(Mis)Reading Different Cultures Yukari Takimoto Amos, Daniel Miles Amos, 2018-06-29 Teachers selection of the literature they use in instruction frequently depends on how they interpret in other words whether or not they accurately take in the authors perspectives This point presents a particular challenge in the selection of international literature International literature reflects a country s and a region s unique cultural values and practices and is usually not written for people outside the country of origin Therefore it is possible that readers in other countries may not understand be aware of those values and misinterpret the stories Since Asian and the Western countries including the U S hold maximum sociocultural differences and the perceived cultural distance has remained significantly wide reading and interpreting literature from Asia can present tremendous challenges to Americans The book addresses the challenges teachers face when interpreting and teaching with international children s literature from Asia The book engages readers with comprehensive coverage on theories concepts pitfalls and applications when endeavoring to use international children s literature from Asia in classrooms The book should be used to teach how interpretations worldviews vary by cultures and how power influences such interpretations worldviews Strategies and frameworks will be provided relating to how teachers can be more culturally conscious of their own biases and develop culturally authentic interpretations *More Christ, More Me* Eunice

Lee, 2021-10-15 Sometimes the beliefs about God we take for granted need to be left behind As a young adult a conflict with her parents forced Eunice Lee to confront and choose between two incompatible beliefs On the one hand obedience to God had always been synonymous with obedience to her parents But on the other God s authority was supreme and now she felt God guiding her to act contrary to her parents wishes This collision left Eunice confused depressed and questioning what she knew about God She fell into toxic exhausting cycles while serving in the church unable to understand why doing everything right left her depleted and guilt ridden Where was the abundant life God had promised Little did she know how much her paradigm for faithful Christian living came from influences inconsistent with the voice of God even within the church Slowly eventually God led Eunice toward a more robust theology She deconstructed faulty old narratives and built new ones that propelled her toward a healthier self more balanced relationships and a freeing faith one more closely aligned with God s intentions Eunice offers her story because she believes that God wants this for you too
