**De-constructing Dahl** Laura Viñas Valle, 2016-01-14 This is the first single authored monograph on Roald Dahl since 1994 Remarkably in spite of Dahl's commercial success and the divided opinions he generates very little scholarly work on the author has been produced In the light of sociocultural constructivist theory De-constructing Dahl focuses on the critical context texts and paratexts that make up the packaging of Dahl It offers the first thorough overview of the criticism and the language employed to discuss Dahl since the 1970s the difficulties that using such language entails and how it still permeates current criticism It delves into the relationship between Dahl's children's and adult fiction by drawing comparisons and contrasts and exploring the common traits and patterns that bring his whole work together It also examines how Dahl constructed himself as a children's writer how his publishing house and allies contribute to mediating and sustaining the Dahl public persona the ways that marketing strategies are responsible for the identity of his books and how editorial decisions about the age range and therefore how the classification of a manuscript as a book for children or for adults constructs particular ideas of what children's literature is and what is considered appropriate or unsuitable for children to read *The New York Times Easy Crossword Puzzles Volume 7* The New York Times, Henry Rathvon, Emily Cox, 2005-11 New York Times puzzles are America's favorite 50 of the popular acrostics from the Sunday New York Times Acrostics by master puzzlers Emily Cox and Henry Rathvon Edited by puzzle legend Will Shortz

look at the famous twentieth century children's author who brought us *The BFG* and *Charlie and the Chocolate Factory*. Few writers have had the enduring cultural influence of Roald Dahl who inspired generations of loyal readers. Acclaimed biographer Jeremy Treglown cuts no corners in humanizing this longstanding immortal of juvenile fiction. Roald Dahl explores this master of children's literature from childhood, focusing a tight lens on the relationship between Dahl and his mother who lovingly referred to him as Apple, through to his death. Treglown deftly navigates Dahl's time as a fighter pilot in the Royal Air Force, exploring how the experience transformed many of the beliefs that influenced the English writer's work, including *The Gremlins*, which was commissioned by Walt Disney. A former editor of the *Times Literary Supplement*, Treglown discusses many of Dahl's most famous works such as *James and the Giant Peach* and *Fantastic Mr Fox*, while also delving into his marriage to actress Patricia Neal, combing through letters and archives to show a man who could be both comic and vitriolic, thoughtful yet manipulative and irascible. Treglown highlights many of Dahl's literary achievements as well as his breakdowns and shortcomings, presenting a very personal and telling picture of the author and the inner turmoil that crippled him. Separating the man from the myth, Treglown's frank intimate portrait of Dahl illuminates the contradictions within the mind of this beloved author, a man who could be both a monster and a hero. It is required reading for book lovers and film buffs alike.
