## **Revolution In Southeast Asia:**

Republicanism, Communism, Islam John T. Sidel, 2021-05-15 In *Republicanism Communism Islam* John T Sidel provides an alternate vantage point for understanding the variegated forms and trajectories of revolution across the Philippines Indonesia and Vietnam a perspective that is de nationalized internationalized and transnationalized Sidel positions this new vantage point against the conventional framing of revolutions in modern Southeast Asian history in terms of a nationalist template on the one hand and distinctive local cultures and forms of consciousness on the other Sidel s comparative analysis shows how in very different decisive and often surprising ways the Philippine Indonesian and Vietnamese revolutions were informed enabled and impelled by diverse cosmopolitan connections and international conjunctures Sidel addresses the role of Freemasonry in the making of the Philippine revolution the importance of Communism and Islam in Indonesia s Revolusi and the influence that shifting political currents in China and anticolonial movements in Africa had on Vietnamese revolutionaries Through this assessment Republicanism Communism and Islam tracks how these forces rather than nationalism per se shaped the forms of these revolutions the ways in which they unfolded and the legacies which they left in their wakes

*Forgotten Wars* Christopher Alan Bayly, Timothy Norman Harper, 2007 This is a panoramic account of the bitter wars of the end of empire seen not only through the eyes of the fighters but also through the personal stories of ordinary people

**Southeast Asia and the Great Powers** Nicholas Tarling, 2013-06-17 Southeast Asia has on the basis of the nation state secured both a large measure of interstate peace and cooperation and a degree of autonomy from great powers outside the region ASEAN both represents that position and promotes it But it also depends on the attitude of the great powers

*Thailand and the Southeast Asian Networks of The Vietnamese Revolution, 1885-1954* Christopher E. Goscha, 2013-09-05 Christopher Goscha resituates the Vietnamese revolution and war against the French into its Asian context Breaking with nationalist and colonial historiographies which have largely locked Vietnam into Indochinese or Nation state straightjackets Goscha takes Thailand as his point of departure for exploring how the Vietnamese revolution was intimately linked to Asia between the birth of the Save the King Movement in 1885 and the Battle of Dien Bien Phu in 1954 But his study is more than just a political history Goscha brings geography to bear on his subject with a passion While he considers the little known political movements of such well known faces as Phan Boi Chau and Ho Chi Minh across Southeast Asia the author takes us into the complex Asian networks stretching from northeastern Thailand and the port of Bangkok to southern China and Hong Kong and beyond There we see how Ho and Chau drew upon an invisible army of Vietnamese and Chinese traders criminals prostitutes sailors and above all the thousands of emigres living in Vietnamese communities in Thailand

Southeast Asia in China Ying-kit Chan, Chang-Yau Hoon, 2022-11-28 As part of China's south Southeast Asia has historically assumed a peripheral position when juxtaposed against the power of the Chinese state In the existing scholarly literature the power asymmetry is reflected in the ostensible bias where most studies are about China's presence in or engagement with Southeast Asia rather than the reverse studies on the presence or influence of Southeast Asia in China have been a marginal enterprise The present volume aims to fill this void by exploring the historical entanglements and contemporary engagements of Southeast Asia in China through a Southeast Asian perspective As China seeks to understand Southeast Asia's presence in the country on its own terms it is also engaged in a process of self discovery and defining where and how it should stand in relation to the region Departing from the discourse of China as the a priori center dominating the scholarship on China Southeast Asia relations the present volume hopes to subvert such power

relations in order to bring fresh perspectives on the historical and contemporary contributions of Southeast Asians in China

**Rivalry and Revolution in South and East Asia** Partha S. Ghosh, 2019-05-23 First published in 1997 this study reveals the forces of nationalism and internationalism at work side by side in the populous and volatile regions of South and East Asia which make up the 11 chapters of this volume They cover regional security political economy territorial disputes and national unification Problems such as those of Cambodia and the nuclearization of India Pakistan and North Korea create serious international concern while unresolved regional issues force nationalistic and military conflict The irresistible popular pressure for economic integration with the global system often without any corresponding commitment to political freedom underlies it all The cumulative effect of these diverse processes creates an explosive mix of international rivalries and national revolutions which raises the question of the possible arrival of the Asian Century

**Forgotten Wars** Christopher Bayly, Tim Harper, 2010-10 This is a panoramic account of the bitter wars of the end of empire seen not only through the eyes of the fighters but also through the personal stories of ordinary people

*ASEAN, Sovereignty and Intervention in Southeast Asia* L. Jones, 2011-12-07 Drawing on the fields of political economy and historical sociology Jones dispels the overwhelming consensus among scholars that members of the Association of Southeast Asian Nations ASEAN never interfere in the internal affairs of other states and pioneers a new approach to the understanding of regional politics in Southeast Asia

Time Out of Hand Shaplen Robert, 1817

*Southeast Asia and the Cold War* Albert Lau, 2012 The origins and the key defining moments of the Cold War in Southeast Asia have been widely debated This book focuses on an area that has received less attention the impact and legacy of the Cold War on the various countries in the region as well as on the region itself The book contributes to the historiography of the Cold War in Southeast Asia by examining not only how the conflict shaped the milieu

in which national and regional change unfolded but also how the context influenced the course and tenor of the Cold War in the region. It goes on to look at the usefulness or limitations of using the Cold War as an interpretative framework for understanding change in Southeast Asia. Chapters discuss how the Cold War had a varied but notable impact on the countries in Southeast Asia not only on the mainland countries belonging to what the British Foreign Office called the upper arc but also on those situated on its maritime lower arc. The book is an important contribution to the fields of Asian Studies and International Relations.
