Sea Wolves Frank Birkebæk, Charles Barren, 1975 *The Sea Wolves* Lars Brownworth, 2014-12-09 In AD 793 Norse warriors struck the English isle of Lindisfarne and laid waste to it Wave after wave of Norse sea wolves followed in search of plunder land or a glorious death in battle Much of the British Isles fell before their swords and the continental capitals of Paris and Aachen were sacked in turn Turning east they swept down the uncharted rivers of central Europe captured Kiev and clashed with mighty Constantinople the capital of the Byzantine Empire But there is more to the Viking story than brute force They were makers of law the term itself comes from an Old Norse word and they introduced a novel form of trial by jury to England They were also sophisticated merchants and explorers who settled Iceland founded Dublin and established a trading network that stretched from Baghdad to the coast of North America In *The Sea Wolves* Lars Brownworth brings to life this extraordinary Norse world of epic poets heroes and travellers through the stories of the great Viking figures Among others Leif the Lucky who discovered a new world Ragnar Lodbrok the scourge of France Eric Bloodaxe who ruled in York and the crafty Harald Hardrada illuminate the saga of the Viking age a time which has passed away and grown dark under the cover of night

Olaf the Glorious: A Story of the Viking Age Robert Leighton,1894-01-01 It happened in the beginning of the summer that Sigurd Erikson journeyed north into Esthonia to gather the king s taxes and tribute His business in due course brought him into a certain seaport that stood upon the shores of the great Gulf of Finland He was a very handsome man tall and strong with long fair hair and clear blue eyes There were many armed servants in his following for he was a person of great consequence and was held in high honour throughout the land He rode across the marketplace and there alighted from his horse and turned his eyes towards the sea Before him stretched the rippling sunlit bay with its wooded holms A fleet of fishing boats was putting out with the flood tide and some merchant vessels lay at anchor under shelter of the green headland Nearer to the strand a long dragonship with a tall gilded prow rising high above the deck tent was moored against a bank of hewn rock that served as a wharf At sight of the array of white shields along this vessel s bulwarks his eyes brightened for he knew that she was a viking ship from his own birth land in distant Norway and he was glad Not often did it chance that he could hold speech with the bold warriors of the fiords Close by the ship there was a noisy crowd of men and boys He strode nearer to them and heard the hoarse voices of the vikings calling out in loud praise of a feat that had been performed by someone in their midst Sigurd joined the crowd and saw a boy step out upon the vessel s narrow gangplank and there standing between the ship and the shore begin to throw a knife high up into the sunny air catching it as it fell It seemed that the lad was of good station for his clothing was of finely woven cloth and there was a gold neckband to his kirtle and his long black hair was well combed and curled Thrice he threw up his glittering knife high above his head and deftly caught it again But soon thinking perhaps to excel those who had gone before him he took a second knife from his belt and juggled with them both with such skill that the shipmen watching him from under the awning swore by the hammer of Thor that the feat could never be surpassed Well done well done they shouted And the boys on the bank cried out Well done Rekoni At this the youth put fuller strength into his arms and flung the knives yet higher into the air But his ambition for the praise of the warriors was greater than his caution for in reaching forward to catch one of the weapons he lost his balance and fell headlong into the deep green water beneath And as he swam to shore the vikings laughed aloud and some who had thought of giving him a reward put back their gold into their wallets and turned away Now very close to where Sigurd Erikson was there stood two boys whose close cropped hair and dress of coarse white vadmal showed them to be slaves One of them was a tall gaunt youth with pale thin cheeks and large sad eyes He was fair of skin and by this Sigurd

knew that he was not an Estonian His companion seemed about twelve winters old sturdy and broad backed with very fair hair His neck and bare strong arms were burnt by the sun to a ruddy brown Sigurd could not see his face and might not have noticed him had not the elder lad urged him forward bidding him step upon the plank and show his skill Not I said the younger with an impatient toss of his cropped head And he thrust his thumbs into his belt and drew back Too much have I already done in bidding Rekoni try the feat Well is it for me that he is not hurt by his fall into the sea else would his father s whip be about my back Even as the matter stands my master will surely stop my food for having left his sheep to stray upon the hills

In Distant Lands Lars Brownworth,2017-04-16 In the late fall of 1095 Pope Urban II gave a speech in Clermont France and set all of Europe into motion As many as a hundred and fifty thousand people eventually responded to the call leaving everything they knew behind to undertake what appeared to be a fool s mission marching several thousand miles into enemy territory to reconquer Jerusalem for Christendom Against all odds they succeeded creating a Christian outpost in the heart of the Islamic world that lasted for the better part of two centuries Perhaps no other period in history is as misunderstood as the Crusades and in this fast paced account bestselling author Lars Brownworth presents the entire story from the first clash of Christendom and Islam in the dusty sands of

Yarmouk to the fall of the last crusader state Along the way he introduces the reader to an exotic world peopled by mighty emperors doomed Templars grasping generals and ambitious peasants Some of the most famous names of the Middle Ages Richard the Lionheart Saladin Eleanor of Aquitaine and the legendary Prester John illuminate this era of splendor adventure and faith

The Rough, Stormy Age of Vikings James A. Corrick, 2011 Describes disgusting details about daily life in the Viking age including housing food and sanitation Provided by publisher [The Untold History of the Vikings](#) Martin J. Dougherty, 2016-07-15 Beginning in 789AD the Vikings raided monasteries sacked cities and invaded western Europe They looted and enslaved their enemies But that is only part of their story In long boats they discovered Iceland and America both by accident and also sailed up the Seine to Paris which they sacked They settled from Newfoundland to Russia founded Dublin and fought battles as far afield as the Caspian Sea A thousand years after their demise traces of the Vikings remain all the way from North America to Istanbul They traded walrus with Inuits brought Russian furs to Western Europe and took European slaves to Constantinople Their graves contain Arab silver Byzantine silks and Frankish weapons In this accessible book the whole narrative of the Viking story is examined from the eighth to the 11th century Arranged thematically Vikings A History of the Norse People examines the Norsemen from exploration to religion to trade to settlement to weaponry to kingdoms to their demise and legacy But today questions remain what prompted the first Viking raids What stopped their expansion And how much of the tales of murder rape and pillage is myth
