Jack P. Greene

Revolutionary Currents Nation Building In The Transatlantic World:

Revolutionary Currents Michael A. Morrison, Melinda S. Zook, 2004 In the Age of Democratic Revolution countries on both sides of the Atlantic were linked together through trade networks diplomatic ties and social interactions More importantly however they also shared a common revolutionary dynamic that oscillated back and forth across the ocean Revolutionary Currents explores the global crosscurrents and revolutionary ideologies that inspired four great modern revolutions England's Glorious Revolution of 1688-89 the American Revolution of 1776 the French Revolution in 1789 and the Mexican Revolution in the early 1800s Michael A Morrison and Melinda S Zook bring together noted historians to look at how each nation reshaped these revolutionary traditions making them their own and exported them once again In examining each event the contributors respond to the historiographical trends of revolutionary ideology transatlantic cross fertilization of ideas and nation building In assessing and analyzing the ideas traditions and nationalisms that inspired revolution and nation building in the modern world this book breaks new ground in the area of transatlantic history

Rethinking America John M. Murrin, 2018-04-02 For five decades John M Murrin has been the consummate historian's historian This volume brings together his seminal essays on the American Revolution the United States Constitution and the early American Republic Collectively they rethink fundamental questions regarding American identity the decision to declare independence in 1776 and the impact the American Revolution had on the nation it produced By digging deeply into questions that have shaped the field for several generations Rethinking America argues that high politics and the study of constitutional and ideological questions broadly the history of elites must be considered in close conjunction with issues of economic inequality class conflict and racial division Bringing together different schools of history and a variety of perspectives on both Britain and the North American colonies it explains why what began as a constitutional argument that virtually all expected would remain contained within the British Empire exploded into a truly subversive and radical revolution that destroyed monarchy and aristocracy and replaced them with a rapidly transforming and chaotic republic This volume examines the period of the early American Republic and discusses why the Founders' assumptions about what their Revolution would produce were profoundly different than the society that emerged from the American Revolution In many ways Rethinking America suggests that the outcome of the American Revolution put the new United States on a path to a violent and bloody civil war With an introduction by Andrew Shankman this long awaited work by one of the most important scholars of the Revolutionary era offers a coherent interpretation of the complex period that saw the breakdown of colonial British North America and the founding of the United States

The Societal Foundations of National Competitiveness Michael J. Mazarr, 2022-06-21 Nations rise and fall succeed or fail in rivalries and enjoy stability or descend into chaos because of a complex web of factors One critical component is a nation's essential social characteristics This report examines the characteristics of highly competitive societies explores the relationship of a nation's social condition to its global standing and then applies these

lessons to the United States today **The Great Delusion** John J. Mearsheimer, 2018-01-01 A major theoretical statement by a distinguished political scholar explains why a policy of liberal hegemony is doomed to fail It is widely believed in the West that the United States should spread liberal democracy across the world foster an open international economy and build international institutions The policy of remaking the world in America's image is supposed to protect human rights promote peace and make the world safe for democracy But this is not what has happened Instead the United States has become a highly militarized state fighting wars that undermine peace harm human rights and threaten liberal values at home In this major statement the renowned international relations scholar John Mearsheimer argues that liberal hegemony the foreign policy pursued by the United States since the Cold War ended is doomed to fail It makes far more sense he maintains for Washington to adopt a more restrained foreign policy based on a sound understanding of how nationalism and realism constrain great powers abroad The Great Delusion is a lucid and compelling work of the first importance for scholars

policy makers and everyone interested in the future of American foreign policy **Anglicizing America** Ignacio Gallup-Díaz, Andrew Shankman, David J. Silverman, 2015-03-09 The thirteen mainland colonies of early America were arguably never more British than on the eve of their War of Independence from Britain Though home to settlers of diverse national and cultural backgrounds colonial America gradually became more like Britain in its political and judicial systems material culture economies religious systems and engagements with the empire At the same time and by the same process these politically distinct and geographically distant colonies forged a shared cultural identity one that would bind them together as a nation during the Revolution Anglicizing America revisits the theory of Anglicization considering its application to the history of the Atlantic world from Britain to the Caribbean to the western wildernesses at key moments before during and after the American Revolution Ten essays by senior historians trace the complex processes by which global forces local economies and individual motives interacted to reinforce a more centralized and unified social movement They examine the ways English ideas about labor influenced plantation slavery how Great Britain's imperial aspirations shaped American militarization the influence of religious tolerance on political unity and how Americans' relationship to Great Britain after the war impacted the early republic's naval and taxation policies As a whole Anglicizing America offers a compelling framework for explaining the complex processes at work in the western hemisphere during the age of revolutions Contributors Denver Brunson William Howard Carter Ignacio Gallup-Díaz Anthony M Joseph Simon P Newman Geoffrey Plank Nancy L Rhoden Andrew Shankman David J Silverman Jeremy A Stern **The Cambridge History of the Age of Atlantic Revolutions:**

