Jamaica: Its Past and Present State James Mursell Phillippo, 1843 Reason in Revolt, Vol. II Alan Woods, Ted Grant, 2003 The dialectical materialism of Marx is not only a useful philosophical method for understanding the processes of society but is also a powerful tool for the assessment of the scientific method according to Marxists Grant and Woods In Reason in Revolt they explain the philosophical basis of dialectical materialism and defend its practice using examples from current work in formal logic and physics They suggest that just as science provides confirmation of dialectical materialism so dialectical materialism helps demonstrate where science has lost its way They are especially critical of the injection of mysticism into current works of theoretical physics Book News The present world situation suggests that the capitalist system is now reaching a similar impasse to the one reached earlier by Stalinism The crisis can be explained in quite scientific terms To do so however a knowledge of the Marxist method of dialectical and historical materialism is necessary Many blame the activities of the US President George W Bush But Mr Bush is only the unconscious agent of historical processes that he has inherited and the existence of which he does not suspect Paradoxically by acting in the way he has he is hastening the demise of the socio economic system he hopes to preserve Now America has the reputation of the most counter revolutionary force on earth but we may come to witness a very graphic example of the dialectic of history Ted Grant joined Britain's Independent Labour Party in 1934 His published writings include The Unbroken Thread 1989 Scotland Socialism or Nationalism 1992 Where is Britain Going 1995 and Russia from Revolution to Counter Revolution 1997 Woods is the author of Marxism in Our Time 1992 China in Crisis 1994 The Socialist Alternative to the European Union 1997 A New Stage in the Capitalist Crisis 1998 Indonesia the Asian Revolution Has Begun 1998 and Crisis in Russia the Free Market Failure
