Madison's Hand Mary Sarah Bilder, 2015-10-19 No document depicts the Constitutional Convention s charismatic figures crushing disappointments and miraculous triumphs with the force of Madison s Notes But how reliable is this account Drawing on digital technologies and textual analysis Mary Sarah Bilder reveals that Madison revised to a far greater extent than previously recognized

The Craft of Research, 2nd edition Wayne C. Booth, Gregory G. Colomb, Joseph M. Williams, 2008-04-15 Since 1995 more than 150 000 students and researchers have turned to The Craft of Research for clear and helpful guidance on how to conduct research and report it effectively Now master teachers Wayne C Booth Gregory G Colomb and Joseph M Williams present a completely revised and updated version of their classic handbook Like its predecessor this new edition reflects the way researchers actually work in a complex circuit of thinking writing revising and rethinking It shows how each part of this process influences the others and how a successful research report is an orchestrated conversation between a researcher and a reader Along with many other topics The Craft of Research explains how to build an argument that motivates readers to accept a claim how to anticipate the reservations of thoughtful yet critical readers and to respond to them appropriately and how to create introductions and conclusions that answer that most demanding question So what Celebrated by reviewers for its logic and clarity this popular book retains its five part structure Part 1 provides an orientation to the research process and begins the discussion of what motivates researchers and their readers Part 2 focuses on finding a topic planning the project and locating appropriate sources This section is brought up to date with new information on the role of the Internet in research including how to find and evaluate sources avoid their misuse and test their reliability Part 3 explains the art of making an argument and supporting it The authors have extensively revised this section to present the structure of an argument in clearer and more accessible terms than in the first edition

New distinctions are made among reasons evidence and reports of evidence The concepts of qualifications and rebuttals are recast as acknowledgment and response Part 4 covers drafting and revising and offers new information on the visual representation of data Part 5 concludes the book with an updated discussion of the ethics of research as well as an expanded bibliography that includes many electronic sources The new edition retains the accessibility insights and directness that have made The Craft of Research an indispensable guide for anyone doing research from students in high school through advanced graduate study to businesspeople and government employees The authors demonstrate convincingly that researching and reporting skills can be learned and used by all who undertake research projects New to this edition Extensive coverage of how to do research on the internet including how to evaluate and test the reliability of sources New information on the visual representation of data Expanded bibliography with many electronic sources