Volume 3, The Iberian Empires Wim Klooster, 2023-11-09 Volume III covers the Iberian Empires and the important ethnic dimension of the Ibero American independence movements revealing the contrasting dynamics created by the Spanish imperial crisis at home and in the colonies It bears out the experimental nature of political changes the shared experiences and contrasts across different areas and the connections to the revolutionary French Caribbean The special nature of the

emancipatory processes launched in the European metropolises of Spain and Portugal is explored as are the connections between Spanish America and Brazil as well as between Brazil and Portuguese Africa. It ends with an assessment of Brazil and how the survival of slavery is shown to have been essential to the new monarchy although simultaneously enslaved people began pressing their own demands just like the indigenous population.

Revolutionary Europe Gavin Murray-Miller, 2020-02-06 CHOICE Outstanding Academic Title 2021 Revolutionary Europe is an original examination of radical political movements during Europe's long 19th century. It employs both national and transnational contexts incorporating new debates in Atlantic history, empire studies, and cultural history to give a comprehensive narrative of the period from 1775 to 1922. Rather than assessing revolution as a purely theoretical, socially driven force or a structural phenomenon, the book presents revolution as a process of community building and cultural identification born from instances of acute social and political crisis. Taking into account various moments of political upheaval during the 19th century, including the French, Russian, and 1848 revolutions, it explores the ways in which political actors attempted to construct new definitions of sovereignty and social unity in a period characterized by vast social, economic, and governmental change. In a wide-ranging text that covers Britain and much of continental Europe in detail as well as reaching out to the Americas and Atlantic and Mediterranean Worlds, Gavin Murray-Miller provides an authoritative transnational study of revolution in the 19th-century age of high nationalism.

When the United States Spoke French Francois Furstenberg, 2015-06-30 A bright, absorbing account of a short period in history that still resounds today. Kirkus Reviews Beautifully written and brilliantly argued, *When the United States Spoke French* offers a fresh perspective on the tumultuous years of America as a young nation when the Atlantic world's first republican experiments were put to the test. It explores the country's formative period from the viewpoint of five distinguished Frenchmen who took refuge in America after leaving their homes and families in France, crossing the Atlantic and landing in Philadelphia. Through their stories, we see some of the most famous events of early American history in a new light, from the battles with Native Americans on the western frontier to the Haitian Revolution, the Whiskey Rebellion, to the Louisiana Purchase in 1803.

Routledge Handbook of Historical International Relations Benjamin de Carvalho, Julia Costa Lopez, Halvard Leira, 2021-06-28 This handbook presents a comprehensive, concise, and accessible overview of the field of Historical International Relations (HIR). It summarizes and synthesizes existing contributions to the field while presenting central themes, approaches, and methodologies that have driven the development of HIR, providing the reader with a sense of the diversity and research dynamics that are at the heart of this field of study. The wide range of topics covered are grouped under the following headings: Traditions; Demonstrates the wide variety of approaches to HIR; Thinking International Relations Historically; Different ways of thinking IR historically share some common concerns and areas for further investigation; Actors, Processes, and Institutions; Explores the processes, actors, practices, and institutions that constitute the core objects of study of many HIR scholars; Situating Historical International

Relations Critically reflects about the situatedness of our objects of study Approaches Examines how HIR scholars conduct and reflect about their research often in dialogue with a variety of perspectives from cognate disciplines Summarizing key contributions and trends while also sketching out challenges for future inquiry this is an invaluable resource for students academics and researchers from a range of disciplines particularly International Relations global history political science history sociology anthropology peace studies diplomatic studies security studies international political thought political geography international law

Cycles of Conflict, Centuries of Change Elisa Servín, Leticia Reina, John

Tutino, 2007-07-17 Anthology about three of the persistent crises that have wracked Mexican society throughout its modern history asking why these ruptures occurred why they mobilized Mexicans of all social classes and why some led to significant political transformation

