Revolution from Within Gloria Steinem, 2012-05-15 Newly updated The bestseller that could bring the human race a little closer to rescuing itself from the subject of the film *The Two Glorias* Naomi Wolf Without self esteem the only change is an exchange of masters with it there is no need for masters When trying to find books to give to the countless brave and smart women I met who didn't think of themselves as either brave or smart Steinem realized that books either supposed that external political change would cure everything or that internal change would None linked internal and external change together in a seamless circle of cause and effect effect and cause She undertook to write such a book and ended up transforming her life as well as the lives of others The result of her reflections is this truly transformative book part personal collection of stories from her own life and the lives of many others part revolutionary guide to finding community and inspiration Steinem finds role models in a very young and uncertain Gandhi as well as unlikely heroes from the streets to history *Revolution from Within* addresses the core issues of self authority and unjust external authority and argues that the first is necessary to transform the second This ebook features an illustrated biography of Gloria Steinem including rare images from the author's personal collection as well as a new preface and list of book recommendations from Steinem

Revolution Within Dwight Edwards, 2013-07-24 One of the fundamental misunderstandings the first century world had in regard to Jesus was that He had come to stir up an outward political revolution Dwight Edwards reminds us in his powerful book that the revolution like the kingdom is essentially within that Jesus is still a King whose kingdom is the heart Michael Card recording artist and author of *A Violent Grace What Actually Happened When You Came to Christ* Because of what God has done for every believer you actually possess outlandish treasures you may never have dreamed existed God has made New Covenant promises to each of us And in fulfillment of those promises He has placed within every believer four

revolutionary provisions a new purity a new disposition a new identity and a new power These lavish supernatural resources permanently reside within your soul right now ready for release every day of your life on earth Revolution Within shows what these four provisions really are and how to release them so you can experience all the best God has for you And when you do you fulfill your God given purpose in life Because God doesn't want us just to be spiritually whole but to be spiritually provocative As you tap into this vibrant eternal reality you'll experience fresh intimacy with God new liberty a deepened sense of community with other believers and a new capacity for ministry And through it all you'll grow in your passion for what God Himself is most passionate about His glory

Self-Esteem Ian Miller, 2024-02-07 By the end of the twentieth century the idea of self esteem had become enormously influential A staggering amount of psychological research and self help literature was being published and before long devoured by readers Self esteem initiatives permeated American schools Self esteem became the way of understanding ourselves our personalities our interactions with others Nowadays however few people think much about the concept of self esteem but perhaps we should Self Esteem An American History is the first historical study to explore the emotional politics of self esteem in modern America Written with verve and insight Ian Miller's expert analysis looks at the critiques of self help that accuse it of propping up conservative agendas by encouraging us to look solely inside ourselves to resolve life's problems At the same time he reveals how African American LGBTQ and feminist activists have endeavored to build positive collective identities based on self esteem pride and self respect This revelatory book will be essential reading for anyone with an interest in the history of mental health and well being and in how the politics of self esteem is played out in today's US society and culture

Ms. Gloria Steinem Winifred Conkling, 2020-06-30 Throughout the years Gloria Steinem is perhaps the single most iconic figure associated with women's rights her name practically synonymous with the word feminism Documenting everything from her boundary pushing journalistic career to the foundation of Ms magazine to being awarded the 2013 Presidential Medal of Freedom Winifred Conkling's Ms Gloria Steinem A Life is a meticulously researched YA biography that is sure to satisfy even the most voracious of aspiring glass ceiling smashers Gloria Steinem was no stranger to injustice even from a young age Her mother Ruth having suffered a nervous breakdown at only 34 spent much of Gloria's childhood in and out of mental health facilities And when Gloria was only 10 years old her father divorced her mother and left for California unable to bear the stress of caring for Ruth any longer Gloria never blamed her mother for being unable to hold down a job to support them both after that but rather blamed society's intrinsic hostility toward women and working women in particular This was the spark that lit a fire in her that would burn for decades and continues to burn brightly today

Theory of Women in Religions Catherine Wessinger,2020-12-01 An introduction to the study of women in diverse religious cultures While women have made gains in equality over the past two centuries equality for women in many religious traditions remains contested throughout the world In the Roman Catholic Church and the Church of Jesus Christ of Latter day Saints

women are not ordained as priests In areas of Pakistan and Afghanistan under Taliban occupation girls and women students and their teachers risk their lives to go to school And in Sri Lanka fully ordained Buddhist nuns are denied the government identity cards that recognize them as citizens Is it possible to create families societies and religions in which women and men are equal And if so what are the factors that promote equality Theory of Women in Religions offers an economic model to shed light on the forces that have impacted the respective statuses of women and men from the earliest developmental stages of society through the present day Catherine Wessinger integrates data and theories from anthropology archaeology sociology history gender studies and psychology into a concise history of religions introduction to the complex relationships between gender and religion She argues that socio economic factors that support specific gender roles in conjunction with religious norms and ideals have created a gendered division of labor that both directly and indirectly reinforces gender inequality Yet she also highlights how as the socio economic situation is changing religion is being utilized to support the transition toward women s equality noting the ways in which many religious representations of gender change over time
