olson, 2024-12-11 Imagine waking up in a world where the United States has evolved into a Christian Nationalist autocracy stripping away civil rights worker protections and environmental safeguards In this vision the president holds near dictatorial power and democracy is slowly but surely dismantled While it may sound like the plot of a dystopian film this is the reality proposed under a second Trump administration The Heritage Foundation has outlined an unsettling blueprint for a profound transformation of the American government and society A Mandate for Leadership Project 2025 This 900 page document is a comprehensive step by step guide that details how the federal government can be restructured to serve a radical right wing agenda The document proposes to seize control of federal power and redefine the very fabric of American democracy posing a grave threat to the future of civil rights freedoms and protections that Americans rely on daily Project 2025 Explained A Mandate for Authoritarian Rule and Everything You Need To Know About the Future of the U S Politics breaks down this manifesto providing an objective summary and in depth analysis of the policies outlined within This book offers a chapter by chapter breakdown of what this blueprint entails and the consequences it could have on American society Within these pages you ll discover Origins of Project 2025 How the plan was created who the key players are and the forces behind it The book gives readers an essential look at the authors and advocates behind this extreme agenda shedding light on their motivations and goals Impact on Key Sectors The proposed

policies outlined in Project 2025 threaten to reshape healthcare education the economy and civil rights With sweeping changes on the horizon these measures would drastically alter the quality of life for millions of Americans Key Figures and Dark Money A thorough examination of the individuals shaping this agenda along with the networks of powerful often secretive organizations and donors that are funding this movement The role of money in influencing these policies is a crucial element in understanding how such a radical plan could gain traction Proposed Policy Changes From expanding presidential powers to slashing worker protections the book delves into the specific measures that would be enacted under Project 2025 This is not an exaggerated or speculative analysis it is based on the very policies laid out by the Heritage Foundation and the leaders of this movement Project 2025 represents the most radical conservative effort in American history to dismantle democratic institutions and reshape the government to reflect an authoritarian right wing vision Understanding what is at stake is essential for every American concerned about the future of their democracy Ignoring the implications of Project 2025 is not an option It is time to inform ourselves share these critical insights and stand up to protect the core values that have long defined the United States By getting this book you re arming yourself with the facts to challenge this agenda and join the fight to preserve our democratic institutions Don t wait until it s too late become an informed voice in this critical battle

Index Medicus, 1967 The Reconceptualization of European Union Citizenship Elspeth Guild, Cristina Gortázar Rotaeche, Dora Kostakopoulou, 2014-01-09 This book maps out from a variety of theoretical standpoints the challenges generated by European integration and EU citizenship for community membership belonging and polity making beyond the state It does so by focusing on three main issues of relevance for how EU citizenship has developed and its capacity to challenge state sovereignty and authority as the main loci of creating and delivering rights and protection First it looks at the relationship between citizenship of the Union and European identity and assesses how immigration and access to nationality in the Member States impact on the development of a common European identity Secondly it discusses how the idea of solidarity interacts with the boundaries of EU citizenship as constructed by the entitlement and capacity of mobile citizens to enjoy equality and social rights as EU citizens Thirdly the book engages with issues of EU citizenship and equality as the building blocks of the EU project By engaging with these themes this volume provides a topical and comprehensive account of the present and future development of Union citizenship and studies the collisions between the realisation of its constructive potential and Member State autonomy The Feeling, Thinking Citizen Howard Lavine, Charles S.

Taber, 2018-03-13 This book is an appreciation of the long and illustrious career of Milton Lodge Having begun his academic life as a Kremlinologist in the 1960s Milton Lodge radically shifted gears to become one of the most influential scholars of the past half century working at the intersection of psychology and political science In borrowing and refashioning concepts from cognitive psychology social cognition and neuroscience his work has led to wholesale transformations in the way political scientists understand the mass political mind as well as the nature and quality of democratic citizenship In this collection Lodge s collaborators and colleagues describe how his work has influenced their own careers and how his insights have been synthesized into the bloodstream of contemporary political psychology The volume includes personal reflections from Lodge s longstanding collaborators as well as original research papers from leading figures in political psychology who have drawn inspiration from the Lodgean oeuvre Reflecting on his multi faceted contribution to the study of political psychology The Feeling Thinking Citizen illustrates the centrality of Lodge s work in constructing a psychologically plausible model of the democratic citizen *Library of Congress Subject Headings: F-O* Library of Congress.