Liberty, Conscience, and Toleration Andrew R. Murphy, 2016-05-27 In a seventeenth century English landscape populated with towering political and philosophical figures like Hobbes Harrington Cromwell Milton and Locke William Penn remains in many ways a man apart Yet despite being widely neglected by scholars he was a sophisticated political thinker who contributed mightily to the theory and practice of religious liberty in the early modern Atlantic world In this long awaited intellectual biography of William Penn Andrew R Murphy presents a nuanced portrait of this remarkable entrepreneur philosopher Quaker and politician *Liberty Conscience and Toleration* focuses on the major political episodes that attracted William Penn's sustained attention as a political thinker and actor the controversy over the Second Conventicle Act the Popish Plot and Exclusion Crisis the founding and settlement of Pennsylvania and the contentious reign of James II Through a careful examination of writings published in the midst of the religious and political conflicts of Restoration and Revolutionary England Murphy contextualizes the development of Penn's thought in England and America illuminating the mutual interconnections between Penn's political thought and his colonizing venture in America An early advocate of representative institutions and religious freedom William Penn remains a singular figure in the history of liberty of conscience His political theorizing provides a window into the increasingly vocal organized and philosophically sophisticated tolerationist movement that gained strength over the second half of the seventeenth century Not only did Penn attempt to articulate principles of religious liberty as a Quaker in England but he actually governed an American polity and experienced firsthand the complex relationship between political theory and political practice Murphy's insightful analysis shows Penn's ongoing significance to the broader study of Anglo American political theory and practice ultimately pointing scholars toward a new way of understanding the enterprise of political theory itself

The Evolution of the Property Relation A.

Davis, 2015-02-04 Evolution of the Property Relation defines an approach to economics which is centered around the concept of property and explores the historical evolution of the relationship of the individual private property and the state and the distinctive changes wrought by the emergence of the market

In the Footsteps of Flora Tristan Máire Fedelma

Cross, 2020-09-03 In the Footsteps of Flora Tristan is the first ever study devoted to Jules Puech 1879 1957 and is a double

biography that examines his life's work on Flora Tristan 1803-1844 feminist and socialist. It begins by examining newly found press reports of Flora Tristan during her lifetime and subsequently then positions Puech's discovery of her as a postgraduate student in Paris in the 1900s. It continues with an account of how he embarked on the first in-depth biography published in 1925. Puech was unmatched in his expertise as a writer on Flora Tristan, having discovered her papers through his numerous political connections and having become a historian of Proudhon's legacy on the international aspirations of the labour movement. Together with his wife Marie Louise Puech nee Milhau 1876-1966 suffragist feminist, he was a militant in the early twentieth-century pacifist movement that advocated international arbitration. His research on Flora Tristan was enriched by his other projects but was thwarted by the wars of 1914-1918 and 1940-1945. The circumstances of the long gestation of Puech's biography are drawn from his letters and papers hitherto unseen. The correspondence curated brings a new understanding to the multi-faceted nature of Puech's activism and rate of progress in the publication of his findings on his subject Flora Tristan.

Creating the British Atlantic Jack P. Greene, 2013-04-29. Set mostly within an expansive British imperial and transatlantic framework, this new selection of writings from the renowned historian Jack P. Greene draws on themes he has been developing throughout his distinguished career. In these essays, Greene explores the efforts to impose Old World institutions, identities, and values upon the New World societies being created during the colonization process. He shows how transplanted Old World components, political, legal, and social, were adapted to meet the demands of new, economically viable, expansive cultural hearths. Greene argues that these transplantations and adaptations were of fundamental importance in the formation and evolution of the new American republic and the society it represented. The scope of this work allows Greene to consider in depth numerous subjects, including the dynamics of colonization, the development and character of provincial identities, the relationship between new settler societies in America and the emerging British Empire, and the role of cultural power in social and political formation.

The Atlantic World Thomas Benjamin, 2009-02-16. From 1400 to 1900, the Atlantic Ocean served as a major highway, allowing people and goods to move easily between Europe, Africa, and the Americas. These interactions and exchanges transformed European, African, and American societies and led to the creation of new peoples, cultures, economies, and ideas throughout the Atlantic arena. The Atlantic World provides a comprehensive and lucid history of one of the most important and impactful cross-cultural encounters in human history. Empires, economies, and trade in the Atlantic world thrived due to the European drive to expand, as well as the creative ways in which the peoples living along the Atlantic's borders adapted to that drive. This comprehensive, cohesively written textbook offers a balanced view of the activity in the Atlantic world. The 40 maps, 60 illustrations, and multiple excerpts from primary documents bring the history to life. Each chapter offers a reading list for those interested in a more in-depth look at the period.

