The Resurrection of Ireland Michael Laffan, 1999-12-02 Between 1916 and 1923 Ireland experienced a political as well as a military revolution This book examines how after the Easter Rising of 1916 radical revolutionaries formed a precarious coalition with relatively moderate politicians and offers a sustained

analysis of the political organisation of Irish republicanism during a crucial period The new Sinn Féin party routed its enemies co-operated uneasily with the underground Irish government which it had helped to create and achieved most of its objectives before disintegrating in 1922 Its rapid collapse should not distract from its achievements in particular its role in democratising the Irish revolution Its successors have dominated the political life of independent Ireland The book studies in detail the party's membership and ideology and also its often tense relationship with the Irish Republican Army A final chapter examines the fluctuating careers of the later Sinn Féin parties throughout the rest of the twentieth century

Ireland and the Irish in Interwar England Mo Moulton, 2014-04-03 To what extent did the Irish disappear from English politics life and consciousness following the Anglo-Irish War Mo Moulton offers a new perspective on this question through an analysis of the process by which Ireland and the Irish were redefined in English culture as a feature of personal life and civil society rather than a political threat Considering the Irish as the first postcolonial minority she argues that the Irish case demonstrates an English solution to the larger problem of the collapse of multi-ethnic empires in the twentieth century Drawing on an array of new archival evidence Moulton discusses the many varieties of Irishness present in England during the 1920s and 1930s including working class republicans relocated southern loyalists and Irish enthusiasts The Irish connection was sometimes repressed but it was never truly forgotten this book recovers it in settings as diverse as literary societies sabotage campaigns drinking clubs and demonstrations

Captain Jack White Leo Keohane,2014-09-12 Captain Jack White DSO 1879 1946 is a fascinating yet neglected figure in Irish history Son of Field Marshal Sir George White V C he became a Boer war hero and crucially was the first Commandant of the Irish Citizen Army One of the few notable figures in Ireland to declare himself an anarchist he led a remarkable life of action and was a most unsystematic thinker This is a long overdue assessment of his life and times Leo Keohane vividly brings to life the contradictory worlds and glamour of this mercurial figure who knew Lord Kitchener was a dinner companion of King Edward and the Kaiser who corresponded with H G Wells D H Lawrence and Tolstoy and shared a platform with G B Shaw Conan Doyle Roger Casement and Alice Stopford Green The founder of the Irish Citizen Army along with James Connolly White marched and argued with James Larkin during the 1913 Lockout worked with Sean O Casey liaised with Constance Markievicz and socialised with most of the Irish activists and literati of the early twentieth century A man who lived many lives White was the ultimate outsider beset by divided loyalties with an alternative philosophy and an inability to conform

Masculinity and Power in Irish Nationalism, 1884-1938 Aidan Beatty,2016-09-23 This book is a comparative study of masculinity and white racial identity in Irish nationalism and Zionism It analyses how both national movements sought to

refute widespread anti Irish or anti Jewish stereotypes and create more prideful and highly gendered images of their respective nations Drawing on English Irish and Hebrew language archival sources Aidan Beatty traces how male Irish nationalists sought to remake themselves as a proudly Gaelic speaking race rooted both in their national past as well as in the spaces and agricultural soil of Ireland On the one hand this was an attempt to refute contemporary British colonial notions that they were somehow a racially inferior or uncomfortably hybridised people But this is also presented in the light of the general history of European nationalism nationalist movements across Europe often crafted romanticised images of the nation s past and Irish nationalism was thus simultaneously European and postcolonial It is this that makes Irish nationalism similar to Zionism a movement that sought to create a more idealized image of the Jewish past that would disprove contemporary anti Semitic stereotypes