Following the Levellers, Volume Two Gary S. De Krey, 2018-02-05. The Levellers sought to restructure the state in 1647-9 around popular consent and liberty for conscience, especially in their Agreement of

the People Following the Levellers Volume Two examines the later political efforts of Leveller spokesmen like John Lilburne John Wildman and Richard Overton and their followers Far from ending in the 1649 troop revolts the Leveller impact continued in the Interregnum climacterics of 1653 and 1659 60 times of acute political and religious unsettlement Indeed Leveller ideas resurfaced in Restoration political and religious crises in 1678 83 and again in 1687 8 and flourished in populations that once followed the Levellers Analysis of London army and county Levellers reveals connections to subsequent outbursts of unrest Sectarian communities in London s peripheral neighbourhoods and nearby counties sustained the Leveller ethos and ordinary people like those who followed the Levellers remained active in petitioning and protest about political and religious liberties through the Glorious Revolution *Conceived in Crisis* Christopher R. Pearl,2020-08-06

Conceived in Crisis argues that the American Revolution was not just the product of the Imperial Crisis brought on by Parliament s attempt to impose a new idea of empire on the American colonies To an equal or greater degree it was a response to the inability of individual colonial governments to deliver basic services which undermined their legitimacy Factional bickering over policy violent extralegal regulations and the dreadful experiences of conducting an imperial war while governing a demographically growing and geographically expanding population all led colonists and imperial officials to consider reforming the colonial governments into more powerful and coercive entities Using Pennsylvania as a case study Christopher Pearl demonstrates how this history of ineffective colonial governance precipitated a process of state formation that was accelerated by the demands of the Revolutionary War The powerful state governments that resulted dominated the lives of ordinary people well into the nineteenth century *Conceived in Crisis* makes sense of the trajectory from weak colonial to strong revolutionary states and in so doing explains the limited success of efforts to consolidate state power at the national level during the early Republican period *Nations, Markets, and War* Nicholas Greenwood Onuf,Peter S. Onuf,2006 The limits of history Liberal society Civilized nations Moral persons Nation making Adam Smith moral historian National destinies War and peace in the New World The North and the nation The South and the nation **Le Concept de liberté au Canada à l'époque des Révolutions atlantiques (1776-1838)** Michel Ducharme,2009-12-01 Cet ouvrage revisite l histoire intellectuelle et politique canadienne entre la r volution am ricaine et les r bellions de 1837 1838 au Haut et au Bas Canada en la r int grant dans le cadre des R volutions atlantiques qui ont secou l Europe et l Am rique entre 1776 et 1838 Reposant sur un cadre th orique inspir des travaux des historiens intellectuels du monde atlantique il traite plus particuli rement de l importance du concept de libert dans le d veloppement de l tat dans les deux colonies Il d montre que ces derni res se sont d velopp s d s 1791 en suivant un id al de libert qui tout en tant diff rent de la libert l oeuvre au sein des mouvements r volutionnaires de la fin du XVIIIe si cle n en tait pas moins issu des Lumi res Il pr sente galement les r bellions de 1837 1838 comme tant en partie le r sultat d un affrontement entre deux concepts tr s diff rents de libert **The Vanguard of the Atlantic World** James E. Sanders,2014-10-03 In the nineteenth century Latin America was home to the majority of the world

s democratic republics Many historians have dismissed these political experiments as corrupt pantomimes of governments of Western Europe and the United States Challenging that perspective James E Sanders contends that Latin America in this period was a site of genuine political innovation and popular debate reflecting Latin Americans visions of modernity

Revolutionary Currents Nation Building In The Transatlantic World Introduction

Revolutionary Currents Nation Building In The Transatlantic World Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Revolutionary Currents Nation Building In The Transatlantic World Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Revolutionary Currents Nation Building In The Transatlantic World : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Revolutionary Currents Nation Building In The Transatlantic World : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Revolutionary Currents Nation Building In The Transatlantic World Offers a diverse range of free eBooks across various genres. Revolutionary Currents Nation Building In The Transatlantic World Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Revolutionary Currents Nation Building In The Transatlantic World Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Revolutionary Currents Nation Building In The Transatlantic World, especially related to Revolutionary Currents Nation Building In The Transatlantic World, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Revolutionary Currents Nation Building In The Transatlantic World, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Revolutionary Currents Nation Building In The Transatlantic World books or magazines might include. Look for these in online stores or libraries. Remember that while Revolutionary Currents Nation Building In The Transatlantic World, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Revolutionary Currents Nation Building In The Transatlantic World eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often

sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Revolutionary Currents Nation Building In The Transatlantic World full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Revolutionary Currents Nation Building In The Transatlantic World eBooks, including some popular titles.

FAQs About Revolutionary Currents Nation Building In The Transatlantic World Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Revolutionary Currents Nation Building In The Transatlantic World is one of the best book in our library for free trial. We provide copy of Revolutionary Currents Nation Building In The Transatlantic World in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Revolutionary Currents Nation Building In The Transatlantic World. Where to download Revolutionary Currents Nation Building In The Transatlantic World online for free? Are you looking for Revolutionary Currents Nation Building In The Transatlantic World PDF? This is definitely going to save you time and cash in something you should think about.
